OCTOBER 10, 2021

**BIGKISANG UPLB AT ALUMNI PARA SA MATAGUMPAY  
NA PAGBANGON MULA SA PANDEMYA**

## ABOUT THE COVER

The artwork in the cover is an interpretation of the theme of the 2021 UPLB Alumni Homecoming:

**Bigkisang UPLB at Alumni para sa matagumpay na pagbangon mula sa pandemya**

The artwork features two main elements: the farmer (including foresters) and the medical worker. These symbolize the needed cooperation between the two main players in the national effort to recover from the on-going pandemic. The Golden Jubilarians on this year's homecoming are mostly from the agriculture and forestry fields; thus they can be imagined as the farmer in this artwork, along with other alumni of UPLB. On the other hand, the medical worker can be imagined as UPLB, since it is the university's commitment to provide support for farm recovery from the pandemic. In the background is the SARS-Cov-2 virus (the causal agent of COVID-19), which is shown as small circles representing 11 alumni associations and colleges enclosing the alumni logo and the Oblation. The flame inside the circle represents the fire of commitment for the alumni and UPLB to collaborate.

A symbiotic relationship occurs with the farmers and foresters led by Class 71 helping to raise funds for the flagging UHS infirmary, in this manner helping UPLB recover from the pandemic. This is seen in the farmer harvesting his crop as an offering to this effort.

Cover Design and Layout Artist: Paul Joshua A. Robel

University *of the* Philippines  
OFFICE OF THE PRESIDENT

## MESSAGE FROM THE PRESIDENT

Congratulations to our cherished UP Los Baños alumni on the celebration of UPLB’s 103<sup>rd</sup> Loyalty Day, Grand Alumni Homecoming, and the Class of 1971’s Golden Anniversary!

I would like to especially recognize the efforts of the UPLB Alumni Association and all our Jubilarians to ensure this special occasion pushes through, albeit virtually for the second straight year, amid these still uncertain and very challenging times.

When COVID-19 broke out last year, our lives and our world suddenly changed. We continue to soldier on through the changes and hurdles this pandemic has thrown our way. It is the resilient human spirit—the strength that we continue to pull from within ourselves—that keeps us going, full of determination and hope that we will one day wake up to a safe, pandemic-free world.

When we commemorate Loyalty Day, we go back to that fateful day in 1918, when our 193 students and 27 faculty members enlisted on October 10 to serve in the Philippine National Guard. Resolute and unhesitating, their courageous spirit emerged through the chaos of war. We remember them. We celebrate their bravery.

As we gather to touch base with the University and our fellow alumni, let us be inspired by the legacy of Loyalty Day. Let us take stock of what we have done in the face of our current trials, as individuals and as a community, wherever we are in the world. I know that the spirit of volunteerism that shone so bright 103 years ago continues to guide all of you. It continues to define you because you are from UPLB. You are unwavering in your commitment to serve because you are from UP.

The University takes great pride in all your contributions to ease the burdens brought about by this pandemic on our fellow Filipinos and the rest of humanity. Whatever form your generosity of time, expertise, skill, talent, and resources may have taken, we know that it comes from a sincere desire to serve.

Ang “Bigkisang UPLB at Alumni para sa Matagumpay na Pagbangon Mula sa Pandemya” ang paghuhugutan natin ng karagdagang lakas ng loob. Ang ating pagsasama-sama at pagbubuklod-buklod sa panahong ito—sa mundong walang katiyakan, sa mundong tila nababalot pa rin ng kadiliman—ang magsisilbing sulo sa ating patuloy na paglalakbay tungo sa mas maaliwalas na bukas. Ang mga damdaming pinagkaisa ng matinding hangarin ang siyang magpapatibay sa ating pag-ahon mula sa mga pagsubok ng pandemyang COVID-19. Malalampasan natin ito.

Mabuhay kayo, aming mahal na alumni! Magkikita rin tayong muli!

## MESSAGE

My warmest greetings to the 2021 Golden Jubilarians and all Alumni of the University of the Philippines Los Baños, specially the members of the UPLB Alumni Association (UPLBAA), on the occasion of your 103rd Loyalty Day, 50<sup>th</sup> Anniversary of UPLB Class 1971, and this year's Grand Alumni Homecoming.

Your theme for this latest annual celebration – “*Bigkisang UPLB at Alumni para sa Matagumpay na Pagbangon Mula sa Pandemya*” – is most appropriate and timely in the face of the challenges that we must overcome due to the global menace afflicting mankind today – the COVID-19 virus.

On a brighter note, our generation is better prepared in that a deadlier scourge – the influenza pandemic of the early twentieth century – had struck an unwary previous generation, taking more lives than the First World War that preceded it. Thus, we are now in more ways better able to deal with viral outbreaks, though the deadliness of the present pandemic is no less alarming.

It is my hope that through your alumni reunion, albeit online, but with some of the country's finest minds in the sciences in attendance, ideas on how to better cope with and consequently rise from the rubble of the current crisis, will crystallize for the benefit of the nation and, perhaps, even the world at large.

Congratulations to the celebrants, organizers, and participants of this grand gathering. I wish all of you a fruitful, enjoyable, and memorable milestone event!

  
REYNALDO C. LASERNA  
President and Alumni Regent

University of the Philippines  
**LOS BAÑOS**

OFFICE OF THE CHANCELLOR

**MESSAGE**

Happy 103<sup>rd</sup> Loyalty Day!

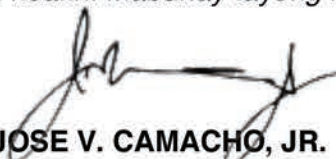

The University of the Philippines Los Baños has always valued its alumni. Aside from being important partners of the University, alumni are bearers of UPLB's tradition of honor, excellence, and service. You inspire our students and younger alumni to become as accomplished and as benevolent as you are. It is through alumni like you that the UPLB spirit endures.

Although the current pandemic prevents us from celebrating Loyalty Day as we usually do, it is heartening to see that we have found ways to keep this tradition alive. With the theme "*Bigkisang UPLB at Alumni Para sa Matagumpay na Pagbangon Mula sa Pandemya*," this year's Loyalty Day calls for an even stronger UPLB-Alumni alliance so that we can brave the challenges of this global crisis.

As UPLB's staunch partners, I encourage our alumni from all over the world to actively take part in the University's endeavors toward achieving a future-proof UPLB. Currently, we have various programs to support our students amid flexible, remote learning; to rehabilitate the iconic buildings in the campus; and to build new facilities for a meaningful learning experience. These programs could become even stronger with your presence.

I urge you to reconnect once again to the University, through the UPLB Office of Alumni Relations (OAR), the UPLB Alumni Association, Inc. (UPLBAA), or your respective college alumni association. Let us continue to become active members of the UPLB community.

Thank you and may we always be in our best health. *Mabuhay tayong lahat!*

**MESSAGE**

My warmest greetings on the occasion of the 103<sup>rd</sup> UPLB Loyalty Day and UPLB Alumni Homecoming with the theme” Bigkisang UPLB at Alumni para sa Matagumpay na Pagbangon Mula sa Pandemya.”

We have so much to celebrate. Life, time, and daily provisions. This pandemic has given us time to appreciate life and be grateful for everyday provisions that come our way.

I congratulate the UPLB Alumni Association (UPLBAA) thru the leadership of Captain Mauro W. Barradas for spearheading this year’s celebration. The event is more than just a gathering of UPLB alumni, it is a testament of the university’s role as the leading proponent of academic excellence and academic freedom.

On this happy occasion, I enjoy all UPLB alumni to remain as partners in future-proofing our university and help achieve our goals.

Padayon!

## MESSAGE

On behalf of the University of the Philippines Los Baños Alumni Association (UPLBAA), I want to express my sincere gratitude to the UPLB alumni, the UPLB administration, and to everyone who are joining us in celebration of the 103rd UPLB Loyalty Day.

The Loyalty Day is unique to UPLB and has always been a time of festivities for the University and its alumni where many of us get to meet with old friends and celebrate life.

Sadly, the pandemic has made it difficult for us to carry on “business as usual” and perhaps for many it has also been a year of many losses. With these challenges, a celebration may not be the first thing that comes to mind as a response, nevertheless, it gives us an opportunity to look back and reassess what we have done to make it thus far.

With the theme, “Bigkisang UPLB at Alumni para sa Matagumpay na Pagbangon Mula sa Pandemya” we recognize that collaboration between UPLB and the alumni can produce sterling results, even in adversity. In the events of the pandemic, we have heard stories of alumni who have continued to serve in their various capacities, a reminder of the selflessness and service demonstrated by the men and women of the UP College of Agriculture in 1918.

Today, we see the work cut out for us as the country continues to brave the challenges of the pandemic and ensure a better future in the aftermath. While these times remain uncertain, we will continue to push onward in solidarity, still rooted to our foundations in the University, proving every step of the way that together, we are stronger.

Mabuhay ang UPLB! Mabuhay ang UPLB alumni!

**CAPT. MAURO W. BARRADAS**  
UPLBAA President

# MESSAGE

Magandang araw sa ating lahat. Isang karangalan ang maging bahagi ng masayang triple celebration na ito – ang ika-103 taong Loyalty Day ng University of the Philippines Los Baños, Golden Anniversary ng UPLB Class 1971 at Grand Alumni Homecoming na may temang “ Bigkisang UPLB at Alumni para sa Matagumpay na Pagbangon Mula sa Pandemya.”

Matindi pa rin ang laban natin sa pandemya dahil sa mga bagong variant na naglalabasan tulad ng delta variant. Malaking hamon ito sa lokal na pamahalaan dahil sa ating limitadong resources. Hindi natin kakayanin na magbigay ng ayuda in kind at in cash. Kaya natin ang mamigay ng bigas at grocery items, subalit ang pera ay hindi kakayanin dahil bilyon ang kakailanganin natin. Dito namin kailangan ang tulong ng mga pribadong grupo’t organisasyon tulad ng UPLB at mga Alumni nito. Mabigat na suliranin ang pandemya at kailangang pagtutungan ng lahat. Ang pagkakaisa’t kolaborasyon ng UPLB bilang institusyon at mga Alumni nito ay malaki ang maiaambagsa makabuluhan at angkop na solusyon upang matuldukan ang paglaki ng bilang ng mga biktima ng Covid o delta variant at maibsan ang pighati’t paghihirap ng maraming kababayan natin na pinalala ng pandemya. Kayo ang magandang halimbawa ng kapatirang pinagbigkis upang tugunan ang matinding pangangailangan ng bayan. Yan ang uri ng mga samahan na kailangan natin sa labang ito.

Hangad ko na patuloy namin kayo na maging kaagapay sa tahasang pagpapatupad ng mga IATF guidelines at public health protocols sa komunidad; gayundin ang pagsagawa ng mga makabuluhang inisyatiba tulad ng community pantry o pamamahagi ng bigas/goods sa inyong lugar; pagsagawa ng community vegetable garden o backyard farming para sa libreng pagkain ng mahihirap na pamilya sa lugar; at iba pa. Maraming paraan para makatulong, ang mahalaga ngayon ay magkaisa’t kumilos tayo upang tugunan ang pangangailangan ng bayan. Dahil tunay na nasapagkakaisa ang lakas, at nasa pagkilos ang tagumpay. Maraming salamat. Rise High UPLB Alumni Class 1971! Rise High UPLB!

## **MENSAHE**

Magandang Araw!

Ang Pamahalaang Bayan ng Los Banos ay bumabati at nakikisaya sa selebrasyon ng 103<sup>rd</sup> Loyalty Day ng UPLB, UPLB Class 1971 Golden Anniversary at sa inyong Grand Alumni Homecoming, na may temang, “Bigkisang UPLB at Alumni para sa matagumpay na Pagbangon mula sa Pandemya.” Mapalad pa din tayo, na kahit sa ganitong sitwasyon, tayo ay nasa modernong panahon at patuloy na nagiging maparaan para maisakatuparan ang mga ganitong pagdiriwang. Malaki man ang naging epekto ng pandemya sa ating bansa, sa buong mundo maging sa bawat isa ngunit hindi rin naman matatawaran ang ating kakayahang bumangon at patuloy na lumaban sa buhay.

Ang magandang ugnayan, pakikipagkapit-bisig at pagtanaw sa pinanggalingan ay mga katangian sa isang matatag na samahan. Sa kahit ano mang sitwasyon ang dumating, meron tayong mga kasamahan na ating karamay at katuwang para sa magandang buhay.

Ang ganitong gawain ay nagsisimbolo ng magandang samahan at masaganang bunga ng pag-aaral, pakikipagkapwa-tao at sa katagumpayan ng bawat isa sa inyong larangan.

Kaya naman, ako ay bumabati at nakikiisa sa inyong tagumpay. Muli, saludo ako sa inyong natatanging kontribusyon sa ating bayan.

Isang pagkilala sa mga Iskolar ng Bayan at Mabuhay kayo!

Pagpalain tayo ng ating Panginoon.

  
**ANTONIO L. KALAW**  
Municipal Mayor

# University of the Philippines Los Baños Loyalty Day Steering Committee

## MESSAGE

Maligayang pagbati sa lahat ng jubilarian sa UPLB. Bilang naatasan ng Class '71 na mamuno sa pagdiriwang ng ika-isandaan at tatlong (103) taon ng katapatan ng mga nagsipagtapos sa UPLB, malugod naming ipinaaabot sa bawat isa ang aming taos-pusong pagbati at pasasalamat sa lahat ng tumulong upang matagumpay nating maisagawa ang pagdiriwang na ito sa kabila ng pandemya.

Ang paksa sa taong ito, “Bigkisang UPLB at Alumni para sa Matagumpay na Pagbangon Mula sa Pandemya” ay napapanahon sa mga nangyayari sa ating kapaligiran, hindi lamang sa Pilipinas kundi sa buong mundo. Sa nakaraang labing walong (18) buwan naging matatag tayo at naipakita natin ang ating pagmamahal hindi lamang sa pamilya, maging sa lahat ng mas higit na nangangailangan. Naipakita rin natin ang katatagan ng ating mga kababayan na sa kabila ng anumang pagsubok ay naroon ang pananalig na malalampasan ang mga ito sa tulong at gabay ng ating Poong Maykapal.

Nakakatuwang isipin na dahil sa talaan ng Class'71 na ipinadala sa e-mail ni Mr. Floro Francisco noong 14 ng Mayo 2021, nalaman ko na kabilang pala ako sa Class'71 at hindi sa Class '72. Ngayon ay magkakaroon na ng kautusan ang Pamantasan ng Pilipinas sa lahat ng sangay nito, para maliwanag at maiwasan ang kalituhan kung saang klase o batch nabibilang ang isang nagtapos.

Naging mabilis ang pakikipag-ugnayan sa bawat isa at ito ang mabuting naidulot ng pandemya. Sa katunayan, noong 5 ng Hunyo 2021, nagkaroon ng unang pagpupulong at pag-uusap ang mga magkakamagaral sa pamamagitan ng Zoom, makalipas ang limampung (50) taon. Kasama ang mga kamag-aral na nasa ibang bansa, nakapagbalangkas ng mga dapat gawin ang Class '71 para sa naturang pagdiriwang. Kahit maikli ang panahon ng paghahanda (Hunyo - Setyembre, 2021), sa tulong at pagsasanib-pwersa ng UPLB, sa pangunguna ni Chancellor Jose V. Camacho Jr., UPLBAA sa pamumuno nina Mr. Leo Ballefin at Captain Manuel Baradas at mga bumubuo ng pangunahing lupon ng pagdiriwang, matagumpay nating nakamit ang ating adhikain. Mapapalad tayo na nagkita-kita, kahit hindi harapan at walang yakapan, na narito pa rin tayo, malakas ang katawan at may malinaw pang kaisipan dahil sa biyaya ng Panginoon.

Sa lahat ng buong pusong nagbigay ng tulong pinansiyal para suportahan ang mga proyekto tulad ng pagdaragdag ng mga pasilidad ng University Health Services (UHS) laban sa pandemya at makatulong sa pagpapagawa ng Men's Dorm, ipinaaabot ng Class'71 ang walang hanggang pasasalamat. Dahil sa inyo, nagkaroon kami ng magandang pagkakataon na makatulong at mag-iwan ng makabuluhang ala-ala sa UPLB, kahit sa maliit na paraan.

Sa pagtatapos, lagi nating isaisip na kahit magkakalayo man tayo, kung saan-saan mang bahagi ng mundo, ang kusang-loob na pagtulong natin sa nangangailangan, kapag pinagsama-sama, ay maaaring magpabago ng katayuan sa buhay ng iba nating kababayan. Sama-sama nating labanan ang pandemya.

Pagpalain nawa tayo ng Diyos.

Maraming Salamat at Mabuhay!

  
**ROSALINA M. LAPITAN**  
1971 Golden Jubilarians Overall Chair

# THE UPLB ALUMNI AWARDS

EVERY YEAR DURING THE TRADITIONAL ALUMNI FELLOWSHIP/AWARDS NIGHT, SEVERAL AWARDS ARE GIVEN TO RECOGNIZE OUTSTANDING PERFORMANCE BY UPLB ALUMNI.

# THE UPLBAA PRESIDENTIAL AWARD

**THIS AWARD IS GIVEN TO ALUMNI OF UPLB WHO HAVE DEVOTED THEIR LIVES IN THE PURSUIT OF EXCELLENCE IN THEIR RESPECTIVE FIELDS, WHO HAVE ACHIEVED DISTINCTION IN MULTIPLE PROFESSIONAL FIELDS OR MADE GREATER QUALITATIVE OR QUANTITATIVE IMPACT AND SIGNIFICANTLY STAND OUT AMONG THE OUTSTANDING ALUMNI AWARDEES SELECTED FOR THE YEAR**

## WEERAPON THONGMA, PHD

PHD EXTENSION EDUCATION '01

In recognition of his varied contributions in the field of Higher Education Management while steering Maejo University in Chiang Mai, Thailand as its President. He elevated the level of research in Thailand's oldest agricultural institution as exemplified by his bold move to propagate *Cannabis* cultivation and its potentials as an ingredient in medical research.

As president of the Asian Association of Agricultural Colleges and Universities, he catalyzed the multi-dimensional collaborative undertakings among the higher learning institutions in the region. He promoted inter-country efforts in regional tourism while heading the Asian Tourism Management Association. As president of the UPLB Alumni Association (Thailand Chapter), he is credited for keeping the Los Baños Spirit alive in the hearts and minds of his compatriots.

# NELIA T. GONZALEZ SERVICE AWARD

THIS AWARD IS NAMED AFTER ONE OF THE MOST DISTINGUISHED UPLB ALUMNI WHO HAS SERVED THE ASSOCIATION AS PRESIDENT FOR 13 YEARS. IT IS GIVEN TO AN ALUMNUS OF UPLB FOR OUTSTANDING SERVICES IN FURTHERING THE CAUSE OF THE ALUMNI OF THE UNIVERSITY. A TROPHY IN THE IMAGE OF THE UPLB CARILLON IS GIVEN TO THE AWARDEE BY REGENT NELIA T. GONZALEZ AND THE UPLBAA PRESIDENT DURING THE AWARDS/FELLOWSHIP NIGHT. THE SELECTION OF THE AWARDEE IS DONE BY A UPLBAA AWARDS COMMITTEE.

**FOR. LEO R. BALLESFIN****CERTIFICATE IN FORESTRY '81  
BS FORESTRY '84**

For his strong commitment to the cause of alumni affairs, serving as president of the UPLB Alumni Association (UPLBAA) from Jan 2016 to July 2021. A first from the College of Forestry and Natural Resources (CFNR) to hold this coveted position of the 39-year-old federation of alumni associations.

His extensive experience and determination to undertake some of the UP Alumni Association (UPAA), UPLBAA and CFNR projects to fruition. His outstanding track records in corporate operational management which led to exemplary performance in rural development, poverty alleviation and microfinance.

For. Ballesfin's motivating forces and reliable leadership in undertaking or leading some of the projects for the alumni in various capacities and his unconditional concern and devotion for alumni's welfare and its noble causes.

# THE OUTSTANDING UPLB ALUMNI AWARD

**THIS AWARD WAS CONCEIVED IN 2003 AND IS GIVEN TO ALUMNI OF UPLB WHO HAVE TRANSCENDED THEIR DISCIPLINARY EXPERTISE AND HAVE SHOWN OUTSTANDING PERFORMANCE IN ADDRESSING CONTEMPORARY ISSUES SUCH AS POVERTY ALLEVIATION, ENVIRONMENT, GOOD GOVERNANCE, ECOLOGICAL CONSERVATION, AND THE LIKE. A SPECIALLY DESIGNED TROPHY IN THE IMAGE OF MARIA MAKILING IS GIVEN TO THE AWARDEES. A COMMITTEE CHAIRED BY THE UPLBAA PRESIDENT WITH THE PRESIDENTS OF OF THE COLLEGE ALUMNI ASSOCIATIONS IS IN CHARGE OF THE SELECTION PROCESS.**

## LEMNUEL V. ARAGONES, PHD

BS ZOOLOGY '86

### MARINE MAMMAL RESEARCH AND CONSERVATION & ENVIRONMENTAL SCIENCE

Lemnuel V. Aragonés has excelled in the research and conservation of marine mammals in the Philippines, including their habitats and our environment, in general. He dedicates his life's works for the advancement of learning and protection of not just marine ecosystems but the entire environment of the Philippines. He has been recognized for his excellence and service that have a strong impact in the aspects of instruction, research and extension in the field of Marine Mammal and Environmental Sciences. In 2001, he was awarded the Outstanding Young Scientist by the NAST of DOST for Marine Zoology particularly for his contributions on dugong and sea turtle research. A combination of his academic and extension is epitomized through the Philippine Marine Mammal Stranding Network Inc (PMMSN), which he helped organize in 2005. In 2014, he developed the Marine Mammal Research & Stranding Laboratory at the Institute of Environmental Science & Meteorology (IESM), the research arm of the PMMSN. His works on marine mammals in the Philippines apart from strandings, include small cetaceans in Tañon Strait and dugongs in Calawit Island, Busuanga. He led IESM as Director from 2015 to 2021 in which, he was able to facilitate the attainment of Php 2.2 billion research funding and production of 204 publications. In addition, his public service is extended in his membership to key organizations: IUCN Species Survival Commission group – Sirenian Specialist Group; Chair, TWG for Meteorology of CHED's Science and Math Technical Panel; President, Philippine Environmental Science Association (2016-2019); President, Asian Marine Mammal Stranding Network (AMMSN); Board of Advisor for C3 - Philippines; and co-convenor of the Bantay Kabuhayan Inc. He had combined science, policy work and working with various sectors of Philippine society and the international community to undertake biodiversity conservation and environmental science work in the country and around the world. He is currently a Professor at IESM of the College of Science at UP Diliman.

**REYNALDO P. BANTUG**  
BS AGRICULTURAL BUSINESS '74

**ENERGY ECONOMICS  
AND ENTREPRENEURSHIP**

For his significant contribution in promoting economic growth and poverty reduction as an entrepreneur which cuts across multiple industries: the sugar industry, real estate, renewable energy, gaming, amusement park and tourism industry; for his vision and perseverance in exploring new grounds and testing new concepts which generated employment and created development opportunities in the areas he operated in; for championing the causes of sugarcane farmers and workers by fighting for good governance; for being instrumental in crafting national sugar policies as Chairman of CONFED Panay-Negros Chapter, National President of Confederation of Sugar Producers Association, Inc., and member of the Sugar Alliance of the Philippines and for following a philosophy of triple bottom line: returns to shareholders, welfare of the company employees, and responsibility to the community and the environment.

# MARIA THERESA M. GENDRANO-QUIÑONES

BS HUMAN ECOLOGY '82  
MM DEVELOPMENT MANAGEMENT '08

**INTERNATIONAL DEVELOPMENT  
MANAGEMENT AND COOPERATION**

For her almost 40 years of doing rural development work that have benefited and empowered the marginalized sectors of society through tenurial security (land titles), improved agricultural productivity and income, access to market and basic support services, enhance technical know-how on good agricultural practices (GAP farming), improved cropping intensity, better governance through transparent procurement and financial management systems; and organized and empowered peoples organizations, community associations, cooperatives and self-help groups.

With a background in Human Ecology and Development Management, she served as an instrument for development undertakings and innovations to reach the poorest of the poor and those with less opportunities and resources. She has received awards for her outstanding services with the Australian Government's bilateral aid programs for the Philippines and with the World Bank in the sectors of rural development, agriculture and food, agrarian reform, land administration and management, post-conflict, and irrigation sectors not only in the Philippines, but also in Cambodia, Lao PDR, Myanmar, East Timor, and Indonesia.

**FRANCISCO D.  
GORREZ, JR., PHD**  
BS AGRICULTURE '55

## INTERNATIONAL AGRICULTURE

In recognition of his work as agronomist, extension specialist and project manager to national and international development funded agricultural projects in Asia, Central America and the Solomon Islands. Funding agencies include national governments as well as the World Bank and the UN-FAO. His work focused on management of diverse programs with farmers, cooperatives, technicians, government agencies, private and public sector organizations as recipients. He designed, planned, managed and supervised sustainable agroforestry farming systems project, extension services and training programs, fruit trees, cereal crops, rice production in both irrigated and upland rain fed zones, adaptive research, soil conservation, marketing and farmers' organization.

**CRISANTO S.  
GUALBERTO II**  
BS AGRICULTURE '62

**AGRIPRENEURSHIP  
FOR COMMUNITY DEVELOPMENT**

For his extraordinary achievements in agricultural business ventures that not only protected the environment but also provided livelihood to many Batanguenos. His vast coconut plantation served as a testing ground for the application of knowledge he had learned from UPCA; through training at work, close interaction with business colleagues, and keen analysis of social realities as they impact on the lives of common people and rural communities, lay the firm foundation of a socially relevant business enterprise. His “Hub and Spokes” business model aims to bring jobs to the people at the farm. In addition, he is untiring in his effort to revive the Liberica “Barako” coffee in Batangas involving government agencies, academe and private industries.

BS SUGAR TECH '77  
MS PLANT BREEDING '85  
PHD PLANT BREEDING '93

**VEGETABLE CROPS BREEDING**

For his exceptional research achievements that resulted in the development of more than 60 vegetables, vegetable legumes and other stop gap varieties which are being used by thousands of Filipino vegetable farmers today. To ensure wide dissemination and utilization of varieties developed by the Institute of Plant Breeding, he unselfishly shared his knowledge and technical advice to small farmers through trainings, seminars and personal visits. He is a pioneer, leading advocate and practitioner of breeding for organic farming in the Philippines. His accomplishments did not go unnoticed; the Civil Service Commission conferred on him the rank of Scientific Career Scientist 1 in 2013. In addition, he is proclaimed as the most prolific plant breeder in the country today by his fellow plant breeders.

**AGUSTIN B. MOLINA, PHD**  
**BS AGRICULTURE '73**  
**MS PLANT PATHOLOGY '79**

## **BANANA RESEARCH AND DEVELOPMENT**

For his outstanding accomplishments as expert in banana diseases and banana production systems acclaimed by the banana research community and sought after by the industry in the Philippines, Asia, and the world. As a regional coordinator of the Banana Asia Pacific Network, he contributed to the direction and impact of banana R&D in Asia and the Pacific, in general, and in the Philippines in particular. He led public-industry collaborative research programs that developed technology to mitigate the dreaded Fusarium wilt of banana that was threatening the worldwide Cavendish banana industry including that of the Philippines. In Asia, he forged productive collaborations with regional NARS partners and actively led research and management of Foc TR4 through the development, sharing, and use of resistant varieties for evaluation and adoption.

## **DR. REILDRIN G. MORALES** DOCTOR OF VETERINARY MEDICINE '97

### **GOVERNMENT SERVICE AND VETERINARY PRACTICE**

For assisting in the control of numerous livestock diseases and promoting animal welfare while serving in various capacities at the Bureau of Animal Industry, Department of Agriculture from 2004 to present. He headed the Animal Health Division, served as National Coordinator of the National Control and Eradication Program on FMD and the Bird Flu Prevention Task Force, Executive Director of the National Meat Inspection Service, Officer-in-Charge of the Bureau of Animal Industry and is designated as the Chief Veterinary Officer (CVO) representing the Philippines at the Office International des Epizooties (OIE) of the World Organization for Animal Health.

**CHRISTOPHER S.  
PASTRANA**  
BS AGRIBUSINESS MANAGEMENT '87

## CORPORATE GOVERNANCE

For his dedicated and exemplary service in the Philippine Maritime Industry by providing a better way for Filipinos to travel and transport their goods across the country; for his sterling leadership as President/CEO of eight companies under the CAPP group of companies; for his unwavering passion in uplifting the lives of the Filipino farmers through training collaborations that aimed for improved productivity and sustainable farm practices; and in taking part in coastal clean-up and mangrove planting.

**GABRIEL O. ROMERO, PHD**  
**BS BIOLOGY '83**  
**MS GENETICS '89**

**GENETICS RESOURCES  
 CONSERVATION AND CROP  
 BIOTECHNOLOGY**

Dr. Gabriel Romero has greatly contributed to the advancement of agriculture in the country as a crop biotechnologist and seedsman. His achievements in research & development, policy, and advocacy are quite notable and deserving of recognition. During his stint in the public sector at the Philippine Rice Research Institute, he was a steadfast vanguard of rice generic resources and a staunch stalwart of rice molecular genetics. He reorganized the gene bank as a distinct unit in PhilRice and streamlined its operations up to international standards. In rice genetics, his major outputs include the cloning and characterization of the rice glucanase gene family, and the molecular mapping of tungro resistance, leading to the development of rice elite lines with disease and insect resistance for yield stability. As the DA Crop Biotech Center Director based in PhilRice, he institutionalized research fellowships for PhD students and new PhD graduates working on various crops and prepared the initial plans for the establishment of a new facility for the center. In the private sector, he championed biotech corn product development and stewardship. He coordinated the joint industry and government investigation into the proliferation of low quality, counterfeit biotech corn seeds, and to this day rallies around the mitigation steps to curb the growing menace of intellectual property infringements in the seed industry. He spearheaded the campaign with the government on the imposition of refuge requirement for commercial Bt corn stewardship. With this policy enforced, Bt corn technology continues to be efficacious against corn borer despite the nearly 90% adoption in yellow corn areas. Thus, more than 400,000 corn farmers sustainably reap the benefits from biotech corn as a result of the strong stewardship program. Furthermore, Dr. Romero has been an indefatigable advocate of biotechnology and the seed industry sector, extolling the safety and benefits of GM crops, as well as the advantages of a strong formal seed sector to the academe, legislators, farmers and regulators in PH and Pan Pacific for more than two decades. He is also one of the dynamic leaders in the plant science community and seed industry elevating partnerships with government and various stakeholders in food and nutrition security. He fostered stronger private sector bonds with the plant science professional societies and bannered the importance of crop biotechnology with the nutrition community. In the past four years, Dr. Romero has been the leading light in plant breeding innovations among various stakeholders including researchers and policy makers. He demonstrated astute leadership and unwavering dedication as a crop biotechnologist, producing impactful accomplishments worthy of the prestigious UPLB Outstanding Alumni Award.

**DR. BEN C. VALDEZ**  
BS SUGAR TECHNOLOGY '79

## CANCER RESEARCH

A BS Sugar Technology graduate (1979), cum laude, and a Professor in the Department of Stem Cell Transplantation & Cellular Therapy, The University of Texas MD Anderson Cancer Center (UTMDACC), Houston, Texas, Dr. Benigno C. Valdez is part of the group that conceptualized pretransplant immunosuppression (PTIS), a major factor to the success of haploidentical transplantation for genetic diseases thalassemia and sickle-cell disease, where 97% four-year survival in children, is obtained. He worked out the experimental background on how to fortify the PTIS, and make it possible to transplant highly allo-immunized patients without having to worry about graft failure. This PTIS concept is incorporated into a multicenter program for transplantation of patients with genetic diseases, slated for the third quarter of 2021 in UTMDACC (No. 1 in cancer care based on 2020 U.S. News and World Report's "Best Hospitals"; and one of the nation's top two cancer hospitals since the 1990 survey). He led the team that deciphered the function of treacle protein encoded by the TCOF gene, which is mutated in patients with Treacher-Collins syndrome, a craniofacial deformity. His current research focuses on mechanism-based optimization of the pre-transplant regimen for blood cancer patients undergoing hematopoietic stem cell transplantation (HSCT). As an expert in his field, he contributed a chapter on the pharmacological basis for high-dose chemotherapy to the 5th Edition of Thomas' Hematopoietic Cell Transplantation (2016), a popular textbook in HSCT. At least 23 clinical trials on HSCT were based on his pre-clinical research data at UT MDACC. Some of the clinical trials have been completed and indicated significant improvement in overall survival of patients who had HSCT compared with the standard of care pre-transplant regimen. One of his publications was featured on the cover of Human Molecular Genetics. World - renowned in cancer research, he has chaired/co-chaired 8 sessions; presented 21 lectures in international conferences; an active Editorial Board member of 9 journals; a reviewer for 62 journals; and principal/co-investigator of 7 research projects. He was a keynote speaker at the 2018 Suzhou-China Hematology Summit and discussed "Mechanism-based optimization of the conditioning regimen for HSCT". Credited to him and his team are 15 patents in the USA and in some European countries (Zydus Worldwide DMCC signed license for a novel solubilization technology for cancer drug busulfan and triazole antifungal agents); 94 peer-reviewed original research articles (and 1 under review); 3 invited articles and book chapters; 22 abstracts (2014-2021 only). He was the recipient of the Ambassador Benedicto Medal of Excellence in Sugar Technology and the Joaquin Gonzales Medal of Excellence (highest GPA in UPCA); obtained PhD degree in Biochemistry and Molecular Biology, from Louisiana State University; and awarded the Robert Scott and Louise Pierce Allen Award for outstanding graduate student. His post-doctoral training was at Baylor College of Medicine (BCM), Houston, Texas; and started his research laboratory as an Assistant Professor. At BCM, he received the National Institutes of Health Shannon Award to conduct cancer research. In 2005; he transferred to UT MDACC to involve in a more translational research. He was awarded the 2020 UPLB CEAT Distinguished Alumni Award.

# THE OUTSTANDING GOLDEN JUBILARIAN AWARD

**THIS AWARD IS GIVEN TO A GOLDEN JUBILARIAN WHO HAVE DEMONSTRATED, IN THEIR CHOSEN FIELD OF ENDEAVOR, EXCEPTIONAL ACHIEVEMENTS, AND OUTSTANDING CONTRIBUTIONS THAT BRING OUT SUBSTANTIAL BENEFITS TO THE SOCIETY AND DISTINCT HONOR TO THEIR CLASS OR COLLEGE AND THE UNIVERSITY**

# RAYMUNDO M. ALMARIO

**BS AGRICULTURAL ECONOMICS '71**

For his untiring efforts and commitment to serve the community through various organizations including the Land Bank of the Philippines (LBP);

For his outstanding achievements as a banker, first as an assistant branch manager, rising through the ranks to become First Vice-President of LBP's Visayas Branch Banking group;

For his continuing commitment to promote Agriculture in the country by engaging in animal and orchard production and volunteering his services to champion agricultural modernization, beyond retirement ;

For embodying through words and deeds the values of a UPLB education – honoring excellence and public service throughout his life and career;

For accepting the challenges of leadership by volunteering to co-chair the Golden Jubilarian's Finance Committee;

For these and many more, the Golden Jubilarian Class (1971) is proud to call Raymundo Maniago Almario as one of its own.

## **CANDIDA BERNABE-ADALLA, PHD**

**BS AGRICULTURE (ENTOMOLOGY) '71  
MS ENTOMOLOGY '74  
PHD ENTOMOLOGY '81**

For serving with distinction as the first woman dean of the College of Agriculture, introducing innovations and structural changes to improve the efficiency and effectiveness of the College's various programs to address changing needs of the University's clientele;

For conceptualizing, implementing and managing the first College of Agriculture Agri Park to promote the science and art of Agriculture, and for revising and instituting new degree programs that better address the needs of the times;

For her commitment to help farmers and other government institutions, notably the Philippine Department of Agriculture on matters related to her expertise – Insect Resistance Management;

For continuing to reach out to the agricultural community through research and public service using various forms of media – radio and television – to share valuable information and knowledge that will improve agricultural practices;

For helping promote the rights and causes of women through the undertaking of gender-responsive research and gender-sensitive training modules;

For honoring the values and legacy of a UP Los Banos education – honor, excellence and service;

For these and many more, the Golden Jubilarian Class (1971) is proud to call Candida Bernabe Adalla as one of its own.

## DR. ARELYNE BUSTRILLOS PACHO-RAMOS

**BS AGRICULTURAL CHEMISTRY '71**

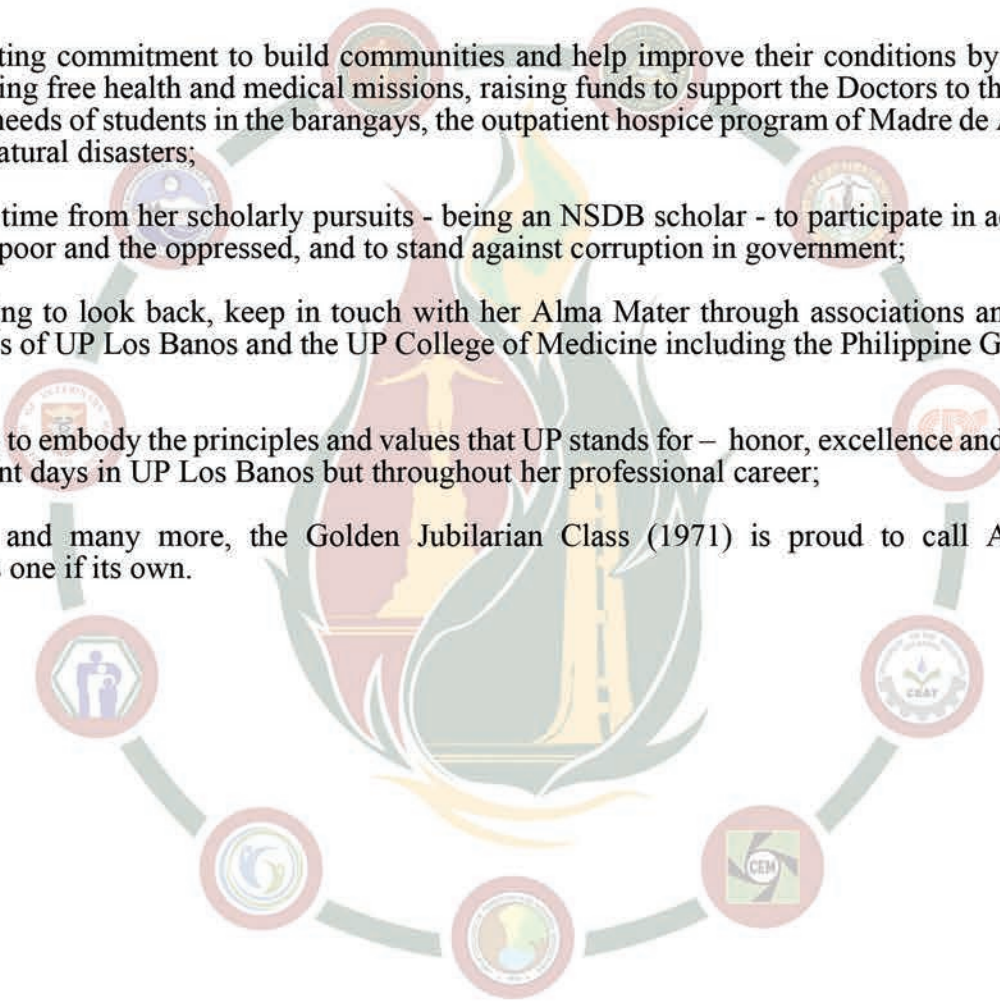

For her unstinting commitment to build communities and help improve their conditions by putting up health clinics, conducting free health and medical missions, raising funds to support the Doctors to the Barrio program, the educational needs of students in the barangays, the outpatient hospice program of Madre de Amor Foundation, and victims of natural disasters;

For taking the time from her scholarly pursuits - being an NSDB scholar - to participate in activities to protect the farmers, the poor and the oppressed, and to stand against corruption in government;

For never failing to look back, keep in touch with her Alma Mater through associations and other groups to address the needs of UP Los Banos and the UP College of Medicine including the Philippine General Hospital of UP Manila;

For continuing to embody the principles and values that UP stands for – honor, excellence and service - not only during her student days in UP Los Banos but throughout her professional career;

For all these and many more, the Golden Jubilarian Class (1971) is proud to call Arelyne Bustrillos Pachos-Ramos as one of its own.

## **ROSALINA MENDOZA-LAPITAN, PHD**

**BS AGRICULTURAL CHEMISTRY '71  
MS ANIMAL NUTRITION '91**

For her deep commitment to help improve the lot of farmers by generating technologies through research, and monitoring and transferring them for adoption by government institutions involved in improving carabao nutrition, and other meat and milk products, and consequently helping farmers improve their incomes;

For her leadership as head of the Philippine Carabao Center UPLB Research and Development Division, expanding the Center's reach and services to benefit carabao-based enterprises and cooperatives, and her work as Section Editor of the Nutrition Section of the Journal of Veterinary and Animal Sciences;

For her outstanding achievements in her field Animal Nutrition earning for her the recognition as a high caliber scientist (Scientist) conferred by the Philippine Department of Science and Technology and Civil Service Commission, thus honoring the legacy of a UPLB education;

For accepting the challenges of leading the Golden Jubilarian Class of 1971 despite her busy schedule and other constraints;

For embodying the values that UPLB stands for in what she does – honor excellence and service;

For all these and many more, the Golden Jubilarian Class (1971) is proud to call Rosalina Mendoza Lapitan as one of its own.

## EMERLINDA RAMOS-ROMAN, PHD

**BS AGRICULTURE (AG. ECONOMICS) '71**

For dedicating her entire professional life to education and for her outstanding leadership as an educator and university administrator as exemplified by the Gawad-Chancellor Outstanding Professor Award as UP Diliman Chancellor, twice, and the first woman President of the University of the Philippines;

For continuing the vision and leadership of many UP Presidents to have a strong science and technology program and advocating for the development of a large science-educated community;

For empowering and inspiring women to believe that education is valuable in changing attitudes about gender equality;

For her outstanding public service on the Board of Directors of various national and international organizations including being chair of the Board of Trustees of the International Rice Research Institute and the Angara Center for Law and Economics;

For her exemplary achievements that earned her prestigious awards including the Tandang Sora Award from the Quezon City Government, Outstanding Filipino Award for Education from President Benigno C. Aquino, "Ordre National de la Legion d'Honneur, au grade de Chevalier" from the Republic of France, Lingkod Bayan award from the Civil Service Commission, and numerous other recognitions from local governments, UPLB, and professional associations;

For all these and many more, the Golden Jubilarian Class (1971) is proud to call Emerlinda Ramos Roman as one of its own.

## **EUFEMIO T. RASCO, JR., PHD**

**BS AGRICULTURE (ANIMAL SCIENCE) '71  
MS PLANT PHYSIOLOGY '74**

For dedicating four decades of his professional life to public service as researcher, professor, and head of various institutions – Director of the UP Los Banos Institute of Plant Breeding, Dean of the UP Mindanao College of Science and Mathematics, and Executive Director of the Philippine Rice Research Institute, all aimed at molding the minds of the youth, discovering knowledge, and helping rice and vegetable farmers improve their conditions;;

For his outstanding contributions in the field of plant breeding – white potato breeding and developing hybrids and cultivars of tropical vegetables - which to this day continue to benefit vegetable farmers, and for advocating rural transformation through science-based support systems for rice farmers;

For his outstanding achievements as a scientist which has earned recognition for him as Academician of the National Academy of Science and Technology, Professor Emeritus of UP Mindanao, various outstanding alumnus awards from UP Los Banos, The Outstanding Young Scientist (TOYS) award by the then National Science Development Board, and The Outstanding Young Men (TOYM) award by the JCI Philippines;

For all these and many more, the Golden Jubilarian Class (1971) is proud to call Eufemio T. Rasco, Jr. as one if its own.

## JOSE O. SARGENTO, PHD

**BS FORESTRY '71**  
**PHD FORESTRY '95**

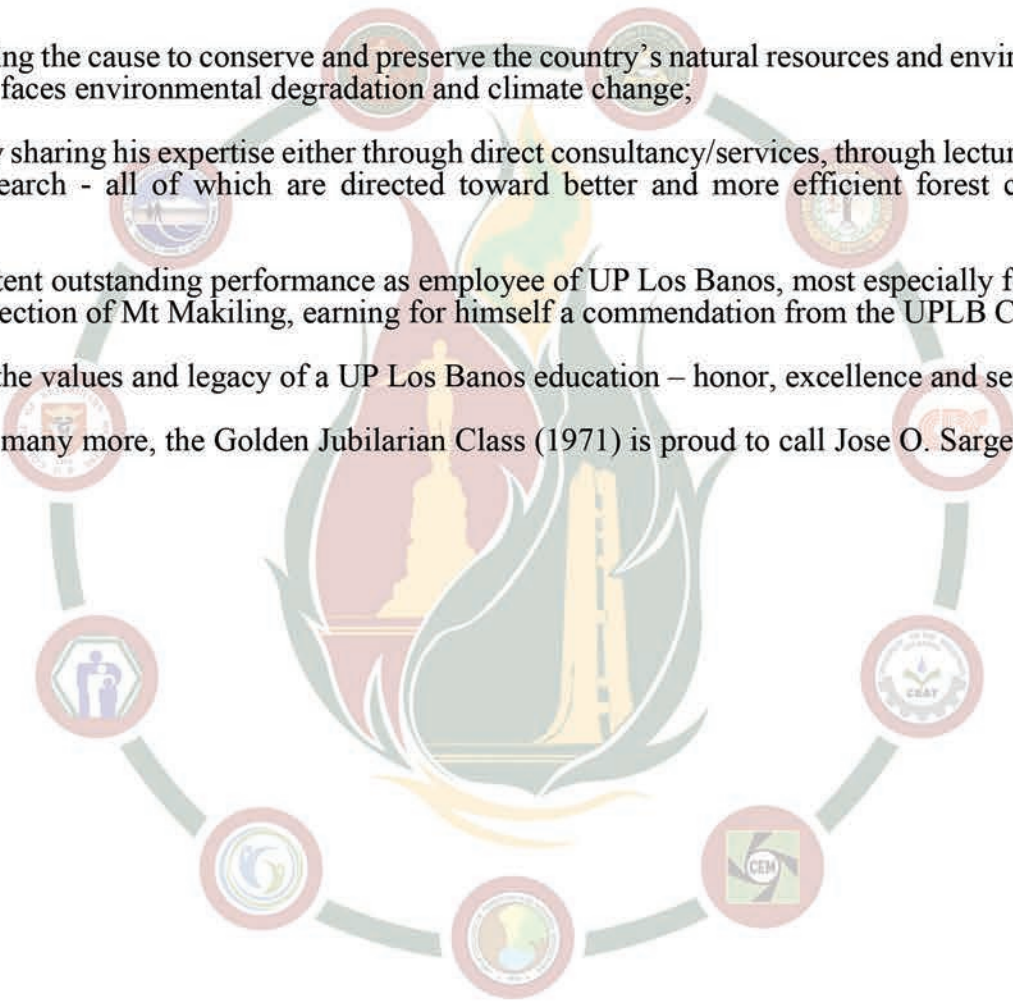

For championing the cause to conserve and preserve the country's natural resources and environment at a time when the world faces environmental degradation and climate change;

For unselfishly sharing his expertise either through direct consultancy/services, through lectures, or as external reviewer of research - all of which are directed toward better and more efficient forest conservation and management;

For his consistent outstanding performance as employee of UP Los Banos, most especially for his exemplary work in the protection of Mt Makiling, earning for himself a commendation from the UPLB Chancellor;

For honoring the values and legacy of a UP Los Banos education – honor, excellence and service;

For these and many more, the Golden Jubilarian Class (1971) is proud to call Jose O. Sargento as one of its own.

# COLLEGES' DISTINGUISHED ALUMNI AWARD

**THIS IS GIVEN BY UPLB COLLEGES TO THEIR ALUMNI TO RECOGNIZE THEIR OUTSTANDING PERFORMANCE IN DIFFERENT AREAS OF DISCIPLINE. THE SELECTION OF THE AWARDEES IS DONE BY THE RESPECTIVE ALUMNI ASSOCIATIONS OF THE COLLEGES. A TROPHY (UP OBLATION) IS GIVEN TO THE AWARDEES DURING THE AWARDS/FELLOWSHIP NIGHT.**

# COLLEGE OF AGRICULTURE AND FOOD SCIENCE

## DISTINGUISHED ALUMNI AWARDEES

## HYBRID COCONUT COMMERCIALIZATION FOR SMALLHOLDERS

For his tireless efforts in converting D'FARM, his agribusiness venture into a dynamic assisted pollination site and coconut nursery farm in collaboration with the Philippine Coconut Authority (PCA) and the Philippine Council for Agriculture, Aquatic and Natural Resources Research and Development (PCAARRD) His wholehearted support and strong partnership with these government agencies enabled the continuous production and availability of coconut hybrids for PCA's coconut planting and replanting program for smallholder coconut famers in CALABARZON, as well as proved the concept of the establishment of privately owned coconut seed gardens as feasible.

**DELFIN A. ANARETA**  
BS AGRICULTURE '75

**DR. LOI SOLOMON  
L. GARCIA**  
BS AGRICULTURE '85

## PUBLIC SERVICE

For his exceptional performance of duty and dedicated service for over 18 years as General Surgeon at the Philippine National Police General Hospital. As a multi-functional surgeon, he provided technical and tactical support wherever he was assigned. Due to his competence and commitment to serve, he was given important tasks such as leadership of the PNP Chemical, Biological, Radiological and Nuclear (CBRN) Weapons Detection Team which handled the safety and health protocols during the 2015 Papal Visit, 2015 APEC summit, 2017 ASEAN Summit, Annual Black Nazarene Quiapo Translacion and the 2019 SEA Games. His expertise on food technology was put to good use during many investigations of and response to of major biological incidents in the country such as food poisoning incidents and emerging deadly viruses such as Acute Encephalitic Syndrome, MERSCOV, H1N1, and now as a front liner against COVID-19. Since 2009, he was a member of the roster of qualified experts of UN Secretary General's Mechanism for Investigation of Allied Use of Chemical, Biological and Toxin Weapons through the UN Office of Disarmament Affairs (UNODA).

## ENVIRONMENTAL PROTECTION

For her fervent dedication and outstanding contributions to researches that focus on global and timely environmental issues towards sustainable development, integrated natural resource management, adaptation to climate change and food security in the Philippines. Her researches are geared towards the assessment and appropriate design of mitigation and adaptation strategies against the adverse effects of climate change; as well as the conservation and sustainable management of natural resources including biodiversity, watersheds, lakes and coastal resources.

**DAMASA B.  
MAGCALE-MACANDOG, PHD**  
BS AGRICULTURE '79  
MS 1982

## GROUND LEVEL TECHNOLOGY COMMERCIALIZATION

For his extraordinary achievements in the commercialization of the Institute of Plant Breeding-developed varieties and technologies. His more than 10 years of work as manager of the National Seed Foundation of IPB brought more than ₱32M of sales to the University's coffer, but the impact of his works is worth more than its monetary value. His technical expertise as plant breeder and seed production man, and his excellent communication skills ensured that IPB varieties are planted in many parts of the country ensuring widespread distribution and utilization. Due to his dedication, hard work and competence, government agencies and private seed companies turn to him for technical advice.

**PROCESO H.  
MANGUIAT**  
BS AGRICULTURE '78

## APPLIED RICE SCIENCE AND TECHNOLOGY

For his distinguished contribution in the fields of rice breeding using conventional and molecular markers, agronomy and physiology. His exemplary service in his profession such as the lead breeder of the first direct wet-seeded rice variety, NSIC Rc298; lead breeder of the first high temperature-tolerant rice variety, NSIC Rc600; and co-breeder of NSIC Rc624 for irrigated lowland rice; his projects with Korea in 15 farmers' cooperative in Luzon and Visayas had generated substantial amount of seed fund that sustained rice farmers in rice production and mechanization; his projects with Japan had enhanced PhilRice collaboration with ASEAN national institutes and nine other countries in Asia Pacific shows his commitment and professionalism. His competence, excellence, and commendable track record have earned him various recognitions.

MANIGBAS, PHD**  
BS AGRICULTURE '82  
MS PLANT BREEDING '97  
PHD PLANT BREEDING '02

**ANGELITO C,  
PATONONA**  
BS AGRICULTURE '74

## AGRICULTURAL ENTREPRENEURSHIP

For his significant contribution in the seed industry sector by establishing Vigour Seeds Dev., Inc. (VSDI). His passion and dedication led to the creation of its own research facility and the development of the company's first yellow corn hybrid, Kornkraft. Through his leadership, VSDI invested and built its own processing plant in Biao Guianga, Davao City that provided work to more than 50 employees. VSDI now has four commercial corn hybrids in the market namely, MaisSaka, MaisSagana, MaisTisa and MaisSwerte.

**RENATO C. ROMERO**  
BS AGRICULTURE '68

## EXTENSION

In recognition of his long years of excellent practice of his profession serving as extension man to many American farmers since the late 1970s. Using his UP Los Banos training, he developed information, education and communication materials in support of his strategic extension delivery systems for corn, soybean and wheat farmers. His dedication and expertise earned him the title of 'Trusted Advisor' to both farmers and industry colleagues, an honor reflective of his UP Los Banos education.

## AGRIPRENEURSHIP

For his exemplary achievements in the field of marketing agricultural farm inputs, animal nutrition additives and veterinary products for poultry and livestock. Armed with his UP Los Banos education, he first trained his sales people on the art of agricultural extension, thus, honing his employees' skills as technology multipliers for farmers and livestock raisers. His principle of fair play and concern for small farmer-raisers led him to practice socialized pricing in his businesses, giving big discounts to small and struggling farmers.

## EDUCATIONAL MANAGEMENT, RESEARCH, AND PUBLIC SERVICE

For her significant achievements and exemplary performance as an administrator, leader and researcher committed to public service, education, and innovation. As the president of the Mariano Marcos State University (MMSU), she steered MMSU toward international recognition as a QS Stars-rated and ISO-certified institution and as a Level IV State University. MMSU also passed the Institutional Sustainability Assessment by the Commission on Higher Education (CHED) and Level III Institutional Accreditation by the Accrediting Agency of Chartered Colleges and Universities in the Philippines (AACUP). A seasoned and published researcher, she has been recognized as one of the finalists for the Dioscoro L. Umali Outstanding Science Administrator Award from the National Academy of Science and Technology (NAST). She was also awarded the William D. Dar Research Leadership Award by the Philippine Association of Research Managers; the Lingkod Bayan Award by the Civil Service Commission, Region 1; and as the Most Outstanding Ilocano 2019. For embodying honor and excellence in the academe, research, and public service thus giving pride to UPLB.

## COMMUNICATION RESEARCH AND EDUCATION

Dr. Jonalou S. Labor is awarded this honor for his notable and consistent service as a scholar and administrator. For his valuable contribution to communication scholarship, using his knowledge and training in the humanities and the social sciences, through his active engagements as educator and researcher. For extending scholarly service by introducing pedagogical innovations and by cultivating the research cultures of public and private basic and higher education institutions in the Philippines as a trainer, co-researcher, consultant, and evaluator. For his leadership-by-example that enabled him to hold administrative positions at the University of the Philippines and in various communication organizations nationally and globally. For exhibiting the ideals of honor and excellence in his pursuit to serve the Filipino people through public service

**JONALOU S. LABOR, PHD**

## MEDICAL AND NEUROSURGICAL EDUCATION, RESEARCH, AND TRAINING

Dr. Mecedo is a pioneer endoscopic spine surgeon in the Philippines. His most compelling achievements to date were performing the first Percutaneous Endoscopic Cervical Decompressions in the country and he developed and performed the first in the world- Trans-oral, Endoscopic C2 Transcorporeal, C2-3 fragmentectomy, an anterior approach to C2-3 disc hernia and spinal cord decompression which were recently highlighted in a national daily newspaper. He serves as a Board Member- Treasurer of the Academy of Filipino Neurosurgeons, Inc. and Chairman of the Bicol Brain and Spine Care Center. He drives to Manila and Bicol every-week to provide neurosurgical service. He participates in the training of future physicians and neurosurgeons by joining the academe as Assistant Professor in the College of Medicine at UERMMMC under the Department of Clinical Neurosciences after he came back from his subspecialty training for Minimally Invasive Spine Surgery in Korea. He sits in Executive Boards of different International Endoscopic Spine Societies and is a champion in promoting the training of local and international endoscopic spine surgeons. He has published scientific articles in several spine journals and specialty books in endoscopic spine surgery.

**VERA MARJORIE  
E. VELASCO, PHD**  
BS BIOLOGY '03

## PLANT BIOCHEMISTRY AND MOLECULAR BIOLOGY, AND COMMUNITY EMPOWERMENT

Dr. Vera M. E. Velasco is a devoted single mother, an excellent plant scientist, and a community visionary. Her pioneering work on elucidating the mechanisms responsible for plant acclimation to phosphorus deficiency and simulations of future climate have advanced the knowledge of the scientific community, breeders, and forest managers. Her excellent scientific works are published in top-tier scientific journals and have received the McMaster International Research Excellence Award (2013) and Mitacs Globalink Research Award (2019). Equally important is her dedication to bringing together Filipinos in Canada in the fields of science, technology, engineering, arts, mathematics, and society. The group she co-founded is aptly named association of Filipinos in Canada – Academics, Researchers and Scholars (FiCARS). FiCARS is a group of more than 60 Filipinos pushing against boundaries of representation by promoting research, fostering networks, providing mentorship opportunities to Filipino youth, and providing support to organized Filipino groups. For her dedicated community service, she was named Ontario's Community Champion in 2021 and FiCARS was awarded the Philippine Consulates General Toronto Quincentennial Award in 2021. It is both for her excellent contributions to plant science and the Filipino community that we are awarding Dr. Vera Velasco the UPLB CAS Distinguished Alumnus Award.

**COLLEGE OF  
DEVELOPMENT COMMUNICATION

## DEVELOPMENT COMMUNICATION EDUCATION

For his excellent and dedicated service as an educator, enriching the study and practice of development communication and educational communication, media, and technology; and contributing significantly to the growth of the College of Development Communication and the University of the Philippines Los Baños as pre-eminent learning institutions in the service of the nation and the world. For 20 years, he has dedicatedly mentored students and faculty, advanced development communication scholarship through curriculum development and research, and actively served the University of the Philippines Los Baños as an effective and efficient administrator in various capacities. His dynamism, innovativeness, passion for learning and sharing knowledge, generosity of spirit, and compassionate leadership have helped foster a more vibrant academic environment at the College of Development Communication.

**EDMUND G. CENTENO, PHD**  
BS DEVELOPMENT COMMUNICATION '99  
MS DEVELOPMENT COMMUNICATION '07

## INTERNATIONAL DEVELOPMENT COMMUNICATION PRACTICE

For her commitment and achievements as a development communication (DevCom) specialist in international development and humanitarian work. She started her DevCom profession working with upland communities in Central Luzon for the protection of watersheds, and later became involved in advocacy work and social mobilization on child rights at the United Nations International Children's Emergency Fund (UNICEF) Philippines. She supported the UNICEF area office in the South Caucasus (i.e., Georgia, Armenia, and Azerbaijan) by planning and implementing communication initiatives on child rights. She also helped design a communication response on adverse events following immunization. Moreover, she provided technical leadership on communication in programming and humanitarian response as UNICEF Deputy Representative in Tajikistan and Armenia and as Chief of Field Office (CFO) in Zanzibar, Tanzania. Currently assigned as the CFO of UNICEF in Uttar Pradesh, India, she manages and coordinates the agency's development cooperation in the biggest state of the country. She leads a team that supports the Indian government in managing risk communication and community engagement strategy on COVID-19. Prior to this assignment, she was the CFO in the three states of South India.

**RUTH LASCANO LEAÑO**  
BS DEVELOPMENT COMMUNICATION '81

## AGRICULTURAL AND RISK COMMUNICATION RESEARCH

For her pioneering research initiatives that direct strategies and techniques to improve journalistic performance in communicating agriculture and risk. Dr. Rodriguez is among the most active and productive Filipino-American communication researchers in the subject areas of the food complex, the environment, and renewable energy. As Professor and Global Programs Head at Iowa State University and Director of the Agricultural Communications Program at the University of Illinois, she developed courses aimed at honing strategic thinking in the conceptualization, implementation, and evaluation of public communication campaigns. She helped articulate mission statements that secured external grants to support national and regional seed and biosafety systems in Asia and Africa. Elected research director of the Association for Communication Excellence, she has contributed actively to the shaping of the United States (US) national agenda in agriculture and food communication, shedding light on the state of scholarship and impact of the discipline. She has served on the board of this flagship association of communication scholars and professionals who serve as the communications backbone of the US land-grant research and education network.

## **DISTINGUISHED ALUMNI AWARDEES**

## RESEARCH AND DEVELOPMENT

For her commendable achievement in the generation and sharing of knowledge in the fields of environmental and forestry economics, forest traditional knowledge, agroforestry, biodiversity conservation, wood energy and climate change; for being instrumental in strengthening the networking and collaboration through a cross-country comparative perspective among the ASEAN member countries, Korea, Japan, China, and India while serving as the Assistant Country Coordinator of the ASEAN Korea Environmental Cooperation Project; and for her crucial role in the dissemination of research outputs and scientific information through reputable international and local publications, conferences and fora; all that could serve as basis for more effective forestry programs and policies in the Philippines.

**LENI D. CAMACHO, PHD**  
M FORESTRY '86

**PHUNTSHO THINLEY, PHD**  
BS FORESTRY (MAGNA CUM LAUDE) '02

## PUBLIC SERVICE

For his outstanding accomplishment as a Forestry Officer, a top wildlife biologist, a renowned conservation leader and an influential mentor and researcher serving the Royal Government of Bhutan; for spearheading nationwide endangered species surveys, conducting mass conservation education programs, coordinating transboundary conservation dialogues and actions on mitigating the impacts of socioeconomic developments on biodiversity conservation; and for being a productive research academic, with numerous peer-reviewed journal articles and books, that has influenced many science-based policy decisions at various levels within his government and inspired several young foresters to conduct scientific research.

## CHEMICAL ENGINEERING PROFESSION

For her distinguished contribution in the field of Chemical Engineering, her exemplary service to the profession as the 49th National President of the Philippine Institute of Chemical Engineers (PIChE), the only accredited integrated professional organization of chemical engineers in the country and being the first UPLB BS Chemical Engineering graduate to become one.

Her commitment to the organization and the chemical engineering profession was underpinned by integrity and ethics. She takes pride on PIChE's achievement in successfully engaging chemical engineers in the organization's mission and advocacies. She initiated and operationalized the organization's corporate social responsibility program, PIChE CARES (Chemical Engineers Advocacies and Responsibilities for Empowerment and Sustainability)

### **ENGR. MARICRIS C. VINES** **BS CHEMICAL ENGINEERING '02**

focusing on the projects aligned to the 17 United Nations Sustainable Development Goals. Also, through her initiative, PIChE was able to streamline its operations by amending its Constitution and By-laws. She has led the National Board in providing directions to the areas of Partnership, Internationalization, Competence, Holistic Sustainability and Excellence through the PIChE Roadmap 2025. An epitome of leadership and excellence in her field of expertise with more than 18 years of industry experience in the sugar and beverage manufacturing industry from being a process supervisor to environmental officer to sustainability manager. She was conferred the ASEAN Engineer title by the ASEAN Federation of Engineering Organizations in 2015. She then received her certification as an Energy Management System Practitioner from the UNIDO and Department of Energy (DOE) in 2017. In 2019, she was recognized as one of the 100 Inspiring Filipina Engineers by the Women Engineers Network (WEN) of the Philippine Technological Council (PTC). This year, she was recognized as Exceptional and Inspiring Filipina Engineer of the Year by the Asia Pacific Luminare Awards. She aims to continuously lead the chemical engineering community, empower her fellow chemical engineers in promoting the profession and inspire everyone to make the Chemical Engineering profession significant in the years to come.

## ACADEMIC ADMINISTRATION

For his inspired and innovative leadership during the last two decades, in various capacities: Team Leader, Project Leader, ABPROD Chair, AMDP Director, IAE Director, and recently, as CEAT Officer-in-Charge and Dean (27 July 2011 to 23 November 2020).

Dr. Elepaño holds the record of being the longest serving dean in CEAT history. During his administration, he was able to nurture the legacy of excellence handed down by past administrators, and at the same time, further energized the college constituents to work together to reach greater heights in instruction, research & extension, public service, enhanced industry linkage, and internationalization. As Dean, he was able to achieve his enunciated goals for Instruction: increase graduation rate without compromising honor and excellence; institution of the BS in Mechanical Engineering curricular program; upgrade the CEAT curricular programs to include a 3-unit Industry Immersion (or internship); provide options to students to choose any of the following 6-unit course—Undergraduate thesis, Engineering Industry Research (EIR), and Innovateering; and continuing review of the graduate programs. It was also during this period (2018) when CEAT started offering its 4-year Engineering curricula. Some milestones during his term are the following: celebration of the 100th Foundation Day of CEAT; the Agricultural Mechanization Development Program (AMDP) evolved into the Center for Agri-Fisheries and Biosystems Mechanization (BIOMECH); the Institute of Agricultural Engineering (IAE) became the Institute of Institute of Agricultural and Biosystems Engineering (IABE); the Board of Regents approved the creation of the Department of Mechanical Engineering; IAE was awarded the CHED Center for Excellence in Agricultural Engineering; DChE was awarded the CHED Center for Development in Chemical Engineering; AUN-QA accreditation of the BS in Agricultural Engineering and BS in Chemical Engineering; various national and international awards garnered by faculty and staff, students and graduates. It is worth mentioning that even with the onslaught of COVID 19 pandemic in 2020 onwards, CEAT has been able to continue fulfilling its mandate under his able leadership. Indeed, Dr. Elepaño has ably steered CEAT to become one of the best colleges which continue to train future-proof engineering graduates, and pursue the development and generation, not only of engineering but also, of interdisciplinary technologies and knowledge products in service of agriculture, industries, communities and the Filipino people in general.

## PUBLIC HEALTH PROMOTION AND PALLIATIVE CARE

Dr. Alizza Love F. Velasco is a Residency Training Officer at the Department of Family and Community Medicine Cagayan Valley Medical Center since 2015. She also serves as the gender and development chairperson in the same hospital and a faculty member at the Department of Family and Community Medicine St Paul College of Medicine in Tuguegarao, Cagayan. As a specialist in palliative medicine and hospice care, Dr. Velasco has conducted lectures pertaining to caring and healing for critical patients, individual and family counseling, and ethical issues in palliative care. One of her creative works is a case report in the Advance Care Planning in a patient with colon cancer. Moreover, she is a diplomate in family medicine in 2013 and is the current president of the Philippine Academy of Family Physicians Cagayan Chapter

## EXECUTIVE EDUCATION, RESEARCH AND GOVERNMENT ADVISORY

In recognition of his outstanding contributions in the field of Executive Education and Government Advisory. His distinguished academic achievements enabled him to interact with various corporate and government entities where he applied his lengthy experience in various areas of academic engagements and business consultancies. He served as adviser to varied government and developmental agencies in various countries in Asia.

**EDUARDO K.  
ARARAL, JR., PHD**  
MM MAJOR IN DEVELOPMENT MANAGEMENT '95

**LIZA G. BATTAD, PHD**  
PHD COMMUNITY EDUCATION '06

## GOVERNMENT ADMINISTRATION

In recognition of her significant contributions in overseeing the planning and information management operations of the Philippine Carabao Center (PCC). Not only did she improve the communication flow within the PCC but she also actively developed partnership and cooperation with international bodies such as Korea's KOICA and Japan's JICA. Likewise, she focused on enhancing the PCC mandates by giving them a business dimension as exemplified by the PCC Dairy kiosks that feature milk-based merchandises. At the Department of Agriculture where she has been designated as Assistant Secretary for Regulations, she contributed to the overall efficiency of the various regulatory offices by harmonizing the rules, procedures and protocols governing the delivery of basic services.

**HON. GENEROSA M.  
DELA FUENTE**  
MS DEVELOPMENT MANAGEMENT  
AND GOVERNANCE '15

## TRANSFORMATIVE GOVERNANCE AND PUBLIC SERVICE

In recognition of her significant contributions in enhancing the lives of the people of Samal, Bataan which she carried out using her skills as a Transformative Leader in public service. She put into practice the lessons on local governance that she learned as a Master's student in U.P. Los Banos College of Public Affairs. She is credited for improving the efficiency of public service delivery system by applying the Harvard University's Performance Governance System that employs metrics and matrices in translating plans and goals into breakthrough results. It was during her stint as mayor of Samal that the municipality was able to craft its road map and finetune its strategic vision which resulted in Samal attaining the status of Emerging Inclusive Business Model Hub for Agro-Industrial Enterprises in the Philippines.

## PUBLIC HEALTH POLICY AND MANAGEMENT

For her valuable contributions in the field of health policy and management that resulted in broader public health perspectives. Her continual research pursuits on health matters exemplify her deep concern for better health delivery system. She delved into and spent time determining the optimal location of health facilities. A proof of her passion for achieving the maximum returns on health investments is her study on the influence of the local food environment on dietary compliance and diet quality of Type 2 Diabetes Mellitus patients that was adjudged as the Best PhD Dissertation at the UPLB College of Public Affairs. She is credited for having propagated the art of public health policy formulation through the numerous graduate students she had mentored and by continually hosting trainings and seminars on public health.

# THE UPLB COLLEGES AND SCHOOLS

# CAFS THROUGH THE YEARS AND BEYOND

## COLLEGE OF AGRICULTURE AND FOOD SCIENCES

### CAFS-Alumni Linkage: Key to Resiliency amidst the Pandemic

John F. Kennedy once said, "I think the success of any school can be measured by the contribution the alumni make to our national life." This is true with the College of Agriculture and Food Science (CAFS) which has always received the support of its proud graduates who are contributors to nation-building and are the present forerunners in the industry. With the onset of the COVID-19 pandemic worldwide, CAFS is in the frontlines responding to the needs of the students and community in cooperation with its alumni. A year after, we are still facing the pandemic and with challenges it comes with, the College must adjust, adapt, and evolve.

The CAFS, primarily catering to students, has adjusted in terms of curricular offerings. Due to the limitations of face-to-face classes, technology has been adapted to continue offering relevant courses. The instruction evolved from blended learning and production of course packs to a curriculum gearing toward sustainability. In preparation to this, seminars and trainings were conducted to prepare faculty, staff, and students to adapt and adjust to the new modes of learning. Moreover, to better serve the students, an assessment or benchmarking of the present programs and institution of relevant courses are being done and on the pipeline. This is to ensure that the College will continue to produce top-notch alumni who are at par with international standards, ready to be deployed, and will be the forerunners of the agriculture and food science industry.

One way to guarantee this is the preparation of the self-assessment report to earn the ASEAN University Network Quality Assurance Certification. With this quality checking, CAFS ensures that its staff, facilities, and other important areas are ready to produce quality students. In terms of internship program for the students, the College is currently actively engaged with different industry partners to accept students with an MOU/MOA.

The College also recognizes its other stakeholders who are in pursuit of knowledge in the field of agriculture and food science. For this reason, a webinar series titled “Rebooting Agriculture in the New Normal Webfresher Courses” was launched to continue to give quality trainings and seminars where some alumni were featured to inspire not just Aggies, but other people as well who want to venture in agriculture.

To continue to offer the best quality of education, CAFS plans to build a new greenhouse complex under the Institute of Crop Science, Institute of Weed Science, Entomology, and Plant Pathology, and Agricultural Systems Institute. Moreover, plans to renovate some of the laboratories and student facilities are on the pipeline. These are some of the activities where alumni support will be needed. Additionally, a program to help financially challenged Aggies under the College of Agriculture and Food Science Emergency Loan (CAFEL) program might also be one avenue for alumni to provide assistance.

CAFS alumni will also be part of the CAFS Careers in Agriculture are Rewarding, Extensive, and Sophisticated (CAFS CARES) program to inspire students to venture into agriculture, one way of ensuring that we will have human resources in the industry. Graduates in different careers will be featured to motivate future students and to change the notion that agriculture equates to poverty. Furthermore, the CAFSama Pa Rin Tayo Program was launched. This is to update and bond with the alumni of the College and welcome them back to their home.

These are just some of the initiatives the College is working on. We believe that we will remain on top of our game with the help of our alumni as we are one College with one goal toward sustainable food systems, and we are CAFSpamilya.

For more information on CAFS program, you may contact Dean Elpidio M. Agbisit Jr. at [cado.uplb@up.edu.ph](mailto:cado.uplb@up.edu.ph).

## COLLEGE OF ARTS AND SCIENCES

The College of Arts and Sciences (CAS) of the University of the Philippines Los Baños (UPLB) unifies the Arts, Humanities, and Social Sciences with the Physical and Biological Sciences without blurring their distinctive disciplinary lines. Its mission is to “serve as a center of excellence in the basic sciences, as a cradle of humanities and the arts, and as center of liberal education and foundation courses”.

The College’s Institute of Mathematical Sciences (and Physics), Institute of Chemistry and Institute of Biological Sciences are part of the system of National Centers of Excellence in the Basic Sciences established on March 23, 1983 by Executive Order 889 series of 1983. The CAS has been also recognized by the Commission on Higher Education as Centers of Excellence in Biology, Information Technology, Mathematics, and Statistics as well as a Center of Development for Physics. Its BS Biology program is the first undergraduate program of UPLB and the first BS Biology program of the University of the Philippines System to pass the ASEAN University Network Quality Assurance assessment in 2014.

The College is the academic home of more than one fourth or about 3,000 of the total studentry of the University, through its 12 undergraduate degree programs. Recently added to its numerous graduate programs is the first and only doctorate degree in Applied Mathematics in the country and the Master of Science in Physics. It is also home to around 650 students for their secondary education through the UP Rural High School (UPRHS), which doubles as a laboratory school for BS Mathematics and Science Teaching students.

Amidst the COVID-19 pandemic, the CAS faculty and staff, including a number of CAS alumni, continue their research endeavors in the biological sciences, basic and applied chemistry, applied physics, mathematics and computational sciences. Notable are research on COVID-19 such as studies on virus, epidemiological studies, mathematical modelling. Others are involved in conservation and sustainability, habitat restoration, resources and vulnerability assessments, diversity, social media, humanities and the arts, communication, philosophy, agricultural insurance, cardio-fitness, disaster risk and reduction management, science and technology-based social enterprise development, and social science research.

CAS faculty members have been also invited to give lectures and share their expertise through national and international webinars, including talks on mathematical modelling, bats and viruses, epidemiology and a diverse health issues and concerns. The first virtual CAS Student-Faculty Research Conference was held in November 2020. Despite the pandemic difficulties and challenges, about 200 students and faculty members presented research results and recent developments in various fields.

## COLLEGE OF ECONOMICS AND MANAGEMENT

### CEM 2021: HARNESSING BUSINESS AND ECONOMIC OPPORTUNITES IN THE NEW NORMAL

The College of Economics and Management (CEM) celebrated its Founding Anniversary last July 27-30, 2021 with the theme “Future Proof CEM: Harnessing Business and Economic Opportunities in the New Normal.”

The celebration of the Founding Anniversary for 2021 highlighted what CEM can contribute in identifying and taking advantage of opportunities in the economy under the new normal brought about by the pandemic.

As part of the celebration, the college hosted a webinar on July 27, 2021 that tackled agriculture, business and economic opportunities during and after the pandemic. The webinar was attended by more than 300 participants from various countries comprising of faculty, staff, researchers, students, industry players and alumni. The invited resource speakers for the CEM Webinar include Mr. Joey Bermudez, CEO of Iskaparate.com, Dr. Thomas Reardon, Professor of the Michigan State University, Mr. JT Solis, CEO and Founder of Mayani PH and Mr. Gerald Glenn Panganiban, Bureau of Plant Industry Assistant Director and National Program Director for Urban Agriculture. Mr. Bermudez focused his discussion on the business and economic opportunities in financial technology being one of the players in the Philippines. Dr. Reardon discussed about opportunities on modernization and transformation of agricultural value chains. Mr. Solis talked about running an agricultural e-commerce start-up during the pandemic and under the new normal. Lastly, Dir. Glenn Panganiban discussed about the status and prospects of urban agriculture under the new normal.

On July 28, 2021, the college hosted a CEM Students' Day Virtual Celebration where the accomplishments of students were recognized. A CEM Got Talent Competition and a Tiktok Challenge featuring what the students can contribute to future-proof CEM was held during the event.

In order to recognize the distinguished accomplishments of the CEM alumni, the college hosted a CEM Discussion Forum with the theme "Leadership in the New Normal" last July 29, 2021 featuring the UP Chancellors who are graduates of the college. These include UP Baguio Chancellor, Dr. Corazon L. Abansi, UP Mindanao Chancellor, Dr. Larry N. Digal and UP Los Baños Chancellor, Dr. Jose V. Camacho, Jr. The chancellors discussed the challenges they faced in the leading their respective constituent university during the trying times of the pandemic as well as their coping mechanisms to address these challenges. Moreover, the Chancellors also discussed how CEM helped them in molding their leadership skills and prepared them for their role as Chancellors of their respective UP constituent universities. During the event, the Distinguished Alumni of CEM were also recognized.

Finally, CEM hosted the launching of the "ACIAR Impact Assessment Series No. 102: An Integrated Approach to Ex-post Impact Assessment". The publication is funded by the Australian Centre for International Agricultural Research (ACIAR) and the Philippine Council for Agriculture, Aquatic and Natural Resources Research and Development (PCAARRD). It the result of a collaborative and iterative process, between the Commonwealth Scientific and Industrial Research Organization (CSIRO), University of the Philippines Los Banos (UPLB), Visayas State University (VSU) and PCAARRD. The launching was held last July 30, 2021 through a hybrid event at REDREC Auditorium and live streamed through Zoom Webinar. The Guest of Honor during the launching was the Deputy Ambassador of Australia to the Philippines, Mr. Richard Sisson.

**PROF. ARLENE C. GUTIERREZ**  
ASSOCIATE DEAN

## COLLEGE OF ENGINEERING AND AGRO-INDUSRIAL TECHNOLOGY

Future-proofing Communities through Engineering Innovations

The effects of the COVID-19 pandemic have been giving a lot of challenges not just to the University of the Philippines Los Baños and College administrations but also to the whole community including the faculty, staff, and students. At the onset of the COVID-19 pandemic last March 2020, the University called for help from its alumni and industry partners and institutions. As such, CEAT through the CEAT Alumni Association Inc. (CEAT AA) under the leadership of Engr. Pantaleon LL. Tabanao responded expeditiously to help the university and the CEAT students.

**WE HEAL AS ONE.** In partnership with the Tau Alpha UPLB Chapter, the CEAT AA started a fund drive to help finance the production of swab test booths in April 2020. Since then, UPLB has continually donated test booths to various medical institutions and local government units (LGUs) to lessen the gravity of the COVID-19 in the community.

**PROJECT ARGOKNOWS.** To help CEAT students in need of consistent internet connection during this time of remote learning set-up, the Tau Alpha Fraternity through the TA UPLB Chapter, in coordination with the CEAT Dean's Office and the CEATAA launched the Project Argoknows. This project has provided over PhP180,000.00 worth of mobile load to at least 88 less privileged CEAT students as beneficiaries. Moreover, TA has provided educational support in the form of gadget assistance to its members. To date, five (5) students were able to receive laptops for their remote learning classes.

**SCHOLARSHIP.** CEAT, through the CEAT AA, has also implemented various scholarship programs to help underprivileged students with their studies. With the support from its generous alumni partners such as the Tau Alpha Foundation Inc., Turalba Foundation Inc., and Ailing Group of Companies, 53 students were able to get support through the Adopt-a-Student program. Meanwhile, the Study Now, Pay Later program, is catering 7 student grantees and there are two grantees for the CEAT AA Undergraduate Thesis program.

**HUMAN ASSISTANCE.** CEAT AA also supported the Oplan Kawingan program of the University through the financial donations of its members. This program supported the students who are stranded in their dormitories during the Enhanced Community Quarantine in 2020 by providing them food to eat and some utilities. Moreover, CEAT AA helped in arranging airlines repatriation of stranded students back to their home provinces.

CEAT and the CEAT AA believe that the success of its programs and activities are all made possible with the help and support of its alumni. The moral and financial support of the alumni is a big help in taking big leaps ahead of uncertain times.

# COLLEGE OF FORESTRY AND NATURAL RESOURCES

## CFNR Reaches Out in the Time of Coronavirus Pandemic

It has been more than a year since the country recorded its first case of novel coronavirus disease 2019 (COVID-19) and its citizens continue to grapple with the virus causing it. This alarming global health issue affects all sectors including education. When Luzon was placed under the Enhanced Community Quarantine in March 2020, the normal education and learning mode was disrupted. From a face-to-face teaching-learning process, the mode was changed to remote learning using variants of online platforms – a daunting challenge faced by the College of Forestry and Natural Resources (CFNR) and other colleges within the University of the Philippines Los Baños engaged in the offering of natural sciences programs.

### *Making curricular programs and public service more relevant and responsive in a time of the pandemic*

In its commitment to provide quality forestry education in various means, the CFNR faculty members reviewed and revised the teaching-learning activities, as well as course assessments aimed at redesigning and aligning the curriculum with the flexible and remote learning modes. Student activities were re-designed to allow them to conduct field and laboratory activities in the comfort and safety of their own homes considering the limitations brought about by the pandemic. In line with the University's effort to capacitate and build resiliency among the faculty, the faculty members attended various online trainings on remote teaching and learning and management of various learning management system (LMS). Coursepack preparation was done at the start of the semester and later uploaded in the selected LMS. Copies were also printed and sent for free by courier to forestry students with limited internet connection.

CFNR also embarked on several projects aimed at assisting students and the UPLB community. These are as follows:

a) OPLAN GUBATIRAN I, a fund-raising project organized in June 2020 in celebration of its 110th Foundation Day. The College raised PhP180,000 donated the amount to UPLB to support its efforts in coping with the impacts of the pandemic.

b) OPLAN GUBATIRAN II was organized in May 2021 and raised PhP 62,000.00 from in-kind and cash donations as part of CFNR's 111st Foundation Day celebration. These donations were given to community pantries inside and outside UPLB to help families greatly affected by the pandemic.

c) OPLAN HATID for forestry students was spearheaded by the CFNR Administration. In July 2020, transportation services, including CFNR's bus (named Molave), were used to send students back to their respective homes in NCR and Northern Luzon.

d) Christmas fund-raising project initiated by the Institute of Renewable Natural Resources (IRNR) to help forestry students affected by typhoons in 2020. Ten students and their families were given financial support ranging from PhP1,000 to PhP15,000.

e) Connectivity Assistance Program is another IRNR initiative that gave 70 students access to the internet so they can attend online classes through a mobile phone load support of PhP 300 for three months.

### ***Sustaining strong collaboration with the alumni***

The CFNR also draws its strength from its supportive alumni. The CFNR Alumni Association (CFNRAA) spearheaded various classroom renovation projects and helped upgrade the physical facilities including the CFNR Auditorium to provide the students with an environment conducive to learning.

CFNRAA also takes an active role in providing student support services. These include the recognition and awarding of outstanding students; establishment of the Food Subsidy Program aimed at supporting the students' food and nutrition, especially those in need; and assistance for the acquisition of Molave, a school bus donated by the Department of Science and Technology.

As a form of its support to the faculty, the CFNRAA also sponsors various professorial chair lectures and awards. The alumni are also involved in the conduct of various trainings and seminars/webinars so they can share their practical knowledge and professional experiences in forestry. It is also worth mentioning that the association has been actively supporting and participating in the annual CFNR alumni homecoming and foundation celebrations.

Indeed, no feat is daunting when concerned people or groups work together. UPLB CFNR will continue to update and re-design its programs and courses towards flexible learning, and sustain its efforts in research, development, and public service in time of the coronavirus pandemic.

# COLLEGE OF HUMAN ECOLOGY

**ONE CHE, one rationale against the new normal**

The College of Human Ecology (CHE), together with the leadership of the newly appointed Dean Ricardo M. Sandalo, envisions collective work and relation to its faculty and staff members. CHE pursues ONE family movement for better communication and workflow, especially during these challenging times.

CHE continuously conducts activities with regard to updating the CHE alumni database, assisting in the conduct of the CHE tracer study through regular consultations, spearheading the College's projects, coordinating collaborations between the alumni and the students in research and public service activities, involving CHE to UPLB alumni-related activities, and facilitating nomination for various alumni awards within and outside the University.

Last April 9, 2021, the College of Human Ecology Alumni Association (CHE AA) held its 2021 Virtual National Convention and Online Election with the theme, Patuloy na Pagtutulungan at Bayanihan para sa Ekolohiya at Bayan. CHE AA reported developments on its flagship programs and advocacies for the past years such as alumni support and welfare, and alumni network and fellowship. There were also breakout rooms to enable meeting with fellow alumni and create connections and pledges for financial aid during the coronavirus pandemic.

The Department of Social Development Services (DSDS) recently conducted a community-based Intervention for Inclusive Development in the Time of COVID-19: A Mini-Conference. One of the presentations is entitled Oplan Damayan: The role of universities in Brokering Assistance for Communities in Need during the Pandemic which addressed the concerns of the society.

The Institute of Human Nutrition and Food (IHNF) hosted its 3rd Southeast Asian Conference on Econutrition (SEAConE), with the theme Econutrition in the Disruptive Innovation Era last May 20-21, 2021. It identified emerging technology innovations that will be beneficial to achieve food security in various economic sectors. It consisted of five technical sessions in Innovations in Food and Environment and two parallel sessions in Innovations in Econutrition and Research in Southeast Asia.

Department of Community and Environmental Resource Planning (DCERP), on the other hand, will be having its 2nd International Conference on Human Settlements Planning and Development this October 20-22, 2021. The conference will tackle issues on and related to settlements such as housing, public transportation and urban planning.

The Department of Human and Family Development Studies (DHFDS) partnered with the University of the Philippines Los Baños Office for Institutional Development in Higher Education and a state university to organize an upcoming capacity-building activity entitled Developing Positive Study Habits and Staying Mentally Fit during the COVID-19 Pandemic.

These projects, programs, and activities that target mental health crises and operation plans by the College reflect how CHE manifests positive outlook on better ways to cope and make the most out of the pandemic through extending help to COVID-19 victims.

**RICARDO M. SANDALO, PHD**  
DEAN

**MA. THERESA M. TALAVERA, PHD**  
ASSOCIATE DEAN

Pagkalinga's first project, Project Pag-abot (Give), was a donation drive to raise funds for healthcare professionals in Laguna. The funds were meant to be used to purchase much-needed supplies to protect them COVID-19. According to Almira A. Magcawas, PhD Community Development graduate, the project raised PHP 359,411.37 (approximately US\$ 7,134.00) from April 12 to 30, 2020. They were able to purchase 476 sets of Personal Protective Equipment (PPE), 533 pairs of reusable shoe cover, 398 face shields, 187 N95 masks, 9 boxes of 3 ply masks, 10 boxes of gloves, 5 gallons of alcohol, and relief goods. These were distributed to 15 hospitals, 6 Rural Health Units (RHUs), 2 local government units (LGUs), 1 Municipal Disaster and Risk Reduction Management Office (MDRRMO). One orphanage in San Pablo City, Laguna also received donations.

On November 11, 2020, Typhoon Ulysses (Vamco) ravaged Luzon and created damaging impacts to the properties and livelihood of families from the provinces of Cagayan, Bulacan, and Laguna. Pagkalinga saw their next opportunity. "Pagbangon: A Webinar Series for A Cause" became their second project. With the word Pagbangon meaning "to get up", this was the group's action to help people get back up after a storm.

For Pagbangon, the members looked for another to raise funds. They offered five webinars aimed to enhance research and extension capabilities of target participants. Co-organized with the Philippine Association of Research Managers, Inc. (PHILARM) and with a minimal registration fee, participants were trained on several topics that are useful in conducting their research work. From December 2020 to May 2021, they featured topics that were discussed by several experts from CPAf and other colleges in UPLB, the Research Institute for Tropical Medicine, De La Salle Araneta University, and De La Salle University Integrated School who offered their services pro bono. This became a meaningful exchange where students, teachers, government and private workers did not only give their donations, but also received training to help them improve their research, development, and extension skills.

Pagkalinga raised a total of PhP 146,000 through its Pagbangon webinar series that was used to give aid to affected communities. Due to overflowing registration, Pakalinga was even able to help a fellow CPAf student with chronic kidney disease.

Pagkalinga started with a small step out of the comfort zone of eight PhD students who saw trials as opportunities to care for those in need. Within a year, they were able to spearhead projects that resounded what they learned in the academe. The group has a lot of potential for future projects and partnerships, especially that they are grounded with the values needed for the developing world. CPAf is proud that even if these students were still within the imaginary confines of their academic workload, they successfully led community development efforts to care for those in need.

For more information and future partnerships with Pagkalinga, please visit their Facebook page: [www.facebook.com/PagkalingaCommunity](https://www.facebook.com/PagkalingaCommunity).

# COLLEGE OF VETERINARY MEDICINE

CHANGING TIMES, CONSTANT HEARTS OF SERVICE

The pandemic has ushered in a challenging year full of innovations and adjustments as the College of Veterinary Medicine (CVM) adapted to the new normal. Amidst the rapid changes, one thing remains constant: supportive alumni who continuously contribute and engage in numerous ways to assist their alma mater as the College strives to continue to deliver the best possible services to our students, clients, community, and the country.

The CVM has and is constantly adapting to address the ever-changing academic landscape through shifting to blended learning and mostly online educational and professional endeavors. Faculty members produced course packs for online learning to facilitate classes allowing students to continue their education while staying in the relative safety of their own homes. Webinars which widen the reach and broaden the opportunities for professional development not just locally but internationally are now the new norm. The College convocation, as well as other academic activities, has been conducted using an online meeting platform allowing the new Vet Isko's and Iska's to feel the warm welcome extended to them by the College even if this was just carried out virtually.

As always, our alumni have made themselves available serving as guest speakers in our remote learning sessions and as resource speakers and participants in various webinars. The increase in online educational trainings and workshops enabled alumni from all parts of the country and even the world to join us in providing new avenues for learning on the various aspects and facets of the veterinary medical profession. Furthermore, our alumni actively participated in the successful ASEAN University Network - Quality Assurance (AUN-QA) remote assessment. They contributed greatly in improving the curriculum and services of the College ensuring that we will continue to produce graduates who are knowledgeable and equipped in whatever avenue of veterinary medicine they so choose to pursue well into the next decade.

The CVM personnel also continue to ensure the delivery services to our students even with the restrictions brought about by a continuous community quarantine. Some report to the office while others are on work from home arrangements. Throughout all this, the CVM has ensured that the health and safety of all personnel is of primary importance. Working spaces have been modified to be safer and safety protocols have been put in place. The CVM is also blessed to have alumni who have shown concern by donating disinfectants, face shields, and other safety gear ensuring that our personnel remain safe as they perform their various tasks. Additionally, webinars for professional development for personnel are conducted online allowing for continuous professional development even during the pandemic and enabling our personnel to be the best at what they do. Furthermore, retiring CVM personnel were given virtual send offs to thank them for their contribution to the College as they enter a new phase in their lives.

CVM is looking forward to having our students back on campus in a blended learning environment engendered by the new normal and as the University transitions into the fourth industrial revolution. Towards this, the CVM continues to make necessary preparations for the eventual return of in-person classes. Through the help of an alumni, the CVM library has also been improved through provisions of various learning spaces and other amenities that offer a conducive environment for our future veterinarians to study and take a well-deserved break from the academic readings, requirements, and activities.

Even amidst this pandemic, there is a need to address the needs of pet owners and their pets. The Veterinary Teaching Hospital now offers the VTH TeleVet to address this need. Through this service, pets and other animals have access to our various veterinary services despite travel restrictions. Furthermore, the Kambing at Tupa Extension Program (KaTE) continues to deliver services to small ruminant farmers in nearby communities. After all, the CVM continues to be at the forefront in looking after the welfare of all animals through education, research and extension in spite of the pandemic.

The CVM and its really active alumni have shown that we can work together harmoniously to deliver services ensuring the welfare of not just the animals in our care, but also aid in providing food security as well as important veterinary services to the country. Whatever changes and challenges the future may bring, the CVM will continue to strive to adapt and innovate in order to educate and arm our students with not only knowledge and skills, but a heart imbued with the spirit of pahirinogod to deliver the best veterinary service in their chosen careers, the community, and the Filipino people.

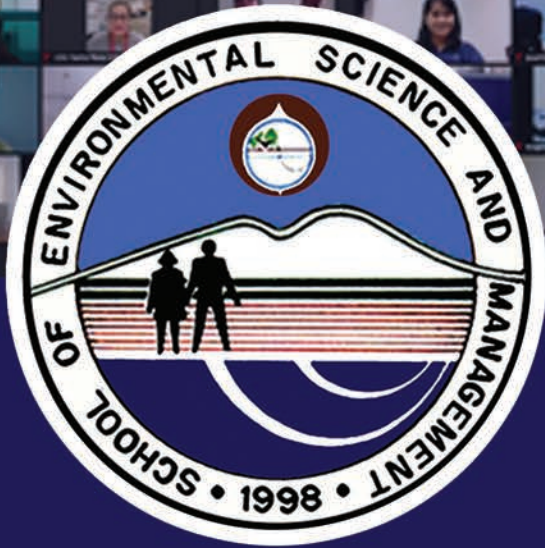

**DR. JEZIE A. ACORDA**  
DEAN

**DR. JOVENCIO HUBERT A. ABALOS**  
ASSISTANT TO THE DEAN

## SCHOOL OF ENVIRONMENTAL SCIENCE AND MANAGEMENT

### UPLB-SESAM supports UPLB's future-proofing initiative through its new strategic intent on Sustainability and Accelerated Innovation in Learning and Solutions (SAILS)

As a major offering of UPLB to the growing need of advanced scholarship and practice in balancing economic development and environmental conservation, the Environmental Studies Program came into being in 1977 with the main aim of producing a cadre of environmental professionals and leaders. With the inherent complexity of the environmental problems, the UPLB Environmental Science Program pioneered the development and testing of relevant methodologies and approaches for sustainable management of upland resources, environmental management and governance, resource modelling, and environmental impact assessment.

As a pioneering graduate program on environmental studies in Asia, UPLB-SESAM has ushered in environmental science graduates from different countries, such as Vietnam, Laos, Cambodia, China, Indonesia, Thailand, Myanmar, India, among others. At the local front, SESAM has produced major environmental science professionals, academic leaders, environmental practitioners, and specialists working on wide-ranging topics and endeavors. Truly, the geographical representation of student-learners of SESAM has been increasing through the years. This trend is indeed strategic given that local problems may have cross-country implications, in as much as globalization in turn influence the specific condition of a local area.

Currently, the School of Environmental Science and Management (SESAM) remains steadfast in its role in the research, extension and public service functions to further strengthen its academic programs despite the ongoing pandemic. The School has been able to maintain good number of graduate students enrolled in the MS and PhD Environmental Science programs, as well as in the co-offering of the Professional Masters in Tropical Marine and Ecosystems Management (PMTMEM). These students were carefully trained and molded to eventually serve as UPLB's stalwarts for ecological integrity who will in turn be championing their respective institutions and countries by being active in policy and advocacy, as well in the implementation of environmental programs with strong emphasis on sustainability and accelerated innovation in learning and solutions (SAILS).

During this pandemic, the School has energized its online resources to continue the connection to the world. It has joined the University in its Covid-19 response program, and complied with the necessary instructional adjustments, such as the development of course packs and other multimedia materials for asynchronous classes. Specifically, through its Continuing Education and Extension Division (CETD), SESAM maintains the delivery of online learning and in facilitating collaborations for extension activities. With the regular offering of online courses on Environmental Impact Assessment, Ecosystems Valuation, and Climate Change Vulnerability Assessment, SESAM-CETD continues to deliver the needed trainings of faculty, researchers, and other staff of academic institutions, national government agencies, private companies, local government units, and non-government organizations via online.

In addition, the Journal of Environmental Science and Management (JESAM) also published more local and foreign researches in 2020, notably with the two regular issues and three special issues released by the Journal. JESAM, housed in SESAM, is an international scientific journal produced semi-annually by the University. It is indexed by Clarivate Analytics Web of Science and Scopus. The articles can be downloaded for free. JESAM currently enjoys the highest impact factor (IF) among all of the UPLB journals and the School endeavors to increase this even more in the immediate years.

Truly, the increasing number of alumni of SESAM performing crucial roles in the environmental conservation and development arena is a living proof of the School's true success. Just recently, SESAM organized an Alumni Virtual General Assembly. The mini reunion aimed to foster a sense of social connections among the SESAM alumni and gain support for SESAM endeavors. During the gathering, some future projects were proposed, which include the updating of the SESAM Alumni Directory; publication of a SESAM Coffee Table Book; construction of parking canopy; construction of canopy for library users; construction of bicycle racks; and landscape improvement of SESAM grounds.

Overall, the value of what SESAM can offer is very high given that a number of environmental problems remains unsolved, and is even expected to become more unpredictable as we are living in a VUCA world---volatility, uncertainty, complexity, and ambiguity. Hence, business as usual scenarios and ways of thinking become obsolete in a short period of time. In any wicked problem, however, what could be shining light is the humanity's capacity to innovate and be creative. This high optimism truly fuels SESAM in generating environmental professional who will continue to maximize and utilize their fullest potential, further harnessing their talents and skills to make sure they become instrument in making the lives of other better and the well-being of the most vulnerable significantly improved. Armed with a critical mind, integrative lens, holistic approach; and with strong solutions-making intention, SESAM Alumni could champion how we can collectively better understand, diagnose, assess and most importantly solve environmental problems.

Sustainability is indeed not just a destination. It is also about the journey. Sail SESAM sail!

**RICO C. ANCOG, PHD**  
DEAN

# COLLEGE OF DEVELOPMENT COMMUNICATION

The College of Development Communication (CDC), University of the Philippines Los Baños is the sole academic institution in the world that offers BS, MS, and PhD degrees in development communication. A pioneer in the discipline of communication for development, it has been recognized twice by the Commission on Higher Education as a Center of Excellence in development communication.

Under the leadership of its dean, Dr. Maria Stella C. Tirol, CDC strives to harmonize its development initiatives with UPLB's vision: To become a globally relevant academic institution in development communication contributing to inclusive and sustainable development among communities in the Philippines and Southeast Asia. CDC maintains its mission of nurturing and advancing development communication scholarship and praxis among students, educators, and practitioners through participatory and inclusive engagements. The College also envisions to be a globally relevant academic institution in development communication that contributes to inclusive and sustainable development among communities in the Philippines and in Southeast Asia.

As an academic institution, CDC aims to maintain honor and excellence in its academic, research, and extension and public service endeavors.

Offered since 2012, the BSDC Generalist Curriculum enables students to become well-grounded development communicators with strong critical thinking skills, excellent research background, and sufficient field exposure to development issues. Its graduates are expected to be possess four key communication competencies: (1) media-based learning systems; (2) reportage; (3) multi-media design, production, and management; and (4) management and communication of technical information. In 2015, The BSDC program passed the ASEAN University Network (AUN) quality assessment, making it the first social science program in the UP System to be recognized.

Meanwhile, CDC continues to enrich development communication scholarship through its MS and PhD programs. CDC, in partnership with the UPLB Graduate School, started offering the off-campus program of MS Development Communication in to the staff of the Department of Science and Technology (DOST) and the UPLB Dual PhD by Research with the University of Reading in the United Kingdom.

The College also regularly conducts research on local and global development communication issues such as community communication, community broadcasting, participatory development journalism, e-learning, science education, distance learning systems, and communication on resilient and sustainable family farming, among others. CDC also continues to publish the Philippine Journal of Development Communication (PJDC).

Moreover, one of the core thrusts of CDC is sharing knowledge to various stakeholders in the development sector. Among its flagship programs are: (1) Radyo DZLB, a community radio station that it manages alongside cooperators from within and outside UPLB, now webcast as DZLB Online!; (2) Dito Sa Laguna (DSL), a development-oriented discussion program aired via cable television and also accessible via community cable and Facebook; (3) Los Baños Times, a community print and online newspaper that serves Los Baños and nearby communities; (4) Adopt-a-School, through which interactive learning materials are designed for students, and information, education, and communication activities in public elementary schools are conducted; and (5) Science Forum and Café Scientifique, both public engagement with science activities. In the past year, CDC has also conducted extension and public service initiatives related to the COVID-19 pandemic, such as holding webinars on epidemiology, providing technical assistance on remote learning to educators, creation and distribution of communication campaign materials about COVID-19, and delivering food and hygiene products to partner communities around Los Banos.

CDC maintains a strong partnership with the CDC Alumni Association (CDCAA) in the pursuit of projects that advance the mutual interests of the college and its alumni. Despite the pandemic, CDC and the CDCAA have jointly introduced a handful of initiatives that promote student welfare and encourage networks and long-term partnerships.

In late 2020, a string of typhoons ravaged numerous disaster-prone communities in Bicol, Cagayan, and Metro Manila. Among those who lost their homes, properties, and sources of income were the families of nine CDC students. Through a donation drive led by the CDCAA, the students received a sum of PHP 60,200, with each receiving anywhere between PHP 2,700 to PHP 11,500, depending on the degree of necessity.

Additionally, the Nora C. Quebral Scholarship Fund intends to provide scholarship opportunities to BS Development Communication students who belong to indigent families and have good academic standing. The CDCAA supports CDC in this project by assisting in the search of funds.

A directory of development communication graduates of UPLB since the 1970s is also under way. On this directory, the CDCAA intends to feature the contact details of the alumni and their specializations, to facilitate collaboration in development initiatives. The directory may also provide CDC a list of devcom professionals who may be tapped by CDC as resource persons and lecturers in devcom classes.

Lastly, the CDC and CDCAA annually recognizes outstanding devcom practitioners in their respective fields through Speaking of Devcom: Conversations with Devcom's Finest. The event is a symposium that intends to share to CDC staff, students, and alumni the stories and experiences of CDC's Distinguished Alumni Awardees as development communicators.

## RAYMUNDO M. ALMARIO

BS AGRICULTURAL ECONOMICS, UPLB, 1971

GRADUATE UNITS, UPLB/UPD, 1973-1974

### Asian Institute of Management

- Advanced Bank Management Program, 1998
- Program for Area Development and Management, 1988

### Awards:

- Hall of Fame Award: Sterling Leadership and Performance of LBP Mindanao Regional Office, December 2011
- Gawad Punla: Outstanding Leadership and Responsible Service, August 1991
- Outstanding Audit Award: Visayas Branch Group in attaining Above Acceptable Rating covering 60 Branches, 5 Lending Centers and 3 Agrarian Operation Centers

### Positions Held:

- Grany-O Farms – President / CEO (2014-present)
- Countryside Builders MPC1 – Director (2017-present)
- Coalition for Agricultural Modernization of the Philippines (CAMP) -- Vice President (2018-present)
- LANDBANK Alumni Association Inc.- Director (2017-present)
- Alpha Phi Omega Alumni Association (Theta Chapter) – Director (2010 – present)
- Landbank of the Philippines as First Vice President of the Visayas Branches Group (2002-2005), Agrarian Services Group and (2000-2002) Southern Luzon Cluster (1992-2000)
- Director of various banks

### Organizations:

- Alpha Phi Omega Fraternity (APO)
- Landbank of the Philippines Alumni Association (LBPA)

Born on March 15, 1948 in Bacolor Pampanga, Ray's interest in agriculture was influenced by a sugar technologist who was assisting the sugar farmers in their village. He motivated him to go to UP Los Baños. In 1965 as a freshman, he stayed in Batong Malake and moved to the Men's Dorm after a year. The dormitory life made his college days lively and challenging.

Joining the APO fraternity was a big NO... to his father. But secretly he joined along with 12 batchmates. One sensational incident in UP Diliman (the death of a new brod) led to the attention of the Boy Scout Council and sanctioning of the APO Diliman Chapter. His attendance in the Council Meeting led to the discovery by his journalist uncle of his membership in APO. He bravely but nervously faced his father, and was prepared for fatherly paddles, like in APO, but it ended well with advice to concentrate on his studies.

Attending lectures and discussions of political issues, book reviews and rallies shaped his political outlook and attitude but he disliked the radical approach in addressing the problems of the country. He pursued Agricultural Economics following his passion in business and economics. He missed graduation in SY 1969-70 because his thesis became a "collateral damage" in a misunderstanding among faculty members in the Economics Department. Back home, while waiting for his thesis approval, he ventured into the businesses of broiler and seed production.

His professional career started in Project ADAM (Agricultural Diversification and Market in the Philippines), a joint project of UP, National Science Development Board (NSDB), Department of Agriculture (DA) and USDA in 1971 as a Researcher. In 1972, he worked as an Economist and Sector Chief at National Food Authority (NFA), then he transferred to LANDBANK in 1974 as Division Chief of Agricultural Project Development Division, until he was promoted in 1977 to be an Assistant Branch Manager as the youngest branch officer. In the remaining 7 years LANDBANK, he held the following positions:

- First Vice President (FVP) of the Southern Luzon and Bicol Region
- FVP, Agrarian Services Group and concurrent Managing Director of Masaganang Sakahan Inc, subsidiary of LANDBANK, and
- FVP, LANDBANK'S Visayas Branch Banking Group from 2002 until his early retirement in June 30, 2005

There is life after retirement. He established the Grany-O Farms Inc., which is engaged in piggery, duck raising and orchard. He is now Vice-President of CAMP, an organization of volunteers who are driven by the patriotic call to contribute their expertise and/or resources to champion agricultural modernization in the country. He is also serving as Director of the Countryside Builders Multi-Purpose Cooperative, incorporated by LANDBANK retirees and the LANDBANK Alumni Association.

## RAYMOND F. BADER, PHD

BS AGRICULTURE, UPLB, 1971

MS HORTICULTURE, UPLB, 1978

PH.D PLANT BREEDING, TEXAS A&M UNIVERSITY, USA, 1985

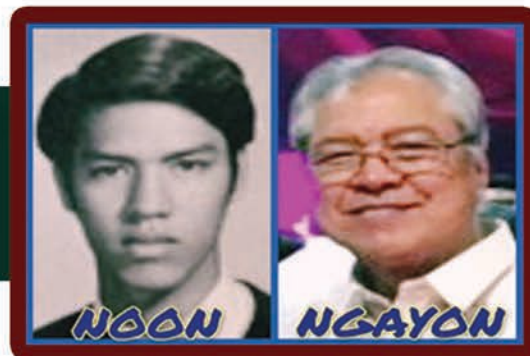

Raymond or Ray grew up in Zamboanga City. While preparing to enroll in a university in Manila, a trip to Los Baños with his sister changed the course of his life's journey. God had a plan, for with that trip, he found his place in UPCA.

His College life's motto was: play hard but study hard. He joined the varsity swimming and varsity basketball teams, the St. Therese Male Chorale, and served as a trailblazer of the Espaleklek. He fully credits UPLB for giving him the best academic education and long-lasting friendships which prepared him for life ahead - doing instruction, research and extension.

After graduation, Ray worked in their family's farm in Basilan, then joined the Philippine Coconut Research Institute in Davao City. In 1973, he went back to UPLB, with a PCARRD graduate fellowship for MS. In 1976, he was hired as Instructor in the Horticulture Department. In 1978, he joined the Institute of Plant Breeding as Research Associate with the Feeds Industrial Crops Division, concurrently an affiliate faculty of the Agronomy Department. In 1985, he earned his PhD in Plant Breeding from Texas A&M University with a World Bank-ASSP fellowship and returned to the Institute of Plant Breeding till 1995. He moved to the US in 1996, first as project coordinator at UC-Davis, and later with Texas A&M AgriLife Extension, starting as County Extension Agent, then as County Director, and later as District Extension Administrator.

Retired in 2017, he keeps busy serving as Consultant (volunteer) in the Institute of Plant Breeding, and with the AgriLife Extension Cotton project. He is still actively involved in church/community service organizations.

Ray is blest with a loving family; wife Julia Oñate, daughters Martina and Lea, son in law Josh Biddulph and granddaughter Aubrey. His prayer: "forever grateful to God for the countless blessings given every step of this life".

### Scholarships:

- Philippine Council for Agriculture and Natural Resources Research and Development (PCARRD)
- Agricultural Support Services Project (ASSP)- a World Bank assisted project of the Department of Agriculture

### Honors/Awards:

- Texas A&M Vice Chancellor's Award in Excellence
- Texas A&M AgriLife Extension Superior Service Award
- Epsilon Sigma Phi Career Achievement award

### Positions Held (Last 5 years):

- Consultant, Institute of Plant Breeding, UPLB, 2019-present
- Consultant, Texas A&M/USDA/Cotton Inc - Cotton breeding project, 2018 – present
- District Extension Administrator and County Extension Director, Texas A&M University, AgriLife Extension, 2015-2018

### Organizations:

- Epsilon Sigma Phi, Texas Chapter (Extension Professionals Org)
- Gamma Sigma Delta Honor Society of Agriculture, TAMU Chapter
- The Espaleklek Alumni Association
- Knights of Columbus, El Paso Council 12160
- Fil-Am Catholic Community Endowment Advisory
- Catholic Foundation for Diocese of El Paso
- Texas County Agricultural Agents Association

Organization:

- Gamma Kappa Rho Fraternity

## DIOSDADO R. BASUG, PHD

BS AGRICULTURE, UPLB, 1971

MBA, NORTHEASTERN COLLEGE, SANTIAGO CITY, ISABELA, 1982

PH.D. IN INSTITUTIONAL DEVELOPMENT AND MANAGEMENT, ISABELA STATE UNIVERSITY, 2005

When Diosdado or Dadz graduated from UPLB in 1971, he went back to his hometown, Jones, in Isabela province. With the support of the Provincial Agriculturist, Mr. Justo Cammayo, he got his first job as Municipal Agriculturist of the town of Quezon, Isabela. He trained at the International Rice Research Institute (IRRI), and implemented agricultural development programs afterwards.

In 1974, Dadz was married to the former Natividad Corpuz of Batac, Ilocos Norte. They were blessed with a daughter Eloisa and seven years later had a son Elbert.

In 1977, he transferred to Cagayan Valley Institute of Technology (CVIT) as Instructor III. In 1978, when the agricultural colleges merged to form Isabela State University (ISU), he transferred to ISU, Echague.

In the same year, he transferred to Jones and became the head of the campus for 12 years. With the help of Mayor Jesus Sebastian, he worked for the acquisition and titling of the two-hectare land where ISU Jones campus now stands.

In 2007, after finishing PhD, he retired from government service at the age of 60.

## CANDIDA BERNABE-ADALLA, PHD

BS AGRICULTURE, UPLB, 1971  
MS ENTOMOLOGY, UPLB, 1974  
PHD, ENTOMOLOGY, UPLB, 1981  
POST-DOCTORAL FELLOW, IRRI, 1989-90

CANDIDA BERNABE-ADALLA, entered UP College of Agriculture in 1966 armed with the motivation and inspiration from her parents to pursue a degree that was regarded that time as a male profession". She made her father proud after getting a BS Agriculture diploma in 1971 and even prouder with her PhD in Entomology in 1981, all from the University of the Philippines, Los Baños.

Immediately after finishing her BS degree, she applied and was awarded an NSDB Graduate Manpower Scholarship to pursue her MS and was appointed instructor at the Department of Entomology, College of Agriculture in 1974. Her PhD program was sponsored by the Institute of Plant Breeding. Teaching and inspiring the young to pursue the noble profession marked her 34 years of service to the college, which she served as dean for six years (2000-2006). Outside UPLB she served the Commission on Higher Education (CHED) as Chair of the Technical Committee for Agriculture and member of the Technical Panel for Agriculture Education (TPAE). At the Department of Agriculture, she is consultant/technical evaluator for insecticides at FPA.

Post retirement, Ayds is still busy pursuing her many advocacies such as but not limited to agri-ecotourism, farmer led technology transfer and eco friendly pest management. She also hoped to leave a legacy in agriculture education by continuing her involvement at CHED in various capacities.

With her husband Tante (UPCA Class 70) Ayds is also into farming and showcasing practical agriculture technologies to farmers and hobbyists, literally "walking the talk". They are blessed with 3 children all, UPLB alumni, Aileen (BS Biology, 1996) Cynthia Marie (BS Devcom, 1999/ MS Devcom, 2009) and Constante Jr (BSA, 2005).

### Scholarships:

- National Science Development Board (NSDB) Graduate Scholarship, 1971-1972
- Institute of Plant Breeding (IPB) Scholarship, 1979-1981

### Positions Held (Last 5 years):

- Chair, CHED Technical Committee for Agriculture, Diliman, Quezon City, 2000 – 2020
- Member, CHED Technical Panel for Agricultural Education, Diliman, Quezon City, 2002 to date
- Chair, DA Insect Resistance Management Team (IRMAT), BPI, San Andres, Manila, 2015 to date
- Technical Consultant/Evaluator for Insecticides, Fertilizer and Pesticide Authority (FPA), 1983 to date
- President, Philippine Agricultural Research Foundation Inc, (PARFI), PCARRD, Los Baños, Laguna, May 2021 to date

### Organizations:

- Philippine Association of Entomologists, Inc., Lifetime member
- Crop Science Society of the Philippines, Member
- The Pest Management Council of the Philippines, Lifetime member

Organization:  
U.P. Society of Agricultural  
Engineering Students (UPSAGES)

## MANUEL C. BERNARDO

BS AGRICULTURAL ENGINEERING, UPLB, 1971  
MS FOOD & AGRICULTURAL ENGINEERING, 1976  
UNIVERSITY OF MASSACHUSETTS

To Manny, transitioning from high school to college life was quite an eye-opener. He zeroed in on an early identified college course, B.S. Agricultural Engineering. Relentlessly, he worked very hard, took summer courses every year. He also took one summer in Diliman for a Humanities subject to avoid a known “terror” instructor at UPLB.

During his sophomore year, he ran and won an UPCA student council seat in 1967. He helped organize and participated in the demonstrations in front of the old library and in Malacañang. Those were the days of activism.

After graduation, he taught engineering courses at the Agricultural Engineering Department then moved to the Philippine Council for Agricultural Research (PCAR), now PCAARRD, as a Subject Matter Specialist under Professor Andres Aglibut.

In 1974, he left for the University of Massachusetts, USA, to take a Master of Science in Food and Agricultural Engineering, with financial support from the University of Massachusetts. He graduated in 1976. After graduation, he worked on different jobs in New Jersey, one of which was at the New Jersey Department of Agriculture as Farmland Preservation Specialist. Finally he found an entry level job in 1988, worked hard, pulled through the ranks and ended up as Manager - Regulatory Affairs at a flavor and fragrance company.

He had travelled to several countries including London, Italy; France, Hamburg, Prague & Vienna, Amsterdam, Belgium, Turkey, Mexico, Bahamas, St. Martin/St. Maarten, St. Lucia, Antigua, St. Thomas, US Virgin Island, Belize, Dominican Republic; China, Thailand, Malaysia, Singapore; Camotes Island and other provinces in the Philippines. He was travel hungry, and he was rewarded!

He participated in the yearly Loyalty Day parade representing the UP Society of Agricultural Engineering Students (UPSAGES). In 1977, he was married to Juliet Virtucio, a native of Nagcarlan, Laguna. Natasha, their daughter, blessed them with Malachi. Their son John and Cherry Rose (wife) blessed us with Jaxon and Camilia.

He retired in 2013 and is now living a good life!

## EVANGELINE F. CASILDA-SULABO

BS HOME TECHNOLOGY, UPLB, 1971  
MS EXTENSION EDUCATION, UPLB, 1981  
ED.D EDUCATION, UPD, (ED.D CANDIDATE)

Evangeline or Vangie came to UPCA in 1966. After a year or two, she witnessed the transformation of UPLB from the old UPCA to its present state of development. Activism started during her student days and she took part in almost all activities i.e. demonstrations, barricades. While she had a scholarship, the stipend could hardly support her. She requested then to be allowed to work as Student Assistant and got approval. Her life as a student became more meaningful when she joined the Sigma Gamma Lambda Sorority (partner sorority of the Gamma Kappa Rho Fraternity) as one of the pioneer members.

She graduated in 1971, the first graduation ceremony in UPLB and held in front of the old UPCA Library. Two days after her graduation, she was employed as Research Assistant in the Department of Agricultural Education and Rural Studies (DAERS) that became part of the College of Public Affairs and Development (CPAFD), UPLB. Her work until retirement revolved around research, teaching, extension and public service. She taught undergraduate courses for 15 years and graduate courses in the last two years before retirement. On research, she was involved in various research projects and authored/co-authored a number of book chapters, journal articles, modules and manuals. On extension, she served as resource speaker in various training programs participated in by various sectors, e.g. extension workers, farmers, fisher folk, among others. She was part of the group that developed the Community-Based Participatory Extension and Management (CBPEM) – a project on social technology planning, management and implementation, which was awarded by the University as Outstanding Extension Project in 2002

In 1986, Vangie and some Christian individuals formed an NGO, Buklod Biyayang Kristiyano (BBK), with three missions: Community Development, Education and Resource Management. In 1993, with BBK's support, she spearheaded the establishment of the Grace Christian Community School (GCCS)-Los Banos, a complete elementary school and served as its Directress.

After retirement, she has been actively involved in professional organizations and Christian ministries.

She married in 1974 to Mr. Salvador F. Sulabo, a BSA Animal Science graduate, was blessed with four sons: Rommel, Eric, Sherwin and Ryan. Except Ryan, all three sons graduated from UPLB.

### Scholarship:

- Robert Chandler Scholarship

### Position Held (Last 5 years):

- Executive Director, PhilEASNet, 2013-Present

### Awards:

- Outstanding Senior Researcher, 2014
- Outstanding Researcher, 2002
- Outstanding Extension Project, 2002

### Organizations:

- Gamma Sigma Delta Honor Society of Agriculture
- Philippine Extension and Advisory Services Network, Inc. (PhilEASNet)
- Philippine Association of Agri-vironment Educators and Entrepreneurs (PASSAGE)
- Sigma Gamma Lambda Sorority (Sister Organization of Gamma Kappa Rho Fraternity)

## YOLANDA P. CRUZ, PHD

BS, UPLB, 1971

MS, UPLB, 1974

PH.D., UNIVERSITY OF CALIFORNIA, BERKELEY, USA, 1982

Yolanda or Yoy was an academic achiever in College showing a sterling performance. She was able to maintain either a College or University Scholar status every semester and capped it by graduating Magna Cum Laude.

After graduation in 1971 to 1974, Yoy worked as Instructor in UPLB and also took her MS in Entomology and Genetics. In January 1975, she went to the University of California, Berkeley to pursue her doctoral degree. In 1986, she joined Oberlin College, USA, as Assistant Professor and thereon received several research grants and fellowships that enabled her to do significant research works and travel to many countries. She also served as Chairman of the Department of Biology from 1998 – 2002.

After retirement, Yoy was the Robert S. Danforth Professor of Biology at Oberlin College, USA from 2008 to 2021. She was only the second holder of this endowed professorship in the College.

Yoy had study, travel and receive research grants to Australia (several), New Zealand, England, and Spain and attended many conferences on developmental biology, biotechnology, and reproductive biology in the UK, Italy, Tunisia and the US.

Most of her research has been funded by the US National Science Foundation and the US National Institute of Child Health and Human Development.

She was awarded a Fulbright Senior Fellowship in 2014 to help in curriculum development at UPLB and develop a course in developmental genetics, which she taught as a graduate course in 2015 for the UPLB Molecular Biology and Biotechnology Program.

Yoy's first most significant achievement is having raised her daughter, Elsa Cruz Pearson. The second is having been able to realize her childhood dream to travel extensively around the world, including ascents of Mount Kilimanjaro in Tanzania and Mount Fujiyama in Japan.

### Scholarships:

- Insular Life Educational Foundation Scholarship
- UP College and University Scholarships
- Fulbright Senior Fellowship

### Awards/Honors:

- Magna Cum Laude, UPLB
- University and College Scholar, UPLB
- Outstanding Student Award, Phi Sigma (Honor Society of Agriculture), UPLB
- Oberlin College Research Fellowship
- National Research Service Award, National Institute of Environmental Health Sciences, University of California, San Francisco.
- Academic Research Enhancement Award, National Institute of Child Health and Human Development, Oberlin College.
- Research Status Award (Visiting Research Fellowship to LaTrobe University), Oberlin College
- Best Advisor Award, Kahn (Freshman) Residence Hall, Oberlin College
- Outstanding Mentor Award, Outstanding Instructor Award, Kahn (Freshman) Residence Hall, Oberlin College
- One of US's "Three Hundred Best Professors," The Princeton Review, Framingham, Massachusetts
- Curriculum Development Award, NSF Academic Integration of Research and Education, Oberlin College

### Position (Last 5 years):

- Robert S. Danforth Professor of Biology, Oberlin College, Oberlin, OH USA, 1986-2021

### Organizations:

- American Association for the Advancement of Science
- Society for Developmental Biology
- Society for Reproduction and Fertility
- Society for the Study of Reproduction
- Society for Developmental Biology
- American Association for the Advancement of Science (elected Council Delegate and to Committee on Council Affairs)
- Council for Undergraduate Research
- Philippine-American Academy of Science & Engineering
- American Association of University Professors

## ROMEO J. DELA CRUZ

BS AGRICULTURE (SOILS), UPLB, 1971

Romeo or Romy enrolled at the UP College of Agriculture in 1964, he stopped schooling for one year, enrolled again and graduated with a BSA degree (major in Soils) in 1971.

The first job offered to him after graduation was at B-Meg of SMC. However, his father was not happy with his decision and said that he would sell all their farms if nobody would manage them, so he relented.

Since then, Romy managed their farms where he got 60% share of the increment of the production in palay, sugar and coconuts. He had been living a life of abundance and still single. He takes time to teach neighboring farmers modern farming techniques and management. As a practicing farmer and having joined farmers' organizations and cooperatives, he is saddened that politics and corruption thrives.

Romy took over a palay cooperative on the brink of collapse and bankruptcy and turned it around. It is now a top palay cooperative in the Davao Region.

He is also into banana growing and serves as Chairman of the Board of Bontoc Fruits Inc., a company that is engaged in packing and trading of Cavendish bananas for export. Recently, he was elected into the Board of Kapatagan Water Services Coop. If not due to the pandemic he could have been the Chairman today. Barangay Kapatagan is a resort area with 25,000 inhabitants. It is the salad bowl of Southern Mindanao and produces highland bananas as well.

Romy is also into civic and religious organizations. At Jaycees, he is Senator. He is also a member of the Rotary Club and Brotherhood of Christian Businessmen and Professionals (BCBP), and Past President of all of them.

He attended the Prelude and Loyalty Day Homecoming for the first time in 2011. Since then, he never missed any homecoming except during the pandemic years.

It is his observation that the Los Baños Spirit still lives and thrives today. The prelude is a warm gathering where formalities are set aside. The Alumni Night is a formal set-up but the warmth is still there. Even the students are very respectful and helpful.

Mabuhay ang Los Baños Spirit!

### Positions Held (Last 5 years):

- Chairman, Board of Director, San Isidro, Hag. Palay Coop., Davao Del Sur, 2014 to date
- Chairman, Board of Director, Banana Coop., 2016 to date
- Board of Director, Hospital Coop., 2014 to 2019
- Board of Director, Water Coop., 2019 to date

### Organizations:

- Junior Chamber, 1975 to 1986
- Rotary Club of Digos, 1986 to date
- JCI Senator, 1986
- Brotherhood of Christian Businessmen and Professionals, 2000 to date

## CARMENCITA DIRECTO-MATEO, PHD

BS DVM, UP DILIMAN, 1969

MS, ANIMAL SCIENCE, UPLB, 1971

PHD, UNIVERSITY OF MISSOURI, COLUMBIA, USA, 1980

Position Held (Last 5 years):

- Professor Emeritus, UPLB, November 2011 to present

Organizations:

- Philippine Society of Animal Science, Life Member
- Philippine Society of Animal Nutritionists, Charter Member
- Philippine Veterinary Medical Association, Life Member
- Philippine Society of Agriculturists, Member

Carmen believes that having been chosen as one of the Professor Emeriti of UPLB is a memorable achievement. Likewise, the 2014 Achievement Award in Veterinary Medicine from the National Research Council of the Philippines (NRCP) is a testimony of her passion for research and development in the field of veterinary medicine and animal science at UPLB.

## DENNIS LEWIS DOROMAL

BS AGRICULTURE (ANIMAL SCIENCE), UPLB, 1971  
 MASTER IN BUSINESS ADMINISTRATION (MBA),  
 DE LASALLE UNIVERSITY, MANILA

Dennis and his family have always been involved in agriculture in Davao. As coconut growers, they also had cattle under coconut trees. His parents encouraged him to take up agriculture and follow the footsteps of his brother, also an alumnus of UPLB. He majored in Animal Science.

After graduation, he worked for the family to plan and implement an expansion program of the beef cattle operation. Later, he chose to leave the family business and work as a Veterinary Sales Representative for Merck, Sharpe & Dohme covering the Davao-Cotabato area, successfully establishing customers and increasing sales.

After an adventurous sales career, he decided to pursue his Master in Business Administration (MBA) at De La Salle University, Manila. His journey then took him to an agricultural research station in Zurich, Switzerland through a student exchange program. He worked for one summer with other European students.

In 1977, he went to the USA where he met and married a lovely American lady from Missouri. They lived in California for 21 years and relocated to Missouri to raise their three children. He accepted gainful employment in various jobs in insurance, healthcare, hotel and casino industries.

In 2006, he accepted a more challenging position as Farm Manager for a commercial scale citrus grower. It was planted to navel oranges and lemons for the domestic and export markets. The operation involved application of modern agricultural practices to increase production.

After three years, family responsibilities required him to return to Missouri. He believes God called him to live closer to his family, as well as to work with adults with developmental disabilities. As a Learning Consultant, he taught them living skills, do volunteer work and socialize in the community to make them feel like any other normal abled person. It was challenging but it was the most rewarding job he ever held. Because of God's "calling", he lasted for almost nine years until the Covid-19 lockdown.

Position Held (Last 5 years):

- Learning Consultant on Educating Adult Persons with Developmental Disabilities, Independence, Missouri, USA, 2011 -2020

## CESAR M. DRILON, JR.

BS AGRICULTURE, UPLB, 1971

### Positions Held (Last 5 years):

- MECO Director 2013 – Present  
Makati City/  
TPE
- USEC. Department of Agriculture  
(1998 – 2005)

### Award:

- Nominee, Outstanding Alumni  
Award, UP College of Agriculture

### Organization:

- Lumabay-Labay

During Cesar's stint in government, he showed exemplary dedication to the job. His leadership qualities, unblemished integrity, decisiveness, experience and impeccable record served him in good stead in his efforts to ensure sustainable agricultural growth in the country.

An agronomist by training, he likewise had considerable management experience in the private sector which instilled in him a strong work ethic and exposed him to the realities of crop agriculture. He was a good team player who provided all agriculture department secretaries he served with his full support,

As undersecretary, Drilon was instrumental in pushing for important policy reforms, particularly in the Fishery and Livestock sectors. Specifically, he:

- Negotiated in 2004 a bilateral fishing agreement with Indonesia to allow Filipino fishermen to fish in Indonesian waters for three years and vice versa. Filipino fishermen now do business in Indonesia by investing in canneries and fish processing plants
- Established a successful dairy cooperative in 5 municipalities in Iloilo serving the milk feeding requirement of the Department of Social Welfare and Development in Panay. Other dairy areas were also established and have expanded their operations during his watch
- Initiated the commercialization of the backyard industry by strengthening the meat processing industry thru sound and proper policy directions and interventions
- Promoted a consultative process and pragmatic approach to problem-solving resulting in balanced and fair solution ensuring that the interests of both the consumers and producers would be preserved
- Strengthened the Fisheries and Aquatic Resources Management Council resulting in the improvement of livelihoods and proper management of aquatic resources
- Crafted a comprehensive 5-Year Development Plan (1999-2004) for the sugar industry with the involvement of different sectors resulting in increased yield by introducing good varieties and improving irrigation and mechanization

The feather in his cap is his unblemished integrity. He made decisions considered unpopular but guided by what is "right and fair". Now as a private citizen, he continues to support agricultural development in his native province of Iloilo serving as a volunteer management consultant in river development, irrigation projects, and rehabilitation of fish ports and slaughterhouses.

## NEPTHALINE M. DUMLAO

BS AGRICULTURE (AGRONOMY), UPLB, 1971

Nepthaline or Peping/Nap to family and friends grew up in Pasuquin, Ilocos Norte. He pursued his tertiary education in the UPCA with Agronomy as major and graduated in 1971.

Nap stayed at the International House dormitory with Raymond Bader. They had to do laundry by themselves right after the Reserve Officer Training Corps (ROTC) drills on Saturdays and looked forward to the daily delivery of freshly processed milk from Dairy Training and Research Institute to their dormitory.

One of his most life changing experiences in college was joining the Alpha Phi Omega fraternity on October 18, 1968. This was also the time of activism in Los Banos. Joining the fraternity was worthwhile as he experienced the real essence of brotherhood, service to the community, friendship and most of all LOYALTY. He also gained the skills of being a leader through the help of his fraternity brothers.

Nap worked as Student Assistant every Semestral break at the Registrar's Office. In exchange for his services, he was given free tuition privilege. He is thankful to the Registrar's Office and to the UP Los Banos for giving him this privilege.

In 1975, he retired as a Tobacco Production Regulation Officer of the National Tobacco Administration. After his retirement, he worked as Corporate Secretary of Laoag Bacama Pasuquin Transport Group, Inc. Through his initiative, the corporation was able to avail of PhP52M for the purchase of 23 units of modernized jeepney, plying Laoag – Pasuquin. By God's grace, the loan was approved after hurdling many obstacles.

Nap got married to the former Leticia A. Agodon (BS Home Tech graduate of Divine Word College of Laoag). They were blessed with three (3) children: Naphale Marie (Registered Nurse based in San Francisco, California), Mae Carmelle (Globe Communication Manager) and Mary Joann (Registered Nurse). He is a proud grandpa of 3 adorable grandchildren.

### Positions Held (Last 5 years):

- President, Pasuquin Transport Association, Pasuquin, Ilocos Norte, 1986 – 2019
- Corp Secretary, Laoag Bacama Pasuquin Transport Group, Inc., Pasuquin, Ilocos Norte, 2019 to date

### Organization:

- Alpha Phi Omega Alumni Association

## HENRY CASEL DUPO

BS AGRICULTURE (ENTOMOLOGY), UPLB, 1971

### Positions Held (Last 5 years):

- IRRI Research Assistant 1971 – 1975, Los Banos, Laguna
- Market Development Assistant Manager Shell Chemical Co. Inc. 1975 – 1985 Makati City
- Research Manager, Shell Chemical Co. Inc. Agrochemicals 1985 – 1989 Calauan, Laguna
- Research Director/Proprietor, Dupoh Bio-Research Centre 1990 – 2021 Calamba City, Laguna

### Organization:

- Philippine Association of Entomologists, Inc

Henry C. Dupo was conferred the Pest Management Council of the Philippines (PMCP) Achievement Award on May 10, 2002 in recognition for his contributions to Philippine agriculture as a pest management scientist and entrepreneur and for his voluntary farm extension services to farmers in his community.

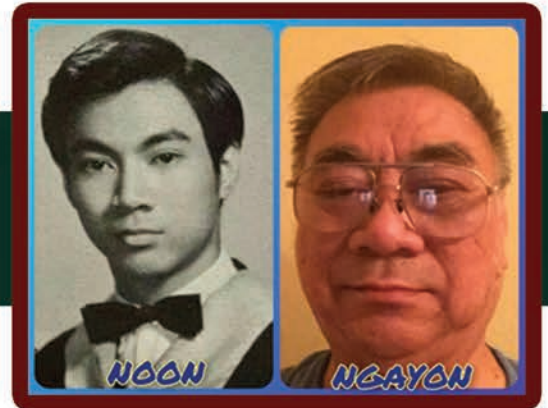

From 1990 up to 2021, H.C. Dupo conducted more than 700 laboratory and field bioefficacy trials as an Fertilizer and Pesticide Authority (FPA -) and Food and Drug Administration (FDA) - accredited independent pesticide bioefficacy researcher. Results of these local trials were used by the pesticide industry as part of the government required package of data to support registration and eventual marketing and use of a large percentage of crop protection products, household and structural pest control products in the Philippines today and during the last 20 years.

During the last 20 years, Henry and his wife Emma have been also busy developing Henry and Emma's Paradise Farms in Poblacion La Paz, Abra. This is a 12 hectare marginal land that was developed into a profitable orchard of high value fruit trees. This farm has become a free community plant pest and disease clinic and a farm tourism site and has inspired many farmers in the poor province of Abra to plant high value fruit trees.

## MANOLO A. GARCIA

BS SUGAR TECHNOLOGY, CUM LAUDE, UPLB, 1971  
MS CHEMICAL ENGINEERING, LOUISIANA STATE  
UNIVERSITY (USA), 1974

After graduating with a B.S. in Sugar Technology in October 1971, Manolo taught sugar chemistry at UP College of Agriculture. In August 1972, he left for the USA to pursue his graduate studies in Louisiana State University where he finished M.S. in Chemical Engineering, major in Sugar Technology. He went back to the Philippines in 1974 to start working at Victoria's Milling Co. Inc. in Negros Occidental where he rose from Operations Chemist to Refinery Superintendent. In 1981, he left again for the USA to work in St. James Sugar Cooperative in Louisiana as Fabrication Superintendent. At the same time, he engaged in consultancy jobs with sugar factories and refineries in Mexico. In 1990, he established his own company supplying sugar machinery and parts and still does this up to the present. He retired in 2002 from active employment at St. James Sugar Cooperative but continued with his sugar consultancy until 2006. He wrote, presented, and published papers (about twenty of them) about sugar factory operations in the Philippines and Louisiana. He was active in the American Society of Sugar Cane Technologists, and occupied positions in the Manufacturing Section until he became the President of the Society in 1999, the first sugar technologist of Asian origin to become head of this society. He also served as Technical Director of the Journal of the American Society of Sugar Cane Technologists in 2000-2001.

In 2009, he was honoured by UPLB with the Distinguished Alumnus Award in Sugar Technology and Sugar Factory Management.

In 2012 the American Society of Sugar Cane Technologists inducted him into the select group of Honorary Members, a group limited to 10 members of the society and inclusion depends only on vacancies created with the demise of enlisted Honorary Members. These awards capped his whole professional career working solely in the field of sugar technology.

He married in 1976 Teresa F. Banzon, B.S. in Agricultural Chemistry 1971, M.S in Food Science 1974 both at UPLB and had two sons, William and Stephen. William is a civil engineer-architect from Washington University in St Louis, U.S.A., while Stephen is a petroleum engineer from Louisiana State University, U.S.A.

### Honors/Awards:

2009 Distinguished Alumnus Award in Sugar Technology and Sugar Factory Management

### Organization:

American Society of Sugar Cane Technologists

## DANIEL C. GUILLEN

BS AGRICULTURAL ECONOMICS, UPLB, 1971

### Positions:

- Institutional Development Consultant, Mindanao Business Council
- Consultant, Canada International Development Agency (CIDA)
- Supervising Trade and Industry Development Specialist, Craft Village Development Program, a joint project of CIDA and Department of Trade and Industry (DTI)
- Chair, Kabisig Mindanao Council
- Senator, Jaycees Club
- President, Green Meadows Senior Citizens Organization

Daniel or Danny to his family, friends and relatives came from Carles, Iloilo. He was a young UPLB agricultural economics graduate when he was hired as a bookkeeper of the PNB Masagana 99 program in the Bureau of Plant Industry during the Marcos regime. In his fifth year of work, he learned that his supervisor escaped to the United States through the back door. The reason for the escape became clear afterwards, that he had released Masagana funds to fictitious farmers in the field. As bookkeeper, Danny's duty was only to record and balance the consummated transactions, but he was found guilty through the conspiracy theory of 64 counts of estafa through falsification of public documents. He was given a 640-year sentence.

The sentence devastated him, but not for long. Pulling himself together, he saw in his plight the opportunity to institute prison reforms and fight for the rights of less educated prisoners. His efforts almost cost him his life once, but his faith in God and belief in what he was doing inspired him to continue. After the EDSA People Power Revolution, his case reportedly reached the attention of President Aquino and he was granted conditional pardon in 1992. Then, President Ramos granted him absolute pardon during his term, and even instructed him to organize the Kabisig People's Movement in Mindanao. It is the Kabisig, chaired by Danny, which is now an active partner of the government in spreading the good news about it through the Kabisig information exhibits and trade fair which are held yearly in Metro Manila and other regions in the country.

Danny decided to stay in Davao with his family, where he worked as one of the prime movers for the establishment of UP Mindanao. He was the first institutional development consultant of the Mindanao Business Council, a group of leaders from various chambers of commerce and industry in the region. He also became a consultant for the Canada Development Agency for its craft village development program. He is a member and former officer of the Jaycees and Rotary Club and is now a Jaycee senator. Through Kabisig, he has reached out to depressed communities with medical missions.

In 1997, he became the Supervising Trade and Industry Development Specialist for the Craft Village Development Program - a joint project of the Department of Trade and Industry and the Canada International Development Agency (CIDA) which aimed to promote the development of small and medium enterprises in craft villages. His job involved the preparation of project management programs related to the efficient management of craft villages and the monitoring and coordination of the delivery of technical and support services.

At 70 years old, Danny is still a man to reckon with. He leads the elderly with contagious enthusiasm and energy, aggressively sourcing funds for the medical needs of indigent senior citizens. His life story is a story of triumph over adversity, of compassion over hatred and of happiness over despair. It is a story most fitting to be called a "happiest Pinoy."

**ARTURO E. GUINTO**  
BS AGRICULTURE, UPLB, 1971

Arthur's most significant achievement was when he received the award, "Equal work Opportunity for Handicapped and Disadvantaged Employees".

## BENILDA IBASITAS-CONCEPCION

BS HOME TECHNOLOGY, UPLB, 1971

### Last Position Held :

- Executive Assistant and Office Manager, Brandow and Johnston, 1989-2012

### Organizations:

- Sigma Gamma Lambda Sorority
- University of California (Los Angeles) Accounting Extension Courses
- West Covina Family Rosary Crusade

Benilda or Vee to her family, relatives and friends spent the beginning of her adult life in Pasuquin. She entered UP College of Agriculture (UPCA) in June 1966 and lived in the Villegas Dormitory for almost six years, until she moved to Manila to look for a job. Her most memorable experience in college was when she dropped out from her Western Thought 1 class in UPCA, and decided to take this subject at UP Baguio in the summer of 1969 so she could graduate on time.

In 1980 she migrated to the USA where she settled with her husband, Bayani, in Southern California. Together, they built their family's foundation working full time jobs while raising three beautiful children. Benilda spent nearly two decades as an Executive Assistant in one of the most prestigious structural civil engineering firms in Los Angeles until her retirement in 2012. During her retirement days, Benilda enjoys spending time with her husband and taking care of her five wonderful grandsons.

## ERLINDA V. IGNACIO-DIZON, PHD

BS AGRICULTURE (MICROBIOLOGY), UPLB, 1971

MS FOOD SCIENCE, UPLB, 1983

PHD APPLIED MICROBIOLOGY, TOKYO UNIVERSITY OF AGRICULTURE, 1988

Erlinda or Linda started her college education in UPCA staying in the Women's Dormitory throughout her college life. She finished her BSA degree major in Microbiology in 1971. More worthy to note was her joining a sorority in 1967 where she was one of the pioneer members.

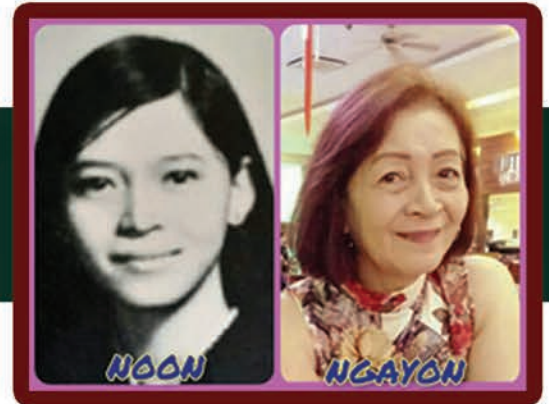

She was not able to get a job right away as she prioritized her family and be able to attend to her growing children. In 1977, her first job as a Research Assistant at the Department of Food Science and Technology (now Institute of Food Science and Technology, IFST) was on the research project funded by SEARCA. From a research assistant, she was promoted to Instructor in 1979. As a faculty member, she realized the importance of advanced studies so she pursued MS Food Science in UPLB in 1980 with support from the Faculty Development Program of the UP System. Two years later, she pursued her PhD (major in Applied Microbiology) in Japan under the Monbusho (Ministry of Education) Scholarship.

Aware of the need to perform the trilogy function of teaching, research and extension, she struggled to balance her roles in the university and to her children. Life had to go on as a working mother. She also taught in UP Mindanao and UP Diliman as Affiliate Professor. She instituted undergraduate and graduate courses. In research, she obtained quality outputs that qualified for scientific publications in local and international journals. The technologies she developed in the production of nata de coco, vinegar, patis and fruit wines became part of the IFST's income generating project. Under the extension program, she served as resource speaker in various seminars, lectures and hands-on training on food processing and safety. She also served as supervisor to several high school and college students around Laguna areas for their science research projects. It was her dream to help Small and Medium Enterprises (SMEs) food industries to produce their own quality and safe food products for Food and Drug Administration (FDA) registration. These inspired her to produce different training modules and leaflets/brochures for use during training.

Her dedication to her work paid off as shown by the awards, citations and scholarships she received such as: Faculty Development Award under the UP System (1980-82); Monbusho (Ministry of Education) Scholarship, Japan (1984-88); Philippine Exchange Scientist DOST-JSPS Joint Program, Japan (1994); Textbook Writing Grant awarded by the UP System (2000- 2001); UP Centennial Faculty Grant, UP System (2010); Professorial Chair Lecture awarded by the San Miguel Corporation (1995-1997); and several International Publication Award (IPA) exclusively awarded by the UP System for the publication of Scopus-indexed/ISI papers.

She served as Director of the IFST from 2010-2015. After her retirement in 2015 as a full professor, she still managed to serve as a technical consultant and Lecturer on Food Safety sponsored by ADB thru IDRG, assigned in Lao-PDR from 2015-2016. As of this date, she is still actively involved in helping some private institutions as consultant.

She married in 1971 to her brother in organization, Mr, Renato 'Enet' Dizon and they are blessed with a son (Renelle), and two daughters (Ma. Weegee, and Maureen Joy). She is so much blessed with fourteen (14) lovely grand children.

### Scholarships:

- UP System Faculty Development Award
- Monbusho (Ministry of Education) Scholarship, Japan

### Positions Held (Last 5 years):

- Consultant, CS First Agri-industrial Inc. Bayambang, Pangasinan, 2018-2019
- ADB, IDRG Consultant/Lecturer, National University of Laos, Faculty of Agriculture, 2015-2016

### Organizations:

- Philippine Association of Food Technologists, Region 4 Chapter
- Kapisanan ng mga Kimiko sa Pilipinas (KKP)
- Gamma Sigma Delta Honor Society of Agriculture
- International Society for Southeast Asian Agricultural Sciences (ISSAAS)
- Philippine Association of Japanese Ministry of Education Scholars (PHILAJAMES)

## DANTE T. ISON

BS AGRICULTURE, UPLB, 1971

### Positions Held (last 5 years)

Crude Oil llc Overseer, Corpus Christi, TX, 2014-2018

Organization Affiliation:  
Gamma Sigma Fraternity

The Mindoro Outreach Ministry – an activity sponsored by the UP Student Catholic Action (UPSCA, UP Los Baños Chapter) and participated by different student organizations in the campus -- is among his most memorable experiences in college. Dan, along with his brothers in Gamma Sigma Fraternity, shared their knowledge in piggery production to uplift the lives of the villagers. He remembers the unselfish assistance extended to the participants by one of the members of Class 71, Jess Abeleda, who hails from Mindoro. He ensured that all their needs were attended to. The group is truly indebted to Jess for his kindness and generosity which made this outreach ministry activity truly memorable not only to the people they served but to the participants from Los Baños as well.

## TERESITA KALAW-PACULAN

BSAGRICULTURAL ECONOMICS, UPLB, 1971  
 MASTER IN PROFESSIONAL STUDIES IN AGRICULTURAL  
 ECONOMICS, UNIVERSITY OF MAINE, ORONO MAINE, USA, 1976

Born and raised in Grove, College, Laguna, I heard and witnessed the successes of UPLB alumni. I was inspired to agree with my INAY to stay home and study at UPLB, even if my ambition was to be a nurse. I recalled that my undergraduate journey was fun, memorable and rewarding as I met lasting friends who shared my drive and passion. I majored in Agricultural Economics.

After graduation, I worked as an Instructor at the Central Luzon State University (CLSU) from 1972-1974. God works wonders. While teaching in CLSU, I met an American couple, Dr. and Mrs. Reginald K. Harland. Dr. Harland was a UNDP expert in Economics and was assigned to CLSU for one year. We became friends and they helped me get a graduate assistantship at the University of Maine at Orono Maine, USA. I took a course leading to the Master in Professional Studies in Agricultural Economics degree. During my last year in Maine I had a chance to visit Manny Bernardo at the University of Massachusetts. Manny gave me the idea to apply to Canada as an immigrant.

In 1976, I became a Canadian immigrant and was also accepted for a PhD assistantship at the University of Nebraska, USA. Unemployment was high in Canada, so I decided to consider continuing my studies in Nebraska. I went to US immigration to get a student visa, but unfortunately, I was declined. Disappointed, I was not discouraged as I knew that God is always with me. He had a bigger reason for me to stay in Toronto, because this is where I met my husband, Benjie, and have 3 beautiful and loving children.

Career wise, I am enjoying my business as an independent contractor with Primerica, a New York Stock Exchange Co. I help families earn extra or full time income, become properly protected, debt free and financially independent. I decided to get involved in this business because I wanted to become a full time mother making a full time income. Accomplished!

Everyday, I thank the Lord for the wonderful life He has led me, for my Inay, Ate Pila, Ate Nels, relatives and friends and for the days to come that are filled with His blessings.

Positions Held (last 5 years):

- Regional Vice President, Ontario, Canada, 1989 to present

Organizations:

- Sigma Beta Batch 1967
- Member, Financial Independence Council, Primerica since 2005

# JULIAN ALVIAR LAPITAN

BSA (ANIMAL SCIENCE, UPLB, 1971

MS EXTENSION EDUCATION, UPLB, 1981

Julian or Jojo to his friends and relatives enrolled in UPCA in 1966 and being from poor family, supported himself by working as a student assistant until graduation in October 1971.

#### Scholarships:

- Robert Chandler Scholarship
- DA-National Food and Agriculture Council (NFAC) Scholarship

#### Positions Held (Last 5 years):

- Senior Pastor, Hasik Bagong Buhay Christian Ministries Inc., Los Banos, Laguna, 2005 to date
- Head, Partnerships Office Consultant, IRRI, 2010-2016
- Member: Private Sector Representative, Board of Regents, Laguna Polytechnic State University (LSPU), September 2019 to May 2020
- Honorary Scientist and Adviser: Rural Development Administration, Republic of Korea, 2016 to date
- Member, Technical Advisory Group (TAG), Rice Research and Program Operations, DA, September 2019 to date
- Member, Philippines-IRRI Collaborative Rice Program (PICRP) Review Team, DA, October 2019- May 2020
- Member, Joint Task Force on Scaling Rice Technologies and School on the Air, DA, May 2020 to date
- Member, Joint Task Force on Province Led Agriculture and Fisheries Extension System (PAFES), DA, June 2020 to date
- Community Relations Expert (Consultant), PhilRice, August 2020 to date

#### Awards/Honors/Citations:

- Plaque of Grateful Recognition: Given by Laguna State Polytechnic University, 24 March 2017, Sta. Cruz, Laguna;
- Plaque of Gratitude, Award given by the Philippine Rice Research Institute and the Department of Agriculture, 20 October 2015, Philippine Carabao Center, Munoz, Nueva Ecija, Philippines;
- 2014 Distinguished Alumnus Award for International Services and Extension, Award given by UP Los Banos, College of Agriculture Alumni Association on 9 October 2014, Los Banos, Laguna;
- 2014 Natatanging Alumnus ng Bayog Elementary School, Award given by the Federation of PTA of Los Banos, Department of Education, May 2014, Los Banos, Laguna;
- 2013 Outstanding Alumnus Award, by Laguna State Polytechnic University, 19 July 2013, Los Banos, Laguna;
- 2012 IRRI Award for Outstanding Research Support, 5 April 2013, IRRI, Los Banos, Laguna;
- Plaque of Appreciation by the Nepal Agricultural Research Council, 6 November 2012, Kathmandu, Nepal;
- Gratitude Award, 26 Aug 2011, Rural Development Administration, South Korea
- Recognition Award, 2 December, 2010. Department of Agriculture, Peradeniya, Sri Lanka;
- Medal Award, Contribution to rural and agricultural development of Vietnam, 9 November, 2010, Hanoi, Vietnam;
- 2008 Outstanding Citizen Award, April 2008, Barangay Bayog, Los Banos, Laguna
- Honorary Fellow Award, 2001, Crop Science Society of the Philippines
- Excellence Award, 1995, IRRI;
- Achievement Award in Extension, 1995, Crop Science Society of the Philippines
- Outstanding Year-Round Performance Award, 1992, IRRI

Jojo started his career in 1972 as a Village Extension Worker under the Multiple Cropping Extension Pilot Project (IDRC funded project with UPLB and IRRI). Worked with village farmers for almost 5 years and exposed early to a technology-based rural development and transformation initiative to improve farmers' productivity and profitability. After five years of helping the community, Jojo was deputized to DA-NFAC for 10 years (1977-1986) to continue the project and became Chief of Cropping Systems Division, handling the scaling up of the National Multiple Cropping Program in various provinces and coordinating other national commodity programs (Gulayan sa Kalusugan), National Soybean program, Rice Fish, Root Crops, and support to Masagana (Rice) and Maisagana (Corn) programs practically covering all provinces of the country. During those years at DA-NFAC performing various functions, he worked with the regional and provincial DA staff and provided them with practical training and mentoring on agricultural management and leadership skills. Being at DA, Jojo was also instrumental in the establishment of PhilRice especially during its formative years in 1986. In 1987, he moved to IRRI as an Assistant Scientist with the Training and Technology Transfer Department and retired in 2015 as Head of the Partnerships Office. For 26 productive years with IRRI, his career has evolved from village to national and finally to global arena.

At IRRI, he headed the Partnerships Office until his retirement. His work enabled him to travel to more than 30 countries, mostly in Asia including SEA, North Korea, China, India, Bangladesh, Bhutan; Central Asia including Iran, promoting and coordinating rice research partnership with these countries. In recognition of his efforts, he received various national recognitions and awards. His last years at IRRI he had been coordinating for 12 years (2002-2011) an international course in Rice Farming Systems Technology Transfer course with the Rural Development Administration of South Korea and IRRI and trained more than 200 research and extension officers from more than 21 countries and became a network of personal and professional friends in the high positions in their institutions and partnering with them in rice research and development which was professionally rewarding.

Prior to his retirement from IRRI, he worked with DA in 2013 in funding and coordinating various DA-IRRI joint research projects worth more than PhP2B, making Philippines one of the 10 biggest donors of IRRI. Those projects have developed relevant technologies (new varieties, cultural practices, water and nutrient management, etc.) for the rice farmers.

For 50 years after graduating from UPLB, Jojo was humbled but very grateful to his alma mater for molding him and preparing him to contribute and add value to the agricultural development not only in the Philippines but for other rice producing countries of the world. He had more than 30 years of designing, managing, coordinating and facilitating national and international rice and agricultural programs and training courses; more than 25 year experience in generating donor funding support for national and international projects including training and other human capacity building programs. More rewarding were his more than 40 years engagements in local community development initiatives with various stakeholders. His sincerest appreciation and gratitude to UPLB.

**SERENA LONJAS-SANCHEZ, PHD**

BS AGRICULTURAL CHEMISTRY, UPLB, 1971  
 MS ANIMAL SCIENCE, UPLB, 1976  
 PHD ANIMAL SCIENCE, IOWA STATE U/UPLB, 1982  
 POST DOCTORATE, WAGENINGEN, 1989-1990

Serena or Serene's stay at UPLB as an undergraduate was in the last two years of her course. She started as a BS Chemistry student at UP Iloilo, then she transferred to UP Diliman, and ended up at UPLB. In the summer of 1969, a classmate, Zenaida (Bobot) Alipit-Teves, from Cabuyao, Laguna, was instrumental in her transfer to UPLB. Serene had to take agriculture subjects and her classmates were sophomores. She finished BS Agricultural Chemistry in the summer of 1971, then she worked as research assistant for two years. She obtained her MS Animal Science degree in 1975 and joined the Visayas State College of Agriculture (ViSCA) in October 1975. In 1977, she proceeded to work for her PhD under the combination program of the college (1 year course work at Iowa State University and dissertation at UPLB).

She got married in May 1976 to Edmundo Sanchez of Masbate and raised four kids while doing her dissertation. She went back to ViSCA in November 1981.

The atmosphere in Los Banos suited her personality being shy and serene. She stayed at the Sisters' dorm with Bobot as her roommate. Her close friends at the dorm formed us into "the Bombastiks". They were from different regions, which enabled her to visit places like Pampanga, Camarines Sur and Cavite. Rosalina "Baby" Mendoza-Lapitan and Bobot were her close classmates, thus she also got the chance to visit Naujan, Mindoro Oriental and Cabuyao, Laguna.

Life was quite simple then. Board and lodging at the dorm was PhP30/mo. When they got the urge for midnight snack, they bought pancit bihon at the Grove for PhP1/order. This was heaven for a pancit lover like her. Ikot was 5 cents/ride but with her friends she still enjoyed walking. With friends, she also watched free movies at IRRRI on weekends.

Now she lives in Baybay, Leyte with her husband. Three of their children graduated from UPLB: two are now PhDs and one, MD.

**Scholarships:**

- NSDB (DOST) Graduate Manpower Training Program for MS
- World Bank-EDPITAF-ViSCA Scholarship for PhD
- FAO Andre Mayer Post-doctoral Fellowship

**Organization:**

- Philippine Society of Animal Science

## TOMAS R. LUGOD

BS AGRICULTURE, UPLB, 1971

MS AGRONOMY, UPLB, 1980

### Honors/Awards/Citations:

- Undergraduate Fellowship (College Scholar)
- Outstanding Achiever Award, PHPI, 2005

### Position (Last 5 years):

- Freelance Agri-preneur, 2014-Present
- Private Consultant, 2012-2016

### Organizations:

- Crop Science Society of the Philippines
- Philippine Association of Entomologists
- Olericultural Society of the Philippines
- Honor Society of Agriculture (Gamma Sigma Delta)
- International Hibiscus Society
- Pioneer Karate Club

Tomas or Tom's memories of college life were both interesting and challenging. He was proud whenever he saw his name in the top twenty list of highest scorers in certain examinations in Agronomy, Animal Science, Soil Science and Plant Pathology subjects. Most of his college time was spent studying. He started honing his interest in research as a 'student assistant' in taking care of the "Mussaendas" under the guidance of Dr. Alfonso Calub and in seed laboratory works under Dr. Noel Mamicpic of the Department of Agronomy, UPLB from 1967-1970. He was also granted an Undergraduate Fellowship for one year.

As an Agronomy Manager of the Pioneer Hi-Bred Philippines from 1997 to 2006, Tom started the hybrid corn & hybrid rice seed field testing in key farm market locations of Vietnam and eventually, he was appointed as Country (Business) Manager to head the seed business operation of Pioneer Hi-Bred Vietnam, Ltd in 2007 until his retirement in January 2010. His employment in the company was extended, serving as a Technical Consultant of Pioneer Hi-Bred for two years in February 2010-December, 2011. In the Philippines, he held various positions in the agribusiness operation of San Miguel Corporation and Pioneer Hi-Bred Philippines, Inc (PHPI) as follows: 1981-1989 (Entomologist and Technology Manager in Agri-Business operation of Hybrid Seed Research Center, San Miguel Corporation). In 1990's to 2006, he was the Agronomy Manager of Pioneer Hi-Bred Philippines Inc. (PHPI), serving as technology trainer to agronomists and sales personnel and overseeing the company's nationwide field testing of new hybrid corn and hybrid rice in the Philippines. His work resulted in the successful yearly advancement of numerous hybrid corn and hybrid rice seeds for commercial selling in the Philippines. Concurrently, he served as coordinator in product seed testing across market segments in the Pioneer Hi-Bred seed operations in Thailand, Indonesia and Vietnam from 2000 to 2006. His agronomy team in the Philippines spearheaded the field testing of hybrid corn with the Bt corn trait in early 2000 and successfully got government approval and commercialization of the Bt corn hybrids in 2004-05. On January 28, 2005 he was awarded a plaque of "Outstanding Achiever Award" by the company (PHPI). He was also the principal author of the Pioneer's "Maize Pest Manual" first printed in 2006 and revised for third printing in 2008. This pest manual was widely used as a reference material by all Pioneer Hi-Bred field sales agronomists across Southeast Asia in their training and in interacting with farmer customers. To help spread the adoption of hybrid corn seed farming technology, he actively contributed numerous popular articles about soil fertility, crop nutrition, corn field problems identification and management in the Philippines Agri-Magazine from Sept.2005 to February 2007.

Although private employment is tough and hard, there were moments of fun and enjoyment during semestral and annual meetings of 5-7 days to plan yearly goals and hone professional, technical and selling skills from colleagues in the USA and from hired private professional training agencies. These annual meetings held in the Philippines, Thailand, Indonesia, China, Vietnam, Malaysia, Japan, Italy or the USA, served as venues as well for exploring the tourist areas of these countries from 1990-2011.

The latest results of his current interest in Hibiscus (gumamela) breeding for the past 5 years has given him immeasurable satisfaction with new hybrids showing various intensity of colors in yellow, red, pink, orange, maroon and white or their combination. He recently named some of these after his wife, children and some of friends' spouses.

## REMEDIOS MARTINEZ-AGUDA

BS AGRICULTURE (ENTOMOLOGY), UPLB, 1971  
MS ENTOMOLOGY, UPLB, 1977

After graduation, Remy first worked as Research Assistant in the Department of Entomology, UPLB for two years and then as substitute Instructor for two years. She pursued her Master of Science in Entomology as a part time student while teaching and then full time when she got the NFAC scholarship. Before finishing her Master's degree, she got married to Angelito Aguda, a graduate also of UPLB Department of Agricultural Engineering. Their marriage was blessed with three boys.

In 1977, after finishing her MS degree, she transferred to the International Rice Research Institute (IRRI) as Researcher and worked there for 25 years. She retired 7 years before her mandatory retirement because of downsizing of the Institute. She worked on biological control of rice pests on parasites, predators, microbial agents (fungal pathogens) and also *Bacillus thuringensis* (Bt) transgenic plant for resistance. She also conducted research in collaboration with Thailand, India, Vietnam, and China on the effectiveness of the different Bt toxins to rice stem borer.

### Scholarship:

- National Food and Agriculture Council (NFAC) Scholarship

### Organizations:

- Philippine Association of Entomologists, Inc.
- Gamma Sigma Honor Society of Agriculture
- Phi Sigma Honor Society for Biological Sciences

## ROSALINA MENDOZA- LAPITAN, PHD

BS AGRICULTURAL CHEMISTRY, UPLB, 1971

MS, UPLB, 1981

PHD, TOTTORI UNIVERSITY, 2008

### Positions (Last 5 years):

- Philippine Association of Agriculturists (PAA)- President, 2019-2020
- PAA -Vice president, 2017-2018
- Philippine Association of Career Scientists (PACS)- Secretary, 2016-2019
- Section Editor of the Nutrition Section of the Philippine Journal of Veterinary and Animal Sciences (PJVAS), 2017 to date

### Organizations:

- Philippine Association of Agriculturists, Inc. (PAA)
- Philippine Association of Career Scientists, Inc. (PACS)
- Philippine Society of Animal Nutritionist (PHILSAN)
- Philippine Society of Animal Science (PSAS)
- UPLB Chemistry Alumni Association, Inc.
- Kapisanan ng mga Kimiko sa Pilipinas, Southern Tagalog, Inc
- Animal Nutrition Society of India

Rosalina or Baby's student days were well known for activism. She used to watch from the windows of her boarding house, professors and students marching from College to Crossing. She was not allowed to join. There were lots of class suspensions, but it did not mean that students were excused from attending their enrolled courses.

Exciting days included elections for the student council because candidates from Diliman came to UPLB to campaign and present their platforms.

Baby specialized in Animal Nutrition and meats and initiated the production of high end sausages to improve farmer's income and remove the prejudice that carabao meat is inferior to beef. As head of the Philippine Carabao Center UPLB Research and Development Division, she was in charge of generating and monitoring technologies on carabao nutrition, meat and milk products (white cheese, yoghurt, etc) development; packaging and transferring of technologies for adoption in impact and dairy zones; capacitating and mentoring of dairy processors on milk handling, quality evaluation, processing, packaging, storage and record keeping. She was instrumental in establishing the carabao based enterprise of General Trias, Cavite (Gentri's Best) and Rosario, Batangas (The Rosario Livestock and Agriculture Farming Cooperative).

She received the 2006 Outstanding Employee Award of the Philippine Carabao Center, DA; 2012 KKP-ST Distinguished Achievement Award in Extension from the Kapisanang Kimika ng Pilipinas (Chemical Society of the Philippines) Southern Tagalog Chapter; 2014 Scientist I, given by Civil Service Commission and the Department of Science and Technology and the 2016 PSAS Distinguished Fellow, the highest award given by the PSAS.

## ALFONSO D. MERCA

BSA AGRIBUSINESS, UPLB/UPD, 1971  
 MBA, POLYTECHNIC UNIVERSITY OF THE PHILIPPINES (PUP), 1975  
 MDP, ASIAN INSTITUTE OF MANAGEMENT, 1976  
 MARD, VICTORIA UNIVERSITY OF MANCHESTER (UK), 1979

Considered joy in Professional Pursuit.

Alfonso or Ching started his working career by experiencing functional specialties (finance-management jobs) before he embarked on field crop management (banana-pineapple- cotton). After more than 20 years of field crop management, "climate change" (when one cannot predict rainfall patterns anymore) changed his perspective ) caused him to shift to livestock breeding and production and farm waste management. In all of these large farm management endeavors, efforts were made to include benefits for small farmers. Among these were small farm contract growing for bananas/ pineapple; concentrating cotton growing to second crop small farmers after the first crop of rice or corn, and bringing the benefits of artificial insemination to small livestock farmers.

When his children had settled in their respective careers and with the comforts of pension, he found time to be involved in coop management, serving as staff in Barangay activities, and providing leadership in homeowners' affairs and church activities. He considers these as the climax of his life's journey.

Thanks so much. More power.

PROUD TO BE UPLB PRODUCT!

Positions Held (Last 5 years):

- Farm Administrator, International Farms Corp, (Infarmco), Laguna, 1993-2008
- Managing Director, Infarmco Foundation, Laguna, 2000-2008
- Executive Director , Phil NGO Council on Health and Welfare, 1991-1992
- Vice President –Operations, Philippine Cotton Corporation, 1976-1990

Organizations:

- Gamma Sigma Fraternity
- Knights of Columbus

## INGRID MONTECILLO-RICHTER

BS AGRICULTURAL CHEMISTRY, UPLB, 1971  
REGISTERED ASCP, MED TECHNOLOGY

After graduation, Ingrid or Jing to her family, relatives and friends, taught Chemistry for many years at San Carlos University in Cebu. She later married her pen pal, Wilhelm Richter, a physics and astronomy professor. They lived in Louisiana, then Arkansas before finally settling down in California to be near her daughter and grandkids.

Jing and Wilhelm enjoyed traveling until the pandemic hit and Wilhelm's Parkinson's condition worsened. Jing is happy to hear from friends and classmates again as she has not been to Los Baños for many years.

## OLIVIA NARCISO TOLENTINO

BS AGRICULTURAL CHEMISTRY, UPLB, 1971  
MA IN RELIGIOUS EDUCATION, DLSU, DASMARINAS

Olivia or Olive's memory of her college days was the difficulty of doing her research. There was no internet or Wi-Fi yet. She says her grades were hard earned. Most of her professors would challenge them with so many reading assignments. She responded with resourcefulness in doing research. She enjoyed the company of her classmates despite the many mass actions during that time.

Olive remembers fun memories with her friends (Emer Ramos, Guia Romero and Dors Maligalig) when they joined the varsity swimmers. 'Win or lose' they got a free swimsuit and a jacket. Also she recalled the time when Abe Borbe, a platoon leader, invited her as his corps sponsor. She also enjoyed a grant of tuition fee exemption for two years.

Position Held (Last 5 years):  
Head, Formation Committee of the  
Diocesan

Ministry on Catechesis, Cavite (Not  
completed)

Organizations:

- Chemistry Society (ChemSoc)
- Catechetical Ministry, Diocese of Imus, Cavite
- UP Student Catholic Action (UPSCA)

## TEODORA OLIVEROS-AMOLOZA, PHD

BS AGRICULTURE (STATISTICS), CUM LAUDE, UPLB, 1971

MS STATISTICS, UPLB, 1976

PH.D., UNIVERSITY OF NEBRASKA, LINCOLN, 1988

### Scholarships:

- Alice Frost Howard Fellowship, UNL
- Presidential Fellowship, UNL

### Awards:

- DuPont Award for Teaching Excellence  
IWU, 2000
- Van J. Symons Distinguished Service Award, ASIANetwork, 2014
- UPLB CA Distinguished Alumna Award, 2014

### Organizations and Honor Societies:

- Association for Asian Studies
- ASIANetwork
- Midwest Sociological Society
- Alpha Kappa Delta International Sociology Honor Society
- Gamma Sigma Delta Honor Society of Agriculture
- Phi Beta Delta Honor Society for International Scholars (founder of Epsilon Chi Chapter)
- Phi Beta Kappa Honor Society
- Phi Kappa Phi Honor Society

Teodora (Teddy) finished the BSA 5-year course with a Statistics major in 4 years and 3 summers. She joined the Brotherhood of the Plebeians, worked at the Department of Chemistry for a year, was a college scholar and undergraduate fellow, and an Albino Sycip scholar. After finishing her degree in October 1971, she worked as research assistant at the Department of Statistics at IRRI then joined the Department of Statistics at UPLB in 1973 as graduate assistant while working on her Master's degree, finishing in 1976. She married Jerry Amoloza in 1975. In 1977, she received a Colombo Plan Fellowship for training at the Australian Bureau of Statistics. Her experiences in Australia and the survey projects at UPLB inspired her to change her academic field to sociology. In 1982, she left for the U.S. to start her doctorate degree at Oklahoma State University supported by a graduate assistantship. Later she moved to the University of Nebraska-Lincoln where she was a graduate teaching assistant, a research assistant and was recipient of two prestigious fellowships. She finished her Ph.D. in 1988 and was a post-doctoral fellow at the UNL Bureau of Sociological Research until 1990.

She then joined Illinois Wesleyan University receiving tenure and promotion in 1993 and promotion to full professor in 2001. She served as Director of the International Studies Program from 1993 to 2004 leading the program in receiving two grants from the U.S. Department of Education totaling \$400,000. In 2000, she received the DuPont Award for Teaching Excellence, the highest teaching award at the university. In 2005, she became Executive Director of ASIANetwork, a consortium of over 160 liberal arts schools in North America, and led the organization in receiving over \$5M grants from various foundations. A consummate leader, she has pioneered and advanced the development of Asian Studies at liberal arts colleges in the U.S. In 2014, ASIANetwork created the Teddy Amoloza Junior Faculty Award in her honor. From 2015 to the present, she obtained over \$1M grant from the Freeman Foundation to enable Illinois Wesleyan to send 150 students on summer internships in Asia.

## DR. ARELYNE BUSTRILLOS PACHO-RAMOS

BS AGRICULTURAL CHEMISTRY, CUM LAUDE, UPLB, 1971  
 MD MEDICINE, UP MANILA  
 UNIVERSITY OF THE PHILIPPINES COLLEGE OF MEDICINE  
 PM AND R RESIDENCY- UNIVERSITY OF PENNSYLVANIA

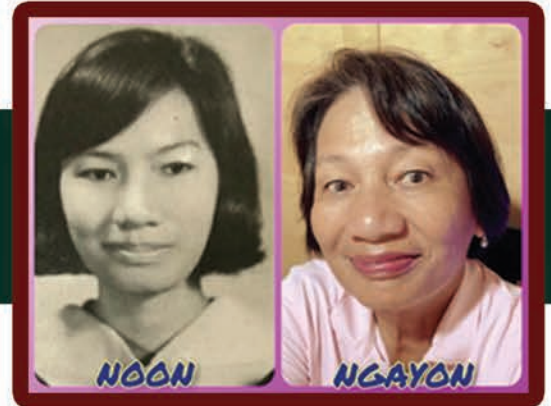

Long before the terms “capacity building” and “community service” were popular, I have been doing much of it already. My parents, Dr. Antonio and Nena Bustrillos, professors of UPLB and supporters of the St Therese Outreach ministry, were my role models. Attending College in UPLB required an eye on my academics to maintain my NSDB Scholarship standing, but it also gave me a chance to take part in the student “Makibaka” movement, making the students’ voices heard during the regime of President Ferdinand E. Marcos.

When martial law was declared in 1972, my life was already evolving in the UP College of Medicine. I left for the United States in 1978 where I undertook a residency program at the Hospital of the University of the Pennsylvania (HUP). I had the chance to get involved in community building again when I started my rehabilitation practice in Philadelphia and Southern New Jersey.

Two organizations recruited me - the PCSNJ and the UPMASA. Under UPMASA, I became president of Delaware Valley Chapter for three terms as well as National Secretary for two terms. With UPMASA, notable activities were held such as: free health clinics, fundraising for UP College of Medicine (UPCM), Philippine General Hospital (PGH) and purchasing more than 100 Laptops for the Doctors to the Barrios Program (DTTB). I attended the UPMASA Medical Mission in Malaybalay, Bukidnon. With PCSNJ, I helped purchase an 8,000 sq. ft. Community Center in 2000, where educational and cultural events are held.

Over the years, I have not forgotten Los Baños. As founding President of Friends of Los Baños Children (FLBC), a grassroots campaign of US and Canada Los Baños expats, I helped in providing books and other educational materials to all 13 barangay schools. I also started the Benito Pacho Thesis Support Loan Fund for undergraduate students in the UPLB and donated regularly to the Artist Relief Mobile Kitchen, Inc. (ARMK) serving hot food to victims of natural disasters in the Philippines.

It gives me great satisfaction that I have served communities both in the US and in the Philippines over the years.

### Honors/Awards:

- Meritorious Service to UP Medical Alumni Society in America (UPMASA)

### Scholarship:

- National Science Development Board (NSDB) Scholarship

### Organizations:

- Philippine Community of Southern New Jersey (PCSNJ)
- UP Medical Alumni Society in America (UPMASA)

#### Honors/Awards/Citations:

- Awardee, Tandang Sora Award given by the Quezon City Government, 2020 The Outstanding Filipino (TOFIL) Award for Education, presented by President Benigno Simeon C. Aquino in Malacanang, 2011
- Lifetime Achievement Award, International Association of Business Communicators (IABC) CEO Excel Awards 2011
- Recipient of the "Ordre National de la Legion d'Honneur, au grade de Chevalier", Republic of France, 2009
- Lingkod Bayan Awardee, Civil Service Commission, Office of the President of the Republic of the Philippines, 2007
- Gawad Parangal - Outstanding Citizen of Quezon City for 2007 Most Outstanding University Woman in Education, Philippine Association of University Women, 2006
- Citation as the First Woman President of the University of the Philippines, Civil Service Commission, 2006
- Gawad Dangal ng Lahi, Don Carlos Palanca Memorial Award for Literature, 2005.
- Outstanding Citizen of Los Baños (Academic Administration), UP Los Baños, 2005
- Most Outstanding University Woman in Education, Philippine Association of University Women, 2006
- Citation as the First Woman President of the University of the Philippines, Quezon City Hall Grounds, 2006.
- Outstanding Woman Leadership in Education Award, National Council of Women of the Philippines, 2005
- Gawad-Chancellor – Pinakamahusay na Guro (Outstanding Professor), UP Diliman 1996.
- Outstanding Alumnus Award for Academic Service, College of Economics and Management, UP Los Banos, 1994.
- Outstanding Alumnus Award for Public Service, College of Business Administration, University of the Philippines, 1993.
- Outstanding Alumnus Award for Academic Administration, University of the Philippines Los Banos, 1989.

Emer graduated with the degree of Bachelor of Science, majoring in Agricultural Economics In October 1971. She joined the Department of Agricultural Economics as a research assistant right after graduation. She transferred to UP Diliman upon the invitation of Dr. Fabian Tiongson who was then head of the Agribusiness Management Program of the then College of Business Administration (now Virata School of Business Administration). She started as Instructor in 1974 and became a Full Professor in 1989, earning along the way her Master of Agribusiness Management and Doctor of Business Administration degrees from the same College. After she retired in 2015, she was given the Professor Emeritus rank by UP.

Emer was the first woman Chancellor of UP Diliman, serving three (3) terms and this was capped with her election as the first woman President of the University of the Philippines. She was also the Centennial President of UP as her term coincided with the University's 100th year. During her term UP finally was able to have the UP Charter amended (after 25 long years of working for its amendment) in 2008, UP's centenary.

As UP President, Emer focused on the promotion of Science and Technology which saw the establishment of the National Science Complex, the Engineering Research and Development for Technology Program, the Philippine Genome Center, and the Scientific Productivity System, an incentive program for UP's scientists, and the UP North Science and Technology Park. As a counterpart to the Scientific Productivity System, the Artist Productivity System was also established to honor UP's outstanding artists.

When her term ended, Emer was awarded The Outstanding Filipino Award by the JCI Senate Philippines in 2011. The awarding ceremony was held in Malacanang with President Benigno Simeon C. Aquino giving her the award. Two years earlier, she was conferred the "Ordre National de la Legion d'Honneur, au grade de Chevalier", by the Republic of France. The award ceremony was held at the Embassy of France in the Philippines, graced by the French Ambassador.

Emer is UP through and through – as a student, as faculty, as Chancellor and as President. Retired but still teaching and doing research. She never regretted one bit of her being in and with UP.

## EUFEMIO T. RASCO, JR, PHD

BS AGRICULTURE (ANIMAL NUTRITION), MAGNA CUM LAUDE, UPLB, 1971  
MS HORTICULTURE, UPLB, 1974  
PHD PLANT BREEDING, CORNELL UNIVERSITY, 1979

I actually had two life changing events in March 1971: one was graduation. The other one was the birth of my first child Sonriza. Her birth practically dictated my initial life trajectory. My first priority was to find a job, any job, so I can give her a decent life.

I got the taste of the first bitter lesson in job hunting: don't overfill your CV. At first I wanted a job that can use my animal nutrition expertise, in an animal farm. But I got rejected as being too academically oriented, with my magna cum laude decoration. Next, I tried the corporate world. I was shown the door as soon as the HR department saw my student leadership background. It was obviously a wrong time for student activists to find a job in the corporate world. After months of literally pounding the road, I finally got a job offer: from, of all places, Radio Veritas! I was not quite sure if it was my BSA background that attracted the station manager priest, but he was coincidentally a brod in the UP Beta Sigma Fraternity.

Just as I was beginning to convince myself that I was destined to be a radio announcer, another brod came along: Dr. Edgardo Quisumbing (Ed). He just returned from PhD work in the USA and was looking for someone to trust with his project in vegetable crops. I was quickly hired when he learned I was a Betan. But before I could celebrate my fraternity link, I learned that Ed was recruited to his job by an Upsilon (the Betans' nemesis in college), Dr. Ruben Villareal! So there goes the second lesson: Fraternity feuds end with graduation. I proceeded to work on vegetable crops physiology!

The final milestone that led me to the present was when Dr. Emil Javier, then an assistant professor who just founded the Institute of Plant Breeding (IPB), offered me a scholarship leading to a PhD in plant breeding in the USA in 1975. I was the first of several scholars to be sent by IPB abroad. It was an opportunity of a lifetime that I did not hesitate to take. And that path led to where I am now, a plant breeder.

### Scholarships:

- Chamber of Agriculture and Natural Resources for BS Agriculture
- SEARCA scholarship for MS (1972-74)
- IPB scholarship for PhD (1976-79)

### Notable Awards (National Level):

- Ten Outstanding Young Men (TOYM), 1984
- Ten Outstanding Young Scientist (TOYS), 1985
- Rizal Pro Patria (Outstanding Agricultural Scientist), 1989

### Positions Held (last 5 years):

- Member (Chair of Agricultural Sciences Division, current), National Academy of Science and Technology (Philippines) (NAST)
- Professor Emeritus, UP Mindanao
- Member (President, current), Coalition for Agricultural Modernization of the Philippines (CAMP)
- Chair (current), Philippine Science Foundation for Rice Research and Industry, Inc. (PHILSCI)
- Member (current), National Committee on Biosafety of the Philippines (NCBP)
- Member (current), Board of Advisers, East West Seed Company (Philippines) Foundation

### Student Organization:

- UP Beta Sigma Fraternity (UPLB Chapter)

Organization

- Sigma Gamma Lambda Sorority

## MILAGROS SANCHEZ-TEODOSIO

BS AGRICULTURE, UPLB, 1971

After graduation, Milagros or Miles left UPLB to serve the youth of her hometown Currimao, Ilocos Norte. Her first job was as a Secondary School Teacher of the Ilocos Norte Institute of Technology (INIT) (now Mariano Marcos State University College of Fisheries Currimao - Campus) on Aug 10, 1971. She retired as Assistant Professor II after 27 years of dedicated service.

In 1975, she got married to Augusto L. Teodosio of New Washington Aklan, a graduate of BS Fisheries. After his retirement as Assistant Professor V in 2002, they migrated to the USA. The couple is blessed with three children and four grandchildren, all of whom are successful in their chosen career. The families now reside in North America (California and Canada).

## EMERITA SANTOS-MAURO

BS AGRICULTURAL ECONOMICS, UPLB, 1971

Emerita or Emy, as her friends, colleagues and relatives called her, finished her primary and secondary education in Los Banos Elementary School and UP Rural High School, UP Los Banos, respectively. In 1966, she started her college education in UPCA where she decided to major in Agricultural Economics and graduated in 1971.

After graduation, she started to work as Statistical Aide at the Department of Agricultural Economics, UPCA in 1971-72. She worked as a dedicated researcher in her field in government agencies in the country including National Food and Agriculture Council (NFAC), Department of Agriculture (DA) and Development Bank of the Philippines (DBP). She co-authored the publication "Summary of Food Consumption Surveys Nationwide" in 1973 and sole-authored "Mango Marketing in the Philippines" in 1974.

Emy's work as a researcher stopped when she transferred to the Development Bank of the Philippines Davao Branch where her work focused on banking activities like appraiser of real properties, loan approval/recommendations, loan collection, among others. She worked with DBP for 25 years until she retired in 2000.

Emy never ceases to work even after her retirement. She personally managed their own farm (Mauro's Farm), the producer of pomelo, oranges, cacao and broilers in Davao. Despite her busy schedule in their farm she is also very actively involved as President of the Rotary Club of Calinan, Davao. The Rotary Clubs around the world offer services to help mankind improve their lives, through projects ranging from environment protection to medical help. Although their Club's location is quite far from urban Davao City, they conduct projects that remote communities would benefit the most. During her term as President of the Rotary Club, the organization supported such projects as:

- Installing hand washing stations in selected schools
- Soliciting book references, here and abroad, which are given free to elementary and high school levels
- Distributing food packs to Lumads every Christmas in cooperation with LGUs and GMA Davao
- Planting mangroves in selected areas
- Distributing seedlings of cacao, coffee and different fruit trees to farmers
- Helping protect sanctuaries of animals and birds
- Assisting the Barangay Health Center Workers in giving all available vaccines to children and adults for free especially "polio" where Rotary is the sole sponsor worldwide
- Sponsoring and collaborating with hospitals, foundations and charity Institutions for CPR, community and barangay volunteers, among others
- Collaborating with charity foundations, government, private hospitals, and partners from abroad, for free operations of cataracts, pterygium, glaucoma, cyst and cleft lip, cleft palate (including repairs). As of this date, the Club has served more than 500 Mindanaoans, even before the pandemic

She is married to Virgilio P. Mauro, also a BS Agriculture graduate (UPCA, 1970). She is a proud mother of four (4) children: Jerrold (BS Agriculture, 1998), Jonas (Businessman), Janille (Doctor of Medicine) and Virgilio (BS Nursing/Businessman).

Positions Held (last 5 years):

- President, Rotary Club of Calinan Davao, 2017-2019
- Producer, Mauro Farm's pomelo, oranges, cacao, broiler, 1982 to present
- Farm Manager/Owner, Mauro Farm, 1980 to present

Organizations:

- UP Alumni Association, Lifetime Member
- UP Alumni Association, Davao Chapter
- Rotary Club of Calinan Davao, District 3860, 2015 to present
- BBP Davao Retirees, Lifetime Member

## FANNY SARAZA MACARIOLA

BS AGRICULTURE (MICROBIOLOGY), UPLB, 1971

CERTIFICATE, FAO OF THE UNITED NATIONS, 1977

CERTIFICATE, THE AMERICAN SCHOOL OF MORTGAGE, INC. 1988

I was not really sure what degree to pursue and college to go to. My cousin, Dr. Teresita Melo told my sisters about a college in Los Banos where she was working as a chemistry lecturer & laboratory instructor. To cut the story short, I took the entrance exam at UPLB and luckily, got admitted.

The place was so beautiful, serene, and with very friendly faculty members, workers, and students. So I enrolled not knowing what to take for a major field yet. I stayed at the Women's Dorm, met beautiful, loving, & kind dorm mates and I felt at home right away. Everyday was fun.

After two years, I moved to UP Diliman and stayed there for a year but I missed UPLB environment so I moved back. I was kind of shy and didn't join any sorority or organization. Then a friend approached me to become the Corp Sponsor for Corp Commander Lucio Javellana, Vanguard, UP ROTC class 1970. Another Vanguard member, Johnny Legaspi, a platoon leader approached me as his sponsor the following year. It was a step down but I didn't mind. He was from my home province, Cavite, and I obliged to his request.

I got married in 1972 to Dan R. Macariola (UPLB Major in Agribusiness). We had 3 children, namely, Kristian Robert Joseph (High School Teacher), Carica Theresa (Sports Athlete Trainer), and James Kringle (High School Teacher). James got married to Emiline Roselle and they had 2 children (Gabriella Jo & Calvin Riley).

I had a short stint working for Cooperative Marketing System of the Phils (CMSP) under Dr. Orlando Sacay and was assigned as Quality Control Coordinator at Sta. Maria Dairy Plant in Sta. Maria, Bulacan. CMSP sponsored me to attend the FAO Regional Dairy Development and Training Center for Asia and the Pacific which consisted of theoretical & practical training at DTRI, UPLB.

Dan was in the insurance business so I worked as his personal secretary when he was with Lincoln National Life, Vertex Insurance Agency, and finally at Insular Life Insurance Company.

We had three children & the future looked bleak for us if we stayed in the Philippines. So we decided to migrate to the U.S. in 1983. First, I worked as a personal secretary to a manager working at New York Life in S.F. Then, as a loan processor for the same manager for her mortgage brokering business (Consumer Financial, Inc) in Vallejo.

I completed a course of mortgage loan processing & underwriting at The American School of Mortgage Banking, Inc in 1986. With the experiences I gained from my work, we set up our own mortgage loan & underwriting business, MFS (short for Macariola, Fanny Saraza) Office Systems in 1988. I serviced two real estate companies, Ganzon Realty & Loan Services and Magee Real Estate Services until 2015. No regret, it provided us financial security. I retired in 2015 to enjoy the fruits of our labor and enjoy the sunset. It was all destiny.

## JOSE ORTIZ SARGENTO, PHD

BS FORESTRY, UPLB, 1971  
 MASTER OF FOREST SCIENCE, UNIVERSITY OF CANTERBURY  
 CHRISTCHURCH, NEW ZEALAND, 1978  
 PH.D FORESTRY, UPLB, 1995

In 1966, Jose started his studies leading to a BS in Forestry degree in UPLB. At first, he found it difficult and very challenging. He experienced interaction challenges with about 200 freshmen (with few female students) coming from different regions in the country dominated by Ilocanos, followed by Cebuanos and Tagalogs. He belonged in the minority group. The situation gradually improved with the support of faculty members and student organizations enabling freshmen to cope with the challenging learning forestry environment. After a year, he had to defer his study as his parents' farm income could hardly support the education of 11 children. Working in the family farm enabled him to save and continue his study. The Bureau of Forestry provided him a scholarship grant, inspiring him to study harder while in the midst of student activism in the UPLB campus..

With adequate technical skills and managerial expertise, he was able to dispense faithfully, efficiently and effectively the positions and responsibilities entrusted to him by the University. With the effective collaborative efforts from various sectors, he was instrumental in the conservation, rehabilitation, development and protection of the Mt. Makiling Forest Reserve (MMFR), which was declared as one of the ASEAN Heritage Parks. He was also responsible for the enhancement and re-greening of UPLB campus through planting and nurturing of valuable native forest and fruit trees. This activity was highlighted with the marking of 12 UPLB Heritage Trees by University officials and alumni during the UP Centennial celebration in 2008.

### Scholarships:

- Bureau of Forest Development Scholarship
- Colombo Plan Scholarship
- Rotary International Foundation for a GSE Program Grant for a 45-day professional and educational trip to 18 towns and cities in Queensland, Australia. April-June 1997

### Organizations:

- Zeta Beta Rho Honor Fraternity, CFNR, UPLB
- U.P. College of Forestry Alumni Association
- UPLB Alumni Association
- U.P. Alumni Association
- U.P. Supervisor Association (UPSA), UPLB Chapter
- U.P. Research, Extension and Professional Staff Association (UP-REPSA), UPLB Chapter
- Society of Filipino Forester (SFF)
- Philippine Native Plants Conservation Society, Inc. (PNPCSI)
- Philippine Native Tree Enthusiasts (PNTE)

## JEROME F. SISON, PHD

BS AGRIBUSINESS, UPLB, 1971

MS AG ECONOMICS, UPLB, 1976

PHD AG ECONOMICS/DEVELOPMENT, UNIVERSITY OF MANITOBA,  
WINNIPEG, CANADA, 1983

### Scholarships:

- SEARCA scholarship for Masters degree 1973-1976
- IRRI fellowship for Master's thesis, 1975-1976
- ADC scholarship for PhD degree, 1977-1982
- IRRI fellowship for PhD dissertation field work, 1980-1981
- East West Center Research Intern for PhD dissertation preparation, 1981-1982

### Positions Held (Last 5 years):

- Executive Vice President, Pacific Rim Innovation and Management Exponents (PRIMEX), Pasig City, Metro Manila, 2006 – 2019
- Director and Corporate Treasurer, PRIMEX, Pasig City, Metro Manila, 2006 – 2019
- (International) Senior Education Economist, Skills and Employability Enhancement Project (SEEP) (ADB TA 9639 - TAJ), Tajikistan, June 2019 – February 2020
- International Education Economist, Second Education Sector Development Project (USESDP2) (ADB TA 9397 - CAM), Cambodia, December 2017 – April 2018
- (International) Block Grant Specialist, Second Lower Secondary Education for the Most Disadvantaged Areas Project (LSEMDAP2) (ADB Loan 3201-VIE), Vietnam, May 2018 – May 2017
- (International) Senior Project Evaluation Expert Project Completion Review of the Secondary Education Sector Development Program (SESDP), Vietnam, December 2016–March 2017
- (International) Senior Education Economist Preparing the Upper Secondary Education Development Program, Cambodia (TA 8573-CAM), Cambodia, November 2015–June 2016
- (International) Senior Education Economist/Financial Analyst Preparing the Second Secondary Education Sector Development Program (SESDP II) (TA 8698-VIE), Vietnam, May-October 2015

### Organizations:

- UPLB Alumni Association
- University of Manitoba Alumni Association, Canada
- Philippine Agricultural Economics and Development Association (PAEDA)
- De La Salle Alumni Association
- East West Center Alumni Association
- Gamma Sigma Delta Honor Society

Dr. Sison was a member of the faculty of the College of Economics and Management (CEM) from 1973-1995 during which he served in various administrative positions such as: (i) Chairman, Agricultural Economics Department, (1985-1986); (ii) Associate Dean, (1986-1987); and (iii) Executive Director of the former Center for Policy and Development Studies (CPDS) (1987-1991 and 1993-1994). He retired from UPLB in 1995 as associate professor. For his work in agricultural development, he was recognized as one of the outstanding alumni of CEM in 1995.

After leaving UPLB, Dr. Sison was fully involved in development work in several countries. He is a recognized senior development economist at ADB with a wide range of international experience in project development, financing, and management as well as in agricultural policy/planning and rural development. He has also served as consultant to various government agencies (i.e., Department of Agriculture, Department of Environment and Natural Resources, and National Post-Harvest Institute for Research and Extension) and international agencies such as FAO, UNDP, Japan International Cooperation Agency (JICA), USAID, AusAID, ASEAN Food Handling Bureau, and International Development Research Centre, Canada (IDRC).

As technical consultant, he has undertaken assignments over the last 35 years in 17 countries (i.e., Bangladesh, Brunei, Cambodia, several provinces of China, India, several provinces of Indonesia, Kyrgyz Republic, Malaysia, Maldives, Mongolia, Nepal, Pakistan, Philippines, Sri Lanka, Tajikistan, and Viet Nam) and has completed 85 technical consultancies involving project preparatory technical assistance projects and various assignments (e.g., loan fact-finding and appraisal, project midterm and completion review, project evaluation, project performance audit review, TA fact-finding), 75 of which were ADB assignments. He has established expertise in project economic analysis for various sectors such as agriculture/(irrigation), coastal resource management, fisheries, secondary education, technical and vocational education training (TVET), natural resource management, environment, and fishing ports/fish wholesale markets.

# 50 YEARS AGO (1966-1971): REMEMBERING COLLEGE DAYS ON OUR GOLDEN ANNIVERSARY

BY: EUFEMIO T. RASCO, JR., PHD

## WE PLANTED THE SEED OF STUDENT ACTIVISM

It is no accident that the communist movement patterned after China took root at UPCA starting in 1966. In May of that year, almost coinciding with the first month of classes of our freshman year, China launched its Cultural Revolution, a movement that inspired similar movements in the Philippines. It was a time when young people in China organized themselves as the Red Guards, responding to the call by Chairman Mao to destroy symbols of the status quo. The Cultural Revolution lasted until 1971, the year we graduated. Thus our batch saw the entire course of a great historical movement that influenced student activism in the university. As in China, UPCA students had teach-ins in the campus at the time that the government was more tolerant of dissent. As in China, the little red book became a status symbol among student activists in UP.

*The cultural revolution in China inspired student activism in UPCA.  
Source: delmarvapublicradio.net*

But there is more to remember about student activism in the 1960s, the age of Aquarius, the Beatles and Jimmy Hendrix, of hippies and psychedelic music -- all influencing local culture, inclusive of overgrown sometimes kinky hair for men and bell bottom trousers for both sexes, miniskirts for women -- in the UPCA campus as they did elsewhere. Activism was at its high point in the USA, with students fighting the establishment to end the Vietnam war. The US bases in the Philippines used for that war became a magnet for local nationalists calling for their expulsion. It was widely believed that the US government then, as now, controlled local politicians to protect the US presence in the Philippines, inspiring the tuta ng kano label of President Marcos and subsequent Presidents, lasting to this day.

*A 1969 issue of the Philippine Collegian, official student paper of UP, showing student protests in Los Baños in the headline. UPLB at that time was not yet an autonomous campus.  
Source: josephalice.com*

There were other issues that agitated students, targeting the Marcos government: delayed land reform, cheating in the 1969 elections, and corruption, among others. In the campus itself, the establishment of SEARCA in 1967 was an occasion for student protest. SEARCA was believed to be a US creation to strengthen its influence on the Philippines and the rest of Southeast Asia. Loyalty Day was not spared. Students protested that the annual celebration on October 10 was a constant reminder of our subservience to the USA. It was the day that students and faculty members of UPCA volunteered to fight for the USA and its allies during World War I. Thus, we can rightly claim that the seed of the student activism that reached its peak in the First Quarter Storm was cultivated in UP during our watch. Indeed, many of our batchmates tend to look at student mass action as the defining activity of their stay at UPLB.

## OUR CLASS WATCHED THE MODERNIZATION OF PHYSICAL FACILITIES IN UPLB

We often forget that there was a lot more going on in the campus during our time. Many of the UPLB landmarks today were built in the second half of the 60s. Among these are the buildings of old administration, the College of Development Communication, the Biological Sciences, the Physical Sciences, Student Union, Women's Dorm, Agronomy-Soils (now ICrops), Institute of Food Technology, Postharvest Horticulture Training and Research Institute, the Umali Auditorium, and the new Administration Building (formerly SEARCA Library). Subsequently, the monument for the farmer and his carabao (till then the symbol of the UP College of Agriculture) was moved back from the main gate to where it is now, and a new, more modern-looking gate was constructed. It was a portent of more to come. In 1972, UPLB became an autonomous campus. New colleges were established, and slowly, agriculture and forestry students became the minority. After a few more years, the Oblation came to town.

We are often reminded today that the physical improvements of our campus became a model for other colleges of agriculture in developing Asia. For a while, UPCA was acknowledged as the most modern College of Agriculture in Southeast Asia. The secret was money borrowed from the World Bank. But apparently, physical improvements and other developments slowed down after that. In no time, the other Southeast Asian agricultural colleges were challenging the lead role of UP in agriculture.

*The old UPCA gate circa late 1960s featuring the farmer and his carabao. Source: Wikipedia*

## GLIMPSES OF STUDENT LIFE DURING OUR TIME

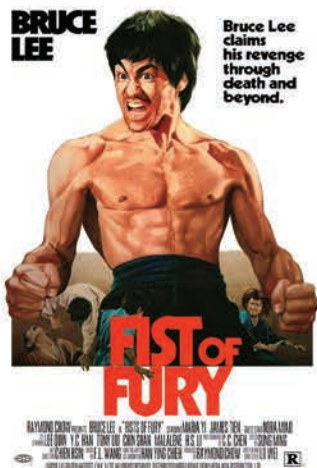

UP students take pride in the impression that UP life is a great equalizer. Students of all tribes, social and economic status mix and they are treated similarly by teachers and the community in general. Well, not quite in our time. The scions of hacienderos among us (such as those who hail from Visayas and Mindanao) drive around campus in their shiny convertible cars with push button roofs and windows. Those were the heydays of sugar barons and thousand-hectare ranches! The lesser mortals had to do with motorcycles, which, like cars, were a rare sight during those days. The bigger the motorcycle, the more bragging rights. The bottom of the ladder (most of us, thanks to the automatic admission policy for honor students of any high school) had to run to the next class as the academic buildings were spread. It is still a puzzle why not many students took to bicycles, unlike the famous Soils professor (Dr. Igmidio Corpuz) who rode his head-turning small bike till past retirement

General transport was provided by the few jeepneys, which charged an outrageous Php 0.10 per ride! Bus rides to Manila on BLTB buses with wooden benches (air conditioning in public transport was unheard of) cost Php 0.80. There was no SLEX, so the journey snaked through all the western towns of Laguna.

Communication was a luxury. To make a long distance telephone call, one had to fall in line at the PLDT office across the Church Among the Palms. Otherwise, home landlines were often out of order, busy, or otherwise being used by a party line who monopolized the few connections. You feel lucky to get a ringtone, and still luckier if the phone was answered by the party you were calling, and not by some stranger who happened to be in the cross line. If one wanted to save money communicating with far away parents, telegram was the cheapest way. But she had to be very creative in composing messages, because RCPI charged on a per word basis. One batchmate famously sent a message that read: "Need money. Send immediately. Sell the carabao." The parent dutifully answered: "Come home. Stop school. No money. Carabao dead."

*A typical bus in the 1960's*

Chinese martial arts films were popular entertainment at moviehouses in College Junction circa late 1960s.  
Source: [imdb.com](http://imdb.com)

Fun was watching a triple program Bruce Lee movies at Jerry, Doce or Chit Theaters at College Crossing. The wooden benches and absence of no smoking policy was an assurance that the experience was also an exercise in toughness of the butt and lungs. One gets out smelling like an ashtray with hitchhiking surot clinging to his trousers. Surely the movie theater was no place for dating among students. The alternative was Eva Lanes with its dilapidated lane that made a strike a truly exceptional feat. During Mondays or the beginning of the month, bars at Grove were full. This was when students just received their weekly (or monthly) allowances.

Forestry students were second class (taga bundok), while Agricultural Engineering students were first class with their status symbol, the slide rule, which was the computer of our time. Ag Chem students were the intellectuals, meaning they were the most conversant of Mao's teachings and served as the brain of student activism. I remember Willy Padolina among them, always walking seemingly in a hurry with his trademark glasses and black umbrella. Ochie Baes, Marly Cardenas and Fred Malicay were also prominent. Not to be outdone, animal science students had their day of glory every year during the rodeo, when they had the chance to show their toughness with the bulls. Jess Abeleda was the star of the show, with his record-breaking bull rides. As for the other students, they got the chance to be recognized when their names were posted among the top ten in exams. Names that were constantly in the list: Ed Ticzon, Arelyne Bustrillos and Federico Villamayor. The rest? They had to wait for life after graduation to make their presence felt.

The university library (now the CAS building) was both a place for serious scholarly work and for meet ups and dates. It was often so noisy that the librarian was obliged to hire a full-time staff whose job was to constantly remind everyone to be quiet. Books were so rare and expensive, and photocopying was still a dream. You would feel lucky to get the chance to borrow a book for overnight use. The rascals among us simply threw them out the window to be retrieved later; otherwise, they simply peeled out the pages they needed. The IRRI library was heaven.

Freshman year was tough for students from far away communities, during the time when there were no special schools such as science high schools in the regions. They found themselves competing with graduates of UP Rural High School, UP High School and other elite schools in the cities. Graduates of these schools breezed through tough courses such as introductory chemistry and mathematics because they already took them in high school. The less fortunate promdis had to study double time to keep up. A few had to repeat taking these courses all the way to fourth year! Nevertheless, the elite advantage quickly wore off, and the more hardworking among the promdis managed to catch up in the later years.

*The Jimmy Hendrix of UPCA circa late 1960s (2nd from right).*

## ORGS, FRATERNITIES, SORORITIES AND BARBARIANS IN THE LATE 1960S

Social life among students started with regional associations as defined by their dialects: Ilocanos, Bicolanos, Visayans, Ilongos, Batangueños, among them. These organizations later became formalized as some sort of fraternities/sororities. Among the memorable ones were Sarong Bangui (for Bicolanos) and Lumabay-labay (for Ilongos). Not to be outdone, the locals and their allies from the regions organized themselves into the Espaleklek (I did not get to know what that meant). Occasionally these groups found themselves duty bound to defend their tribal honor, and ended up hurting each other in their version of gang wars. With time, the regional flavor disappeared, but the organizations persisted based on camaraderie and love of fun together.

The less tribal organizations were the so-called academic and similar organizations: Chem Soc, Symposium, UPSCA, and Vanguarders were the prominent ones. Membership was commonly limited to serious scholars, Christians, and patriots. These organizations led in organizing extracurricular activities such as stage plays, concerts, debates, and of course, the glamorous parade in reviews and presentation of corps sponsors.

Greek letter fraternities and sororities were relatively few, but highly exclusive; the latter being assured by intensive indoctrination and brutal initiation rites. (The law against hazing came much, much, later). Anyone who was not a member of the Greek letter fraternity was called a barbarian. Unlike the other organizations, however, membership in these Greek letter organizations was more diverse, more open. Thus, it was not unusual for members of other organizations to join fraternities or sororities. There were Bicolanos, Ilocanos and Ilongos in the same fraternity. There were scholars and sinkolars. Rich and poor. Their activities were also more diverse, ranging from student politics, to competing in rodeos and debates, and producing stage plays. Occasionally, they got involved in “rumbles” too, sometimes ending in serious injuries but no death was recorded during our time.. Among the many student organizations, loyalty to fraternities lasted beyond student days. A few get to celebrate Golden Anniversaries, just like our batch ‘71.

*1969 student elections at UPCA signalled the transition into radicalism of UPLB students*

## THE LOS BAÑOS SPIRIT LIVES ON

Every class of UPLB students remember student days differently, each claiming to be unique. Class '71's uniqueness is in our contribution to woman power! We produced the first woman Dean of the UPCA (Ayds Adalla), and the first woman Chancellor of UP Diliman and later, the first woman President of the University of the Philippines System (Emer Roman)! It is a tribute to UP's egalitarian tradition that one of them is a product of an elite high school (UP Rural High School), and the other, a lesser known high school (Lakandula High School) in Tondo.

In addition, some of our female classmates excelled in academic work in the Philippines and elsewhere. Among them is Yoy Cruz who was recognized as one of the "USA's 300 Best Professors"; Teddy Amoloza who received the "DuPont Award for Teaching Excellence", the highest such award at Illinois Wesleyan University; Baby Lapitan and Aida Lapiz who were given the Scientist rank by the Philippine Civil Service Commission; Linda Dizon who served as Director of the Institute of Food Science and Technology at UPLB; and Carmen Mateo who was appointed Emeritus Professor at UPLB. Truly, woman power is the legacy that sets us apart from other classes of students of UPLB.

But beyond all the differences among classes of UPLB students, there is one similarity that endures: the so-called Los Baños spirit. Wherever one goes, the UPLB identity is a sure bond that sticks; be it in the medical circles of the USA, the hinterlands of Mindanao, or the hallowed halls of the academe. This is especially true for the 1971 class: OUR CLASS.

*Grove viewed from UPLB main gate, circa late 1960s.*

# ANG BS FORESTRY CLASS 1971: MAY PAGKAKAISA, LAKAS AT KASIYAHAN SA GITNA NG PAGKAKAIBA-IBA

**NI JOSE ORTIZ SARGENTO, PHD**

Ang “Forestry School Song” na sama-samang masiglang inaawit ng mga guro at estudyante sa tuwing may mahalagang palatuntunan o programa ang Kolehiyo ng Paggugubat ay naglalarawan ng kanilang pagkakaisa sa gitna ng pagkakaiba-iba nila sa kasarian, kaugalian, pinag-aralan, katayuan sa buhay at lugar (bayan, probinsiya at rehiyon sa Pilipinas) na pinanggalingan nila. Ang awiting ito ng Kolehiyo ng Paggugubat ay nagsisilbing gabay, hamon at inspirasyon upang masigasig at masiglang maitaguyod ang layunin ng Kolehiyo tungo sa maunlad na pamamahala ng kagubatan ng bansa sa tulong ng mga magsisipagtapos na estudyante sa Kolehiyo ng Paggugubat tulad ng BS Forestry Class of 1971.

Sa katunayan, ang BS Forestry Class of 1971 (na tawagin nating “BSF Class 1971”) ay maraming pagkakaibang katangian na namalas sa mga estudyanteng bumubuo nito simula pa nang unang pumasok sila sa Kolehiyo ng Paggugubat hanggang matapos nila ang lahat ng aralin at natanggap nila ang katibayan ng pagtatapos noong Abril 1971. Karamihan sa kanila ay pumasok sa Kolehiyo noong 1966 at 1967 para kumuha ng BSF. Subalit lima ang maagang pumasok noong 1960 at 1964 na kumuha muna ng Ranger Certificate na tinapos ng dalawang taon. Nakapagtrabaho agad sila. Bumalik sila para magpatuloy sa apat na taong kursong BSF. Sila ay pinapag-aral na muli ng kanilang upisina na may suweldo at bayad sa tuition fee. Kaya tinawag silang Pensionado. Mas matanda na sila sa edad at mas malawak na kaalaman sa larangan ng paggugubat. Nagsilbi silang Kuya o Manong ng nakabatang estudyante na nakatulong sa kanilang matatag na pagharap sa pang-araw-araw na hamon sa buhay sa loob ng Kolehiyo ng Paggugubat.

Ang BSF Class 1971, tulad ng kanilang mga guro, ay nanggaling sa iba’t-ibang lugar sa Pilipinas at dala nila sa Kolehiyo ng Paggugubat ang kanilang natatangi at kakaibang wika, kaugalian at masarap nilang mga pagkain at inumin. Ang pinamaraming estudyante ng BSF Class 1971 ay mga Ilokano (48%) na kilala sa ulam na pinakbet, dininding at bulanglang at gulay na saluyot na pinasarap ng espesyal na bagoong. Kuwento ni Propesor Blando na aming guro sa English at Spanish na ang sekreto ng talino, galing at lakas ng mga Ilokano ay pagkaing tinawag na “Period at Comma”. Sinabi niya, ang mainit na kanin na isinasawsaw sa espesyal bagoong na nasa platito ay tunay na napakasarap at nagdudulot ng kasiyahan at kakaibang lakas. Ang sumunod na maraming estudyante ay mga Tagalog (21%). Kilala sila sa ulam na tinolang manok sa papaya, singang na isda sa kalamyas at sinaing na tulingan. Mayroon din silang inuming pampasigla na lambanog na galing sa niyog, nipa o kaong (irok). Ang mga taga Visayas at Mindanao ay halos magkasindami ng estudyante na 14% ang una at 12% naman ang huling grupo. Masarap ang daing danggit buhat Cebu at bisugo ng Palawan, pansit Molo ng Iloilo at matamis na binagol ng Leyte. May dalag rosette at pakllay naman galing sa Mindanao. Ang mga nabanggit sa itaas ay masiglang naranasan ng mga estudyante ng BSF Class 1971 na parang isang magkakasundong malaking pamilya sa pamamagitan ng iba’t ibang mga programa na may kasamang handaan tulad ng “Freshman Night” sa MBG Pavillion, anibersaryo ng pagkatatag ng Kolehiyo ng Paggugubat at Alumni Homecoming tuwing buwan ng Abril, Arbor Day o Tree Planting sa Bundok Makiling tuwing buwan ng Hunyo, at Pasko sa Gubat tuwing buwan ng Disyembre.

Sa apat na taong pag-aaral sa Dalubhasan ng Pilipinas Sa Los Banos (UPLB) ng BSF Class 1971, may iba’t ibang aralin sa lugar ng Kolehiyo ng Pagsasaka at Kolehiyo ng Paggugubat. Ang mga pangunahing aralin sa unang dalawang taon o apat na semestre ay kinukuha sa mga silid aralan sa Kolehiyo ng Pagsasaka tulad ng English, Sociology, Chemistry, Humanities, Physics, Physical Education (P.E.) at ROTC. Ang lahat ng aralin ng paggugubat ay kinukuha naman sa Kolehiyo ng Paggugubat na maraming aralin na ginagawa sa labas ng silid aralan – sa Bundok Makiling, tulad ng dendrology o tree identification, surveying, road construction, silviculture, mensuration, timber harvesting at forest protection. Karaniwan ay mahirap at nakakapagod upang maayos na maipasa ang mga araling nabanggit. Subali’t dahil sa maayos at masipag na pagtuturo ng mga guro at pagkakaisa at pakipagtutulungan ng mga estudyante ay matagumpay na naipasa na may mataas na marka sa mga nabanggit na aralin. Samantala, malaking hamon sa mga nakatira sa Forestry campus ang pagdalo sa ROTC sa UPLB parade ground tuwing Sabado dahil sa madalang ang biyahe ng Jeepney. Dahil dito, halos lakad-takbo sa dalawang kilometrong kalsada ang ginagawa ng mga estudyante upang makarating sa tamang oras. Subali’t nahuhuli pa rin ang dating, kaya mga 20 push ups ang parusa sa kanila na masaya naman nilang isinagawa. Nakabawi naman sila ng dagdag kaalamang sosyal at may ibayong kasiyahang nadama sa pagpasok sa P.E Square Dancing Class sa Baker Hall na may mga nakaparehang magagandang babaeng kaklase..

Ang BSF Class 1971 ay kasapi ng iba't ibang organisasyon o samahan sa loob ng Kolehiyo ng Paggugubat tulad ng Pensionados na may 4 na kasapi, UP Varrons (4), Gamma Epsilon (3), Beta Sigma Fraternity (8), Gamma Khapa Rho (3), Vanguard (2), Alpha Phi Omega (3), Upsilon Sigma Phi (1), Gamma Lambda Epsilon (1) at Zeta Beta Rho Honor Fraternity (12). Ang mga samahang ito ay laging buo at nagkakaisa sa pagsali at masiglang pagsuporta sa lahat ng programa ng Forestry Student Body Organization (FSBO) tulad ng paligsahan sa palaro at aralin ng sining pangkagubatan, at sa taunang eleksyon ng opisyal o tagapamuno ng FSBO. Dito sa panahon ng FSBO eleksyon mapapansin ang pansamantalang paghihiwalay ng mga samahan upang magboo ng kanya kanyang Partido at Kandidato sa mahalagang puwesto sa FSBO. Sa panahon ng eleksyon nagkitakita ang mga estudyante upang ihalal ang kapatdapat na kandidato. Kaya sa BSF Class 1971, si Ginoong Ricardo M. Umali na Supremo ng Kapatirang Zeta Beta Honor Fraternity ang itinanghal na bagong halal na Pangulo ng FSBO. Siya rin ang tinanghal na Pambansang Tagapangulo ng mga mag-aaral sa Pilipinas. Siya rin ay ginawang Pandaluhasaang Patnugot ng 1971 Philippinensian. Pagkatapos ng FSBO eleksyon, muling masigasig at patuloy na masayang nagtutulungan ang mga kasapi ng BSF Class 1971. Samantala, si Ginoong Vicente Ladlad naman ang itinanghal na Pangulo ng Agriculture Student Body Organization.

Kasabay ng pagkaluklok ni Ric Umali at Vic Ladlad bilang Pangulo ay naging mainit at masalimuot ang buhay pampulitika sa loob at labas ng UPLB. Ang panahon ng aktibismo laban sa diktatorya na tinaguriang "First Quarter Storm" ay lumaganap at malawakang sinuportahan ng mga estudyante na humantong sa pagsasagawa ng barikada sa UPLB Main Gate. Ito ay sinundan isa pang barikada sa Crossing (o Junction) na tinawag na "Battle of Crossing" sa Los Banos. Matagumpay naman naisagawa ang ganitong pampulitikang adhikain at paninindigan ng mga estudyante nang walang masamang nangyari sa kanila.

Subali't dahil sa masigasig na pagtataguyod ni Ric at Vic sa paglutas ng suliraning Pambansa, pareho silang hindi nakasama sa mga nagsipagtapos ng BSF At BSA Classes ng 1971 na ginawaran ng katibayan ng pagtatapos noong Abril 1971. Kinuha ni Ric noong Summer 1971 ang isang aralin na naiwan niya dahil sa pagiging abala niya sa pakikibaka sa paglutas sa suliranin ng bansa, na nabigyan siya ng gradong uno (1.0). Kaya natapos din ni Ric ang BSF degree at ginawaran siya ng Medalyang Ginto at Katangi-tanging Mag-aaral ng Kolehiyo ng Paggugubat.

Ang BSF Class 1971 ay hindi lamang aktibo at seryoso sa pag-aaral tungkol sa paggugubat at pagsuporta sa paglutas sa pambansang problema. Mayroon din silang panahon para sa personal nilang kabutihan at kasiyahan. Kaya, halos tuwing gabi ng Biyernes at hapon ng Sabado ay karaniwang makikita sila sa labas ng UPLB gate. Kasama ng ibang mga kaklase at kapatiran ay masaya sila sa Bamboo Grove para sa social drinking at kantahan. Ang iba naman ay pumunta sa Eva Lanes para maglaro ng bowling at billiard habang umiinom ng beer. Ang ibang estudyante ay pumupunta sa Crossing para manood ng sine sa sinehan ng Jerry, Chit at Doce na may dobleng palabas. Subali't, ang kasiyahan nila ay nababawasan sa oras na umuwi na sa Forestry campus paglampas ng alas dyes ng gabi dahil wala nang masakyang jeep, bagama't ang pasahe sa jeep ay dyes sentimos (P0.10) lamang. Kailangan silang maglakad ng 2 kilometro pauwi sa Forestry Dorm at pribadong paupahang bahay. Samantala, may ilang samahan ng estudyante na masaya sa kanilang paghaharana sa mga dalagang nakatira sa loob ng Forestry campus. Ito ay naging daan sa mas maganda at matatag na relasyon. Sa katunayan, pagkaraan ng ilang taon, may hinarana na napangasawa ng nangharana, na naging maligaya at maunlad ang buhay nila hanggang sa ngayon. Subali't na "martial law" (pinatigil) ang harana ng Dekano ng Kolehiyo ng Paggugubat dahil sa reklamo ng matandang Propesor dahil sa likhang ingay at "istorbo" ng harana sa kanilang tahimik na buhay lalo na sa gabi. Magkaganoon man, mahalaga ang naranasang pagkakaisa, lakas at kasiyahan sa gitna ng pagkakaiba-iba ng mga estudyante ng BSF Class 1971 at ito'y palagi nilang aalalahanin sa pagsalubong sa hamon ng buhay. Sa biyaya ng Panginoong Diyos ay marami pa rin ang nakarating sa "Gintong Taon" ng pagkapagtapos sa Kolehiyo ng Paggugubat sa UPLB ng taong 2021.

**Mabuhay ang BSF Class 1971!**

# MEMORIES OF CLASS '71

## FRESHMAN YEAR (1966)

Emer Roman, Tom Lugod, Manok Garcia and Yoy Cruz

Physical exams at the Infirmary at the start of every school year when all students were required to strip naked. (Emer Roman).

Too nervous and always causing my BP to rise (Tom Lugod).

In the first year the last part of the physical exam at the Infirmary was the visual check up with all of the clothes removed. In my second year, I was still considered an Old Freshman. When the time came for the last part of my check up, I gave my form and dropped my pants and underwear. The guy was surprised and checked my form. His comment with a smile was “Uy, old freshman ka pala” (Manok Garcia).

Um... I don't recall that we had to take off our underpants. Maybe it was a guy thing (Yoy Cruz)

Linda Dizon

I remember Dra. Banzon for her loud voice during physical-medical exam. Lahat nakahubad na, pinapalo hita pag nahihya ang mga probinsyana.

Ray Bader

First year block sections – best way to make new friends. Pag late dismissal sa previous class, sabay sabay late sa susunod na class.

All freshmen students were required to take PE swimming class.

Registration

Ayds Adalla

Pila sa registration. Ang iba natutulog sa Baker Hall.

## MONEY

Vangie Sulabo

Telegraphic transfer of student's allowances and tuition support

Dadz Basug, Ayds Adalla, Vangie Sulabo, and Ray Bader

College of Agriculture Student Emergency Loan Fund (CASELF) naranasan ko Php10 only. (Disdado Basug).

Ay suki ako dyan lagi kasi late ang allowance (Ayds Adalla).

Oo nga CASELF, malaking tulong sa akin nyan (Vangie Sulabo).

CASELF was my lifeline (Ray Bader)

## PLACES

Emer Roman, Tom Lugod and You Cruz

Library Building at the center of the campus and the Post Office and radio station at the basement of the Library Building and the Coop at the back (Emer Roman).

Convenience! (Tom Lugod).

The Coop Snack Bar had the best pineapple pie and buko pie. (Yoy Cruz)

Teddy Amoloza

Waiting sheds near Chemistry building and near Agronomy & Engineering buildings

Raffle at the Library to take home overnight one of the few books prescribed for our classes but we had to return it promptly at 7 a.m.

Bamboo Grove, Eva Lanes, “Sexy and Pogi” store owners, Cely's restaurant

Remy Aguda

Hongkong Restaurant near Eva Lanes

Vangie Sulabo

Flat Rocks ay memorable sa frats and soros  
Yong 3 theaters sa Crossing, ano na nga yon? Chit, Doce at yong isa (I forgot)  
Yong bowling sa Demarses, ano nga yon?  
Ordonez Drug Store sa Grove.

Emer Roman

International House, Men's Dorm, Women's Dorm, Gapud Dorm, Villegas Dorm, Catalan Dorm, Sacay Dorm, Elayda's Dorm, Ilag's Dorm, Gonzalez Dorm, Sisters' Dorm  
Visitors stay at the lobby (Tom Lugod).

Ayds Adalla

Textbook Exchange and Rental Center (TERC) sa mga wala pambili ng books.  
Coop store and cafeteria.

Emer Roman, Manny Bernardo and Yoy Cruz

Mud springs, Peak 1, Peak 2 (Emer Roman and Manny Bernardo).  
Not fond memories of "limatics". Remember those? (Yoy Cruz)

Emer Roman, Manny Bernardo and Tom Lugod

Jerry's Theater, Doce Theater and Chit Theater (Emer Roman and Manny Bernardo).  
Bed bugs! (Tom Lugod)

Linda Dizon

Jerry theater. Mas masurot and Chit theater ha ha.  
Eva Lanes. May pin boy pa. Hindi pa automatic.  
Our suki Carangal store in front of UP gate.  
Fertility tree.

Lyne Pacho Ramos

Bamboo Grove.

Ray Bader

College Kitchenette, Fely's at yon kay Evangelista? Puede lista pag suki ka na.

## MOVING AROUND THE CAMPUS

Emer Roman and Manok Garcia

Jeepneys plying on campus so we wouldn't be late for the next class (can anyone remember how much the jeepney fare was then?). (Emer Roman).

The problem was there was only ten minutes to move from one class to another. I had class in Humanities right after class at Ag Eng. So it was faster to ride the jeepney. It cost P0.10 for the ride. We were told that in Diliman, ikot ride was only P0.05 (Manok Garcia)

Baby Lapitan and Tom Lugod

Shortcut to the Student Union Building via the creek (Baby Lapitan).  
Never done it! (Tom Lugod)

Manny Bernardo and Tom Lugod

Walking up the street from the bridge going up to the road beside International House (IH) and "see and hear" the white dressed lady follow you (Manny Bernardo).  
Tall tale (Tom Lugod)

Linda Dizon

Guy and Pip jeep super bagal. Pero kahit Saan ka papunta tanggap ka. Kanan o kaliwa ok din. Ma late ka sa class.

Vangie Sulabo

Walking to Crossing because of the barricades

## CLASS ACTIVITIES

Ray Bader

First year block section.

Getting a copy of Philippine Collegian from Diliman weekly, Aggie Green and Gold was UPCA student paper. Student numbers given in 1967. We all had 67-... as student number

Herbarium in botany, frogs in zoology, insect collection in Entomology

Student week celebration

First ROTC Rayadillo model platoon formed in 1966. ROTC was Mondays and Wednesdays from 4-6 pm during first year

Inter-dorm basketball tournament. Intramural sports competition was between CA class years, College of Forestry and Rural High.

Walking stick earns you 25 or 50 points each sa insect collection

Teddy Amoloza, Tom Lugod, Manok Garcia, Yoy Cruz and Emer Roman

Overloading every semester to finish college early (Teddy Amoloza).

Never tried (Tom Lugod).

I could not do it due to lab classes. In one sem it was normal to have two lab classes. This means two afternoons each week. In my 3rd year, I had four lab classes – four afternoons (1-4) were occupied (Manok Garcia).

I did this even with labs (Entom major). My class (1972) was the first to deal with the then new 5 year BS curriculum. The way to do it was to take summer classes every summer, including the summer I graduated from high school. I don't recommend it (Yoy Cruz).

Yes! I remember taking Math 11 the summer after high school graduation! (Emer Roman)

Ayds Adalla

One of the things I still vividly remember are our Entomology field trips (for major subjects). These gave us opportunities to collect insect specimens for our laboratory requirements and observe their natural habitats.

Aside from satisfying academic requirements, each trip was filled with precious bonding moments for the class and yes, their friends too. This picture was taken before we travelled to Puerto Galera for that memorable marine ecosystem exercise. I was with Nelia Medenilla and Tante Adalla (last row on top). Foreground is Vilma Caluya- Garity (another GJ batchmate, BSA Entom '71)

Emer Roman, Tom Lugod and Yoy Cruz

Learning marcotting and grafting in Agronomy and driving the tractor in Engineering (Emer Roman).

Exciting! (Tom Lugod).

And my teacher, Grace Romero Price, gave us the practical quiz right out there in the citrus grove (Yoy Cruz)

Manny Bernardo, Manok Garcia, and Teddy Amoloza

Dissecting frogs, catching insects for the entomology class (Manny Bernardo).

Hindi na ako nanghuhuli ng palaka. Nabibili pala sa Grove at P1.00 each. Meron kaming staff assistant (Mang...? ...) sa Entom na nagtitinda ng palaka. 50 centimos lang ata. (Manok Garcia).

The name of the guy at Entom from whom we bought frogs for dissecting is Dominador Rizaldo, known to us as Mang Dodeng. Full disclosure - when Jerry and I started going out, I learned that he is Jerry's half-brother on his mother's side. After Jerry introduced me to him I did not have to pay for the frogs. Kuya Dodeng, now over 80 years old, is still going strong (Teddy Amoloza).

Ray Bader

Field trip to Matabungkay, Batangas, Zoology class, sakay sa BLTB bus

Linda Dizon

Collecting plant leaves with our Instructor Mr. Price, for us to identify monocots and dicots.

Vangie Sulabo

Picnic with Prof. Tomseck (Chem Lecturer) and Prof PeBenito (Chem Lab Instructor)

## TERROR INSTRUCTORS

Manny Bernardo

Summer term in Diliman to take up an equivalent course to avoid UPLB terror instructors.

## EXAMS

Teddy Amoloza, Tom Lugod, Manok Garcia and Yoy Cruz

Being exempted from final exams (Teddy Amoloza).

Very happy and proud (Tom Lugod).

Naku! Napakasaya! (Manok Garcia).

That was the best – Exemption!!!... Lalo na sa Ag Econ 2. Remember Fabie Tiongson? (Yoy Cruz)

Manny Bernardo, Tom Lugod and Manok Garcia

Overnight cramming for finals (Manny Bernardo).

Very stressful (Tom Lugod).

Very stressful! I had to take Benzedrine so I could stay awake the whole night. The following day after the exam, I could not stay awake for the other classes. Did not repeat it anymore (Manok Garcia).

Vangie Sulabo

Practical exam sa Entom class

Difficulty of students to get a point in quizzes of Prof. Belgar

## BIG EVENTS

Remy Aguda

Freshman night, sophomore night

Rodeo barn dance

Vangie Sulabo

Frat/Soro induction ball

Emer Roman, Manny Bernardo, and Tom Lugod

Loyalty Day celebrations with Gerry Baes' Band, Maquiling School Brownies, UPRHS participation, Girl Scouts and Boy Scouts leading the parade followed by big floats (Emer Roman and Manny Bernardo).

Great parade and music! (Tom Lugod).

Manny Bernardo

UP SAGES (Society of Agricultural Engineering Students) proudly driving tractors and other farm equipment every Loyalty Day.

Emer Roman, Tom Lugod, Manok Garcia and Yoy Cruz

February Fair (Emer Roman).

A chance to invite someone for a date (Tom Lugod).

Very busy and tiresome to prepare for the booth as a member of Chem Soc. (Manok Garcia).

Agree! The Entom Society also had a yearly booth. Most memorable were those when we had that Dunking set-up in which if a ball were thrown hard enough and hit the mark, some poor sod (including myself – 3 x in one year!) fell into the tank of cold water. (Yoy Cruz)

Dante Ison

February Fair

Ayds Adalla

I remember the jail booth kung saan lagi ako nakukulong at pinag kakaisahan ng taga Entom na di ako i bail out Ang the dunking booth na talagang lalaglag ka sa isang malaking drum ng tubig...  
Oh yes the campus hayride ng AWS association of women students...  
Masaya naman tayo nun, kahit napaka simply lang ng buhay estudyante. I think because walang ibang pinagkakalibangan. May sinehan pero madaming surot (Chit and Jerry's theaters).

Manok Garcia

I was a member of the Rayadillo Company in my first year. We paraded and during that year, President Ferdinand Marcos (FM) was the guest. We stayed in the parade ground and did not leave. We had the formation for the departure of FM at 2 PM. We skipped lunch and were not dismissed until he left.

Tom Lugod, Emer Roman and Manny Bernardo

Rodeo, caponizing chicken, branding, Rodeo Queen, lassoing the calves (Emer Roman and Manny Bernardo).  
Very exciting (Tom Lugod)

Linda Dizon

Women's Dorm open house

Lyne Pacho Ramos

Fabian Tiongson teaching St Therese Choir Latin songs for 5:30 Sunday mass.

Ray Bader

The musical play "Hair" presented in Los Banos at Baker Hall. Aquarius was the theme song.

## **DISASTER**

Ray Almario

The powerful earthquake that hit the Philippines in the late 60s that led to the collapse of the Ruby Tower. Everybody at the Men's Dorm was awakened and was running around in their underwear, shouting "Earthquake" in their own dialects.

Linda Dizon

Ambulance wang wang going to Women's dorm late at night or dawn because a student fell from the second deck bed.

Teddy Amoloza

Classmate being stabbed in the hand by a broken pipet in a chemistry class; emergency trip to the Infirmary.

## **STUDENT ACTIVISM**

Emer Roman, Manny Bernardo and Tom Lugod

Caridad Magpantay, Vic Ladlad, Leticia Pascual, Aloysius Baes, Boy Lumanta who were at the forefront of protest rallies against the dictatorship (Emer Roman and Manny Bernardo).  
I like the slogan "Makibaka, huwag matakot" (Tom Lugod).

Teddy Amoloza and Tom Lugod

Boycotting classes; supportive teachers (Teddy Amoloza).  
Great time to rest (Tom Lugod)

## GRADUATION (MARCH 1971)

Yoy Cruz and Manok Garcia

Commencement Exercises was held for the first time in UP Los Banos in 1971 after holding commencement exercises in Diliman in previous years. We were the first class to have graduation at the Umali Auditorium (Manok Garcia).

Wait, Manok... we were Class of 1971, remember? (Yoy Cruz)

*Graduation Day (March 1971)*

# THE GOLDEN JUBILARIANS RECOGNIZE AND HONOR THE FOLLOWING MEMBERS OF CLASS 1971 WHO HAVE RECEIVED AWARDS FROM THE UP LOS BAÑOS ALUMNI ASSOCIATION

## THE OUTSTANDING UPLB ALUMNI ASSOCIATION AWARD

Francisco F. Penalba+ – 2011  
Cesar M. Drilon, Jr. – 2013  
Julian A. Lapitan – 2014

## THE UPLB ALUMNI ASSOCIATION COLLEGE DISTINGUISHED AWARD

Eufemio T. Rasco – 1986  
Emerlinda Ramos-Roman – 1989  
Manuel M. Lantin – 1990

The background of the cover is a dark green color with a complex, low-poly geometric pattern. The pattern consists of various shades of green, from dark forest green to a slightly lighter, muted green, creating a textured, crystalline effect. The overall shape of the pattern is roughly circular, filling most of the frame.

# THE EMERALD JUBILARIANS OF 2021

BY: ASUNCION KARGANILLA-RAYMUNDO AND ANDREW NOCON

Five years ago, we, the members of Class 1966, were the Golden Jubilarians. Our symbol was the everlasting torch that eventually was adopted by the UPLB Alumni Association. We also started the tradition of inviting alumni to attend the Loyalty day as a homecoming to our beloved alma mater. Over a thousand alumni with their families arrived for the two-day celebration at that time. The custom of serving participating alumni with free breakfast up to dinner including snacks, likewise, commenced. There was an abundance of food due to the generosity of alumni and friends. This custom was carried on by the succeeding golden jubilarians that hosted the festivities.

It can be recalled that during the business meeting at that time, the Tahanan ng mga UPLB Alumni was proposed. Consequently, with the leadership of Class 66 member Andrew Nocon, UPLB Alumni Association President Leo Ballesfin, and UP REGENT Francis C. Laurel the wheels started to turn for this project and more specific plans were laid out. Fund generation was started but while commitments have been received, this project was put on hold due the current COVID-19 pandemic.

The constant meetings and unrelenting efforts that can aptly described the preparation for the Loyalty Day and Homecoming Events five years ago led to a closer bonding among members of the Class '66. This was clearly apparent among the members of the Class '66 core group that worked with enhanced enthusiasm realizing that the success of the celebration was in their hands as hosts. The camaraderie that started in 2016 has persisted, consequently sustaining continuity to Class'66. This

core group consisted of Andrew Nocon as our de facto head, Cion Karganilla-Raymundo, Elvie Talatayod, Frank Cortes, Mercedes Piamonte-Gabatan (Mercy), Lorna Paje-Domingo, Magdalena Giron (Nena) and Romy Huelgas, who passed away a few years ago. The thriving and vibrant bonding spirit is evident in the attached pictures taken from almost monthly get-together during pre-pandemic times (Fig. 3, 4 and 5. Occasionally, Aurora (Bing) Gabertan-del Rosario joined this regular activity.

Although age has crept on us, we still try our best to live up to the adage of “Rekindling the UPLB spirit in the service of humanity”. Andrew still serves as member of the Board of Governors of the Red Cross. He and other members of the class are approached whenever someone is in dire need of blood transfusion. Elvie still serves as President of Sikap Bidani, a position she has been holding for about ten years now. Cion, as UPLB Professor Emeritus, continues to advise graduate students, serves as webinar speakers on various issues in Microbiology, and as Academician of the National Academy of Science and Technology. Frank is busy with various agro-forestry projects. Nena is still involved in a pest control outfit and with other projects. Lorna is busy with church activities while Mercy is occupied with taking care of her grandchildren. It is with a high degree of certainty that other members of Class’66, likewise, continue to be of service to humanity.

The song composed during the occasion of our being Golden Jubilarians and now Emerald Jubilarians still applies:

## 2021 EMERALD JUBILARIAN SONG TO THE TUNE OF OBLADI-OBLADA

Emerald Jubilarians of Class sixty-six  
Who are still pogi and sexy  
As you can see, we have changed physically  
But the UPLB spirit lives on

CHORUS  
Obladi, Oblada, life goes on, ra!  
Lalalala life goes on

From towns and provinces with various backgrounds  
At the foot of Mt. Makiling, we all met  
To learn about aggie, forestry and vet med  
But also learned other things along the way

CHORUS  
Obladi, Oblada, life goes on, ra!  
Lalalala life goes on

Lots of fun and hope while we are learning  
Field trips with leeches on our limbs  
Fun with friends, barkadas, and haranahan  
Academics and fun equals class sixty six

CHORUS  
Obladi, Oblada, life goes on, ra!  
Lalalala life goes on

Fifty five years later, alive and kicking  
So much spirit and still full of spank  
Agriculturists, academics, politicians  
And even bankers now retired and enjoying life

CHORUS:  
Obladi, Oblada, life goes on, ra!  
Lalalala life goes on

Emerald Jubilarians of Class sixty-six  
Who used to be pogi and sexy  
As you can see, we have changed physically  
But the UPLB spirit lives on.

# COVID-19 LITERARY PIECES AND COLLEGE HYMNS

# VACCINATED

Hope was delivered quickly, mercifully,  
 as the aseptic needle silently, expertly  
 pierced the anxious skin of my upper arm  
 bared to its untattooed, obese reality  
 and scarred deeply with forgotten badges  
 from islands and mountains and forests  
 and caves, with souvenirs and tokens  
 from clingy rattans, unforgiving wasps,  
 solicitous leeches, and hyperactive biting midges.

Pushed by magmatic desperation, something  
 imposed by elected incompetence, fudged  
 as a destiny of an unfortunate nation,  
 I toed the line of the long queue, hiding  
 my rhinitis-ruled nostrils and mustached  
 mouth from the many dreaded arms  
 of SARS-CoV-2, uneasily shielding  
 my embarrassed face from sneezed aerosols.

Aging paranoias of undignifiedly drowning  
 in one's own phlegm unconsciously fuel  
 the tired and greying servant. Respite is not  
 as appeals for help to ease the burdens  
 of mountains of debt, and so sadly, yet  
 the beloved, alone, succumbs to death.

We're all hostages - and the ransoms demanded  
 by this protein-coated tyrant are costly,  
 unjustly. Incarcerated by our fears of being  
 caught within the nets of this pirate at the sea  
 of our existence, we are, I am, grasping at all  
 but the last strands of a rotting rope – hope,  
 diminishing, flickering hope of salvation  
 from pathogenic damnation. Come messiah!

Likened to Christmas Stars shining bright,  
 the sages of Science illuminated our dark night  
 And through the prick of a hypodermic needle,  
 Hope was delivered quickly, mercifully,  
 compassionately . . .

## OF COVID AND VIRTUAL MEETINGS

God! I miss to have those physical face to face  
After zigzagging thru traffics, as if in a car race  
To get to meetings or seminars or conferences.  
Drawing swords with people, using sentences

I really miss looking at gestures and gyrations  
Of lecturers and speakers in making orations  
I miss the friendly handshakes and the hugs,  
When I meet friends carrying conference bags.

I miss the socials and the evenings of bantering  
While pleasantly chatting and dining or drinking.  
Most of all I really miss those intellectual orgasm  
Of interacting with great minds without sarcasm

During the four long months of COVID lockdown  
I've been in front of my computers sitting down  
I've seen lots of video conferences or webinars  
Replicating work in regular training or seminars

I've been to different meetings in virtual settings  
Like those of Microsoft Teams and Go to Meetings  
I have been to Zoom, I have been to Google Meet  
And the old platform Skype, that remains still neat

I've been to Google Hangout, and I've been to Jitsi.  
I have also heard of the Join.me and the Roundee  
And Easy Meeting, High Five and Adobe Connect  
I too heard of Vimeo, Same Page and Cisco Webex.

There seems to have been multitudes of platforms  
That were now born in our communication reforms  
As if anticipating the coming of the COVID pandemic  
Rendering face to face meet up - moot and academic

Yet no matter how exciting a platform you contract  
Still nothing beats experiences in physical contact.  
I miss old conference halls with smelly carpet floors.  
And new conference halls with squeaking glass doors

I miss the smell of floral air sprays and leather chairs.  
And the people, and smell of perfumes in their hairs  
I can't wait any longer for this agony of COVID to end  
Lord, I am faithfully waiting for the cure you will send!

## JOYFUL ENCOUNTERS IN THIS TIME OF COVID

Ah this COVID scare, has truly brought us miseries  
As we watched our leaders reduced our amenities  
To many of us, they became our new adversaries  
They have deprived us from getting our necessities

As we continue to watch the health situation evolving  
We spend our time, in social media, while searching  
For answers from those who might be more discerning  
To problems in this pandemic, that are disconcerting

And so, we read the anguish in their daily postings  
Of many people discomforted by those daily briefings  
And we discover old friends, then we start rekindling  
As we share with them our fears and our own musing

I rediscovered many old friends and former classmates  
And also, former schoolmates and also my townmates  
I even found out I may have many possible relatives  
From the lands from where my parents were natives

We also meet people, and end up making new friends  
As we scurry the social media, looking for new trends  
And then we realize that it is not, not yet truly the end  
As we bond together against this virus, that we will rend

And so, my dear friends let us try to inspire each other  
And continue to bless and to encourage one another  
And though we continue to see the agonies still livid  
Let's try to find joyful encounters in this time of COVID!

# SPOKEN WORD POETRY

NI: YVANNE MENDRES

Paano ba tayo dito napunta?  
Pabalik sa akala nating hindi na muling mauulit.  
Nakalimutan na nga yata ng panahon na posible pala itong mangyari.  
Ni hindi na pinag-uusapan.  
Ilang taon na ring hindi ibinalita.  
O kung ipinalabas man saglit ang mga patunay na pwede pala itong mauulit,  
wala naman tayong pakialam—  
sabay lipat ng balita sa paborito nating palabas.

Walang kaba, walang takot ang mahihinuha sa ating mga mukha.  
Sa totoo lang, hindi ko na rin matandaan kung kailan eksaktong nagsimula  
dahil hindi naman talaga ito espesyal na araw.  
Kung babalikan ko ang mga buwan na binabanggit ito ng ilan,  
pinagsisihan ko na hindi ko man lang inasahan.

Isang araw, habang inaayos ang gamit para masuri kung dala ko ba  
ang mga papel na ipapasa mamayang hapon,  
napansin kong kulang ang barya sa aking bulsa.  
Ayaw pa naman ni manong ng buo.  
Saka alas sais palang ng umaga  
kaya naghanap ako ng barya.  
Hindi ko namalayang pagbalik ko sa sakayan ng jeep ay napakahaba na ng pila.  
Tipikal na umagang kailangan mong makipag-unahan at sumisksik sa katiting na espasyong ikaw lamang ang pumipilit na meron pa.  
Ito yung mga panahong takot na takot tayong mahuli sa klase dahil sa simula nagbibigay ng pagsusulit.  
Unang beses ko ring makaranas ng alas siete  
kaya gagawin ko ang lahat para makarating sa loob ng UP.

Walang sinsayang bumaba mula sa isang punong jeep pagkatapos ng napakahabang traffic.  
At kahit dapat nang lumakad ng mabilis,  
hindi mapigilan ang sariling mamangha pa rin sa paligid.  
Tila may mahikang nakabalot sa lugar na itinuring mo nang tahanan.  
At kahit araw-araw mo itong pinupuntahan.  
Parang unang beses palang sa pakiramdam.

Mabagal na lumipas ang umaga,  
Hapon pa ang susunod na klase  
kaya kung saan-saan din ako tumigil sandali para palipasin ang oras.  
Tipikal na araw— maraming inaalala sa simula at wakas.  
Pero payapa habang ninanamnam ang pagkakataong hindi ko inakalang magiging minsan lang.  
Hindi alintana ang bukas.  
Nakatuon sa pag-iisip kung paano muling makikipagsalapalaran  
kasabay ng mga pasaherong nais na ring makasakay.

Pag-uwi ko galing sa unibersidad,  
galak ang namutawi sa aking mga mata.  
Walang sinsayang uuwi ka sa bahay pagkatapos ng isang mahabang araw.  
Tatambay saglit sa pwestong itinuturing mong pahinga.  
Nakatigil.  
Naghihintay ng ilang minuto.

Paano ba tayo dito napunta?  
Napadaan sa balita at bago ko pa man mailipat sa paborito kong palabas,  
mistulang tumigil na ang oras  
kasabay ng anunsyong walang pasok kinabukasan at ito na pala...  
yung huling araw...  
Hindi na pala tayo muling magkikita.

Pabalik sa akala nating hindi na mauulit muli,  
Patungo sa sandaling tila walang katapusan.  
Paano tayo muling maglalakad?  
Kung hindi natin makita ang dulo ng daan.  
Akala ko nga noong una mabilis lang  
at babalik na sa dati ang lahat pagkatapos ng ilang buwan.

Pero magdadalawang taon na rin pala.

Kaya pangako, kapag muli tayong nagkita,  
alalahanin ko ang bawat sandali na hinayaan mo akong manatili  
at sinamahang maghintay para sa susunod kong klase.  
Kukumustahin ko ang mga tao na ipinakilala mo sa akin noon.  
Babalikan ang mga alaala mula sa isang tipikal na araw kasama ka.  
At pangako, pagkatapos nitong lahat,  
hinding-hindi na ako muling makakalimot.

## COLLEGE OF AGRICULTURE HYMN

Hail College dear thou learning's fountain head of worth  
untold  
We proudly sing thy praise and wave thy flags of green and  
gold  
We love thy fields and pastures where our daily work is done  
And nature's endless secrets are unravelled one by one.

Agriculture, College dear, devoted sons we'll ever be  
Unceasing inspirations do we always draw from thee  
We come from all the regions of this Eastern islands fair  
And trustingly we place ourselves, in thy protecting care.

With mount Makiling standing guard in its majestic hue  
And Laguna's placid waters lending splendor to the view  
With life so full of sunshine that one's heart to heaven hits  
There is no place more charming best, with God's more  
bounteous gifts.

Agriculture, College dear, devoted sons we'll ever be  
Unceasing inspirations do we always draw from thee  
We come from all the regions of this Eastern islands fair  
And trustingly we place ourselves, in thy protecting care.

## FORESTRY SCHOOL SONG

Men of the Forest we,  
With voices full and free,  
Sing of our Old Makiling  
And the School we love to see;  
We come from many a strand,  
But we'll united stand  
In our purpose true,  
And the work we'll do  
For the great woods  
Of our native land.

We love the forests broad,  
Temples of Nature's God  
Teachers of hope and courage  
And of justice and brotherhood;

Then raise our voices high,  
Faithful we'll live and die,  
To the friendship here  
That we hold so dear,  
And the service  
Of our Old P.I.

# IN MEMORIAM

**BENITO PACHO (1949-1986)  
MEMBER, CLASS 1971**

**WE LOVE YOU AND WILL NEVER FORGET YOU, MANO BEN**

**RITA LAUDE AND VICKY SERRANO AND OUR FAMILIES**

# *Pamilya*

It is now almost 30 years ago when our two families merged. Our successful blending is due to the love and respect we have for each other and each one's uniqueness. We believe in the importance of family.

We also know that our Lord God has blessed and watched over us, and so too with our departed loved ones.

## **THE PACHO/RAMOS/BLAZINA Family**

From left to right- Jacob, Joshua, Dave, Maja and John Blazina; Ron, Maria and Jacquelyn Ramos; Arelyne and Ben Ramos; JJ, Emily and Jericho Pachos; Kharen and Ralph Ramos, Isabella and Francesca Lombardo.

On September 16, 2017, the newest addition to the family arrived - Isaac Pachos

**Congratulations UPLB and all Awardees  
103rd Loyalty Day and Grand Alumni Reunion, October 10, 2021**

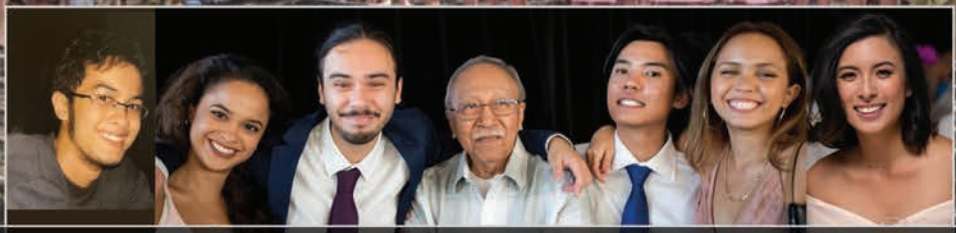

**Dr. Frank Gorrez**  
2021 One of The Outstanding UPLB Alumni Awardees (TOUAA)

Dr. Frank Gorrez has dedicated his whole life to helping farmers all over the world. In partnership with a rural school, Shalom Science Institute (SSI), in Balabagan, Lanao del Sur, Dr. Gorrez offered his expertise to spearhead their agricultural program and implemented a demo "Rice & Vegetable Garden" (RVG).

The program Dr. Gorrez developed, Training & Technology Transfer System (3TS) included lecture, hands-on crop production activities for students and teachers, orientation tours for farming communities, free seed distribution and growing of rainfed rice varieties and vegetables. Today, the RVG speaks volumes for what it has become for SSI and the surrounding communities that have benefited from this sustainable and replicable program.

**Proud of you, Grandpa! We love you!**

# Congratulations to Dr. Arelyne Pachco-Ramos and the UP Los Banos Class of '71

*In the summer of 1984, alumni from the UP College of Medicine practicing and living in the tri-states of Delaware, Pennsylvania and South Jersey gathered in the home of Dr. Vic Limcaoco in Haddonfield, N.J. It was to be a frequent gathering place in future days. A challenge was presented to match the donation of the China Medical Board of the Rockefeller Foundation to the Alma Mater. From this group of alumni doctors who were mindful of their tremendous debt to the college was born the DELAWARE VALLEY CHAPTER of the University of the Philippines Medical Alumni Society. The chapter was fully recognized by the UPMASA on March 31, 1985.*

## PAST CHAPTER PRESIDENTS

- Vitaliano Bernardino, Jr. '62
- Vicente Limcaoco, '63
- Vicente Dinoso, '60 (deceased)
- Elizabeth Fong de Leon '75

**MORE THAN 60 YEARS OF LEARNING, CARING, AND HEALING**  
HELPING THE NATION THROUGH HOLISTIC HEALTHCARE AND QUALITY EDUCATION

I share The Outstanding UPLB Alumni Award (TOUAA) with my family. My mother, Alice V Aragon, and my brothers Naniel, Darryl, Mitchel, Rommel, Terryl, and Randel; and some of my nieces and nephews. I wish my father was still here so that I could also share this award with him as he has been one of my inspirations in my career.

—Lemnuel V. Aragon, PhD

We, the Aragones family are so happy to receive this multi-gen award from the UPLB AA: Prof. Santos G. Aragones (BSA '56, MSA Ed '71, and PhD AEd '77)—represented here by our mother, Alice V. Aragones; Naniel V. Aragones (BSZ '81); Darryl V. Aragones (BSA '83), Mitchel V. Aragones (BSA '85), Prof. Lemnuel V. Aragones (BSZ '86), and Prince Karlo C. Aragones (BSCS 2018cl).

UP ALLIANCE OF ECONOMICS AND MANAGEMENT STUDENTS

WHAT  
WE  
DO

## S&T-BASED MSME & CBE PRODUCTIVITY

- Technology Acquisition & Upgrading
- Technology Trainings
- Package Development
- CBE Mentoring
- Technical & Productivity Consultancies
- Laboratory Testing & Calibration
- E-commerce

## RESEARCH, DEVELOPMENT, & INNOVATION

- Science for Change Program
- R&D Consortia Management
- S&T Fairs & Invention Contests
- Technology Forums
- Technology Business Incubator
- Technopreneurship
- Fairness Opinion on Commercial Technologies

## COMMUNITY EMPOWERMENT & RESILIENCY

- Economic Development
- Health & Nutrition
- Environmental Protection & Conservation
- Disaster Risk Reduction & Management & Climate Change Adaptation

## HUMAN RESOURCE DEVELOPMENT

- S&T Scholarships
- S&T Library
- Invent School Program

## WE PROVIDE INNOVATIVE SOLUTIONS

- to enhance productivity and competitiveness of business;
- to boost RDI ecosystem;
- to build and strengthen S&T workforce;
- to enhance community resiliency; and
- to promote environmental protection.

*Conductor: Dr. Fabian Tiongson*

## **ST. THERESE MALE CHOIR: 1965 UP LOS BANOS**

*"STMC 1965 UP Los Baños was organized by Dr. Fabian Tiongson along with Rev Fr. Quizon parish priest of St Therese Church at UPCA. SVD priests served @ 1970. STMC was assigned to sing at the 5:30pm Sunday mass and was composed of UPCA faculty, staff and mainly students of agriculture and forestry. It held annual Christmas concerts and sang solemn Holy Week motets, sacred music at the St Therese church until 1985 when Dr. Tiongson transferred to the University of Macau. We sang religious music, contemporary, folk songs popular songs and sang at weddings anniversaries, convocations, birthdays and requiems. The choir continued to serve until @1995. Members come and go when they graduate, study abroad and change employment. There were several changes of conductors among them were Ernie Carpio, Jonas Baes, Lemuel Aragonés, Lemuel Cuente, Joel Mercado, Pele Palis. Changes with organists were Ellen Bautista, Arelyne Bustrillos and Jerome Baes. There are a few remaining members at Los Baños and we still get together whenever a long lost member show up to sing old songs, motets or hear old records.*

*In 2019, STMC alumni donated a Yamaha organ to the St Therese of the Child Jesus Parish Church.*

# SkinBox Services

## SkinBox Signature Stem Cell Treatment 4 sessions

### 1<sup>st</sup> Session

- Skinbox Facial (cleansing, diamond peel, electro scrub, ultrasonic)
- Stemcell Treatment
- Cove LED Light & Mask
- Skinbox Set Application

### 2<sup>nd</sup> Session

- Skinbox Facial (cleansing, diamond peel, electro scrub, high frequency, ultrasonic)
- CASMARA Rgnerin Mask
- Skinbox Set Application

### 3<sup>rd</sup> Session

- Skinbox Facial (cleansing, diamond peel, electro scrub, ultrasonic)
- Stemcell Treatment
- Cove LED Light & Mask
- Skinbox Set Application

### 4<sup>th</sup> Session

- Skinbox Facial (cleansing, diamond peel, electro scrub, high frequency, ultrasonic)
- LED Treatment
- **GLAMGLOW** Mask
- Skinbox Set Application

### SkinBox Basic Facial 1 session

- Cleansing
- Facial Steam
- Electro Scrub
- High Frequency
- Mask (depending on the skin type)
- Ultrasonic
- Skinbox Set Application

### SkinBox Vital Facial 1 session

- Cleansing
- Facial Steam
- Diamond Peel
- Electro Scrub
- High Frequency
- Mask (depending on the skin type)
- Cove LED Light
- Ultrasonic
- Skinbox Set Application

### Ebony Laser Treatment 1 session

- No Scrub Cleansing
- Carbon Laser Treatment
- Ebony Mask
- Ultrasonic
- Skinbox Set Application

### SkinBox Refresh Facial 1 session

- Cleansing
- Diamond Peel with H<sub>2</sub>O
- Electro Scrub
- H<sub>2</sub>Oceutical Therapy
- Collagen Mask
- Face LED light
- Ultrasonic
- Skinbox Set Application

### SkinBox Aqua Facial 1 session

- Cleansing
- Diamond Peel with H<sub>2</sub>O
- Electro Scrub
- AquaMedic Therapy
- Collagen Mask
- Face LED light
- Ultrasonic
- Skinbox Set Application

### SkinBox Signature Facial 1 session

- Cleansing
- Facial Steam
- Diamond Peel
- Electro Scrub
- High Frequency
- Cove LED Light
- Skinbox Signature Mask
- Ultrasonic
- Skinbox Set Application

### SkinBox Oxygeno 3-in-1 Facial 1 session

- Cleansing
- Facial Steam
- Diamond Peel
- Electro Scrub
- Capsugen / Lifting Therapy
- Tripolar Eye Bag Treatment
- CASMARA Vegetable Mask
- Face LED Light
- Ultrasonic
- Skinbox Set Application

### SkinBox Cleopatra Facial 1 session

- Cleansing
- Facial Steam
- Diamond Peel
- Electro Scrub
- High Frequency
- 24k Gold Lift Massage
- Cove LED Light
- CASMARA Gold Mask
- Cleopatra Serum
- Ultrasonic
- Skinbox Set Application

## Body / Slimming Treatments

### AgeBox Lifting Treatment (Non-Surgical) 2 Sessions (3 months interval)

- Cleansing
- Facial steam
- Diamond Peel
- Electro Scrub
- Laser Treatment
- CASMARA ReBtense Mask
- Ultrasonic
- Skinbox Set Application

### FREE SkinBox Signature Facial 1 session

- Cleansing
- Facial Steam
- Diamond Peel
- Electro Scrub
- High Frequency
- Cove LED Light
- Skinbox Signature Mask
- Ultrasonic
- Skinbox Set Application

### SkinBox RF Treatment

- Face
- Arms
- Legs
- Tummy

\*Get one (1) FREE session for every five (5) sessions booked.

### SkinBox Glutathione Services

- Gluta Push
- Gluta Drip
- SkinBox Signature Cocktail Drip

## UP VANGUARD - LOS BAÑOS CHAPTER MISSION AND VISION

### Mission

The UPVI - Los Baños Chapter, inspired by the University's values of Honor and Excellence, commits itself:

1. Safeguard the welfare and interests of its members,
2. Pursue the common goal of a proactive and progressive service to the university and the community, and
3. To empower and produce student leaders who are service-oriented, problem solvers, and innovators to enable them to be leading authorities in their fields and pillars of the country.

### Vision

To become the best and leading UPVI Chapter, dedicated to improving the UPLB ROTC Unit, committed to active life-long learning, civic responsibility, financial stability, and global competitive nation-building - remaining faithful to the traditions and shibboleths of DUTY well-performed, HONOR untarnished, COUNTRY above-self across generations and through adversities in uncertain and rapidly changing times.

# SEARCHA JOINS IN THE CELEBRATION OF THE 103<sup>RD</sup> UPLB LOYALTY DAY!

The Southeast Asian Regional Center for Graduate Study and Research in Agriculture (SEARCHA) focuses on Accelerating Transformation Through Agricultural Innovation (ATTAIN) from 2020 to 2025.

Currently headed by Dr. Glenn B. Gregorio, SEARCHA aims to provide more context-relevant and valuable services (**BETTER**), to more stakeholders (**BIGGER**), in more effective and efficient ways (**SMARTER**), to ensure the achievement of the United Nations Sustainable Development Goals through transformations in economic and social structures and the adoption of more sustainable consumption and production behaviors.

## STRATEGIC VISION

A leading enabler and champion of excellence in agricultural and rural development in Southeast Asia

## MISSION

To elevate the quality of life of agricultural families through sustainable livelihoods and access to modern networks and innovative markets

## CORE PROGRAMS

### **Education and Collective Learning (ECL)**

Leads in the development of new breed of agriculture leaders and professionals embodying mindset transitions through its two services: a) Graduate Scholarship and Institutional Development, and b) Training for Development.

### **Research and Thought Leadership (RTL)**

Leads in a) Research for Development, b) Policy and Program Advisory, and c) Agriculture, Forestry, and Natural Resources (AFNR) Knowledge Platforms, focused on evidence-based agricultural and rural development interventions toward policies and regulatory frameworks that support ARD at the local, national, regional, and international levels.

### **Emerging Innovation for Growth (EIG)**

Leads in providing farmers and farming families wider access to innovative products and services as well as business models for increased productivity and income through: a) Open Innovation and Agri-Incubation, b) Knowledge and Technology Transfer, and c) Project Development, Monitoring and Evaluation.

# UPLB - CEM ALUMNI FOUNDATION, INC.

( U P L B C E M A F I )

## OBJECTIVES

A non-stock, non-profit association under the laws of the Republic of the Philippines. The UPLB-CEMAFI was organized for the following purposes:

- To promote research, training, and development designed to improve and achieve the highest standards of education in the field of economics and management;
- To generate resources that will enable CEM and UPLB to pursue the highest standard of learning;
- To lead in the united action among alumni in promoting and advancing the interest of the College in particular and the society in general.

## WHAT WE DO

We do research and training on a wide range of issues related to agriculture and rural development relevant to the achievement of national progress.

## WHO WE ARE

The University of the Philippines Los Baños - College of Economics and Management Alumni Foundation, Inc.

(UPLB-CEMAFI) was born out of informal gatherings among a group of CEM Alumni imbued with the common goal of helping the College, and, the UPLB in the pursuit of its Mission as the country's National University. Officially registered with the Securities and Exchange Commission (SEC) in 2010, the UPLB-CEMAFI now serves as the link between the CEM, UPLB and its Alumni in developing partnerships that lead to the greater good of society.

# WHEN VEGETABLES RISE, PEOPLE THRIVE

Access to quality, affordable vegetables creates healthier families - leading to stronger communities for the long term.

East-West Seed breeds quality, locally-adapted vegetable seeds and teaches farmers better agricultural techniques to help them improve their yield and income.

We support vegetable farmers today so that everyone will reap the benefits tomorrow.

## PROGRAM OFFERINGS

### GRADUATE PROGRAMS

- Doctor of Education
  - Major in: Educational Management
  - Areas of Concentration:
    - Elementary Education
    - Secondary Education
    - Higher Education
- Doctor of Philosophy in Education
  - Major in: Educational Leadership Management
- Master of Arts in Education major in Educational Management
- Master of Arts in Education major in
  - English
  - Science
  - Mathematics
  - Filipino
  - Social Science
  - Technology and Home Economics
  - Physical Education
  - Grade Level Math
  - Guidance & Counseling
  - Science & Technology
- Master of Arts in Teaching major in English for Vietnamese Students
- Master in Public Administration
- Master of Science in Information Technology

### POST GRADUATE PROGRAMS

- The Law Curriculum leading to the Degree of Juris Doctor
- Certificate in Teaching Proficiency

### COLLEGE OF AGRICULTURE

- Doctor of Philosophy in Agriculture major in:
  - Crop Science
  - Animal Science
- Master of Science in Agriculture major in:
  - Crop Science
  - Animal Science
- Master of Science in Agricultural Education
- Bachelor of Science in Agriculture
- Bachelor of Science in Agricultural Education
- Bachelor of Science in Agribusiness

### COLLEGE OF ARTS AND SCIENCES

- Bachelor of Arts in Broadcasting
- Bachelor of Science in Biology
- Bachelor of Science in Chemistry
- Bachelor of Science in Mathematics
- Bachelor of Science in Psychology

### COLLEGE OF BUSINESS MANAGEMENT AND ACCOUNTANCY

- Bachelor of Science in Entrepreneurship
- Bachelor of Science in Business Administration
- Bachelor of Science in Accountancy
- Bachelor of Science in Office Administration

### COLLEGE OF COMPUTER STUDIES

- Bachelor of Science in Computer Science
- Bachelor of Science in Information Technology
- Bachelor of Science in Information System

### COLLEGE CRIMINAL JUSTICE EDUCATION

- Bachelor of Science in Criminology

### COLLEGE OF ENGINEERING

- Bachelor of Science in Agricultural Engineering
- Bachelor of Science in Agricultural Biosystems Engineering
- Bachelor of Science in Mechanical Engineering
- Bachelor of Science in Computer Engineering
- Bachelor of Science in Civil Engineering
- Bachelor of Science in Electrical Engineering
- Bachelor of Science in Electronics Engineering
- Bachelor of Science in Mechanical Engineering

### COLLEGE OF FISHERIES

- Bachelor of Science in Fisheries
- Bachelor of Science in Agri-Fisheries Business Management

### COLLEGE OF FOOD, NUTRITION AND DIETETICS

- Bachelor of Science Food Technology
- Bachelor of Nutrition and Dietetics

### COLLEGE OF HOSPITALITY MANAGEMENT AND TOURISM

- Bachelor of Science in Tourism
- Bachelor of Science in Hotel and Restaurant Management
- Bachelor of Science in Hospitality Management

### COLLEGE OF INDUSTRIAL TECHNOLOGY

- Bachelor of Science in Industrial Technology
- Major in:
  - Automotive Technology
  - Architectural Drafting
  - Electrical Technology
  - Electronics Technology
  - Food & Beverage Preparation Service Mngt.
  - Heating & Ventilation Air-Conditioning

### COLLEGE OF NURSING AND ALLIED HEALTH

- Bachelor of Science in Nursing

### COLLEGE OF TEACHER EDUCATION

- Bachelor of Technical-Vocational Teacher Education
- Bachelor of Technology and Livelihood Education
- Bachelor of Elementary Education
- Bachelor of Secondary Education
- Bachelor of Physical Education

# WE ARE **FILIPINO** BY DESIGN

Our roots have attuned us to promote agricultural sustainability through sheer Philippine ingenuity.

**LEADS AGRI**  
Masaganang Ani, Masaganang Buhay

## **WE ARE DRIVEN TO PROGRESS**

Our founders focused on their dream to support the Filipino farmer set up his entrepreneurial goals for a sustainable livelihood. Our vision of a developed society is rooted in an agricultural system that thrives amidst calamities and global pandemics.

## **NEW OPPORTUNITIES EXCITE US**

Every day, we discover new opportunities that expand our capacity for growth. We strive to overcome our unrealized potential in industries connected to us.

## **WE STAND BEYOND THE NORM**

We accept innovation as a key element of survival in a competitive, bustling and ever-changing industry. As such, we strive to learn more about the needs of our stakeholders and improve our products and services.

## **WE TAKE CIVIC DUTY SERIOUSLY**

We launched Leads Diagnostics to start our medical missions and outreach programs that will be accessible to even the smallest farming community anywhere in the country.

Now, we are equipping millions of Filipino farmers with the right tools and technology nationwide. With an experience portfolio that covers multiple industries, we continue to expand a dream started by Filipinos for the Filipinos.

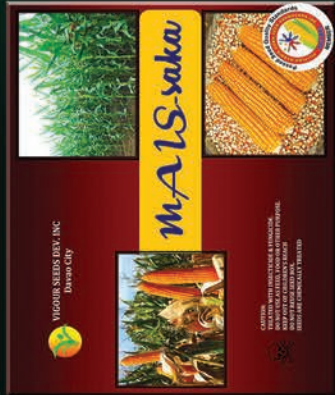

## **“The Career Scientists Care”**

**Kudos to Jubilarian ‘71 on your project on the improvement of the UPLB University Health Service towards addressing the current pandemic..**

The Golden Jubilarians (Class 1971)  
present this

## Certificate of Appreciation

to

**FLORO R. FRANCISCO**  
*President, CHEAA*

For his persistent and inspiring optimism to rally the Golden Jubilarians (Class 1971) to actively participate in the 103rd celebration of UP Los Baños' Loyalty Day;  
For his valuable insights that helped the Golden Jubilarians organize for the Class' 50th year;  
For devoting time as well as resources, including hosting Zoom meetings, that helped facilitate the work of the Golden Jubilarians;  
For his commitment to get the alumni actively involved in the affairs of UP Los Baños after leaving the University;  
For these and many more, the Golden Jubilarian Class is honored and proud to consider Floro R. Francisco as one of its own.

Given this 10th day of October 2021 during the 103rd Loyalty Day celebration of UP Los Baños

  
**ROSALINA M. LAPITAN**  
Chair, Golden Jubilarian Class'71

The Golden Jubilarians (Class 1971)  
present this

## Certificate of Appreciation

to

**BUENAFLOR M. MANINGAS**  
*President, CASAA &  
Secretary, UPLBAA*

For sharing her knowledge and insights into the planning and organization of the Souvenir Program for the 103rd Loyalty Day celebration of UP Los Baños;

For her confident and reassuring presence, manner and attitude in helping the Golden Jubilarians with the Souvenir Program, patiently working out difficult and intricate details in producing the material;

For being a very effective link between the alumni, especially the Golden Jubilarians (Class 1971), and UP Los Baños and always displaying professionalism and empathy in her official relations with them;

For these and many more, the Golden Jubilarians is deeply grateful to Buenaflor M. Maningas and look forward to working again with her.

Given this 10th day of October 2021 during the 103rd Loyalty Day celebration of UP Los Baños

  
**ROSALINA M. LAPITAN**  
Chair, Golden Jubilarian Class '71

The Golden Jubilarians (Class 1971)  
present this

## Certificate of Appreciation

to

**MARIA DALISAY G. MALIGALIG**  
*Alumni Relations Officer*  
*College of Arts & Sciences*

For sharing her knowledge and insights into the planning and organization of the major programs and events for a meaningful celebration of UPLB's 2021 Loyalty Day;  
For patiently accommodating the Golden Jubilarians' varying and sometimes changing views and suggestions on the planning and execution of Loyalty Day events, including program content;  
For being a very effective link between the alumni, especially the Golden Jubilarians (Class 1971), and UP Los Baños and always displaying professionalism and empathy in her official relations with them;  
For these and many more, the Golden Jubilarians is deeply grateful to Dr. Maria Dalisay G. Maligalig and look forward to working again with her.

Given this 10th day of October 2021 during the 103rd Loyalty Day celebration of UP Los Baños

  
**ROSALINA M. LAPITAN**  
Chair, Golden Jubilarian Class'71

The Golden Jubilarians (Class 1971)  
present this

## Certificate of Appreciation

to

**MAJA FILIPINA R. ESPINAS**  
*Executive Assistant, UPLBAA*

For being a very effective link between the UP Los Baños Alumni Association and the Golden Jubilarians Class, always ready to provide data and information to facilitate the work of the Golden Jubilarians;

For her pleasant and positive demeanor in carrying out tasks, never complaining but instead offering alternatives to deal with potential problems;

For devoting time and effort beyond expectations and beyond what is official in her desire to carry out her work effectively and efficiently;

For this and many more, the Golden Jubilarians commend Maja Filipina R. Espinas for the help and assistance she unselfishly extended to them.

Given this 10th day of October 2021 during the 103rd Loyalty Day celebration of UP Los Baños

  
**ROSALINA M. LAPITAN**  
Chair, Golden Jubilarian Class'71

The Golden Jubilarians (Class 1971)  
present this

## **Certificate of Appreciation**

to

**NAOMI D. MENDOZA**  
*Professor*  
*Department of Human Kinetics- PE*  
*College of Arts and Sciences*

For inspiring the Goldies and drawing them out to dance to the beat  
instilling pride and confidence among them that they can still do it;  
For the time she has set aside to design dance movements, even going out  
of her way to record the dance steps to facilitate learning by the Goldies;  
For her patience and encouraging demeanor which have led the Goldies to  
finally come out with a production number;  
For doing her share in helping the Golden Jubilarians have a fun and  
meaningful celebration of their 50 th year;  
For these and many more, the Golden Jubilarians are deeply grateful to  
Naomi D. Mendoza for once again helping demonstrate that the UP Los  
Baños spirit lives on.

Given this 10th day of October 2021 during the 103rd Loyalty Day  
celebration of UP Los Baños

  
**ROSALINA M. LAPITAN**  
Chair, Golden Jubilarian Class'71

# SERVING THE NATION

## towards recovery and growth

We are at the forefront of revitalizing the local economy, supporting marginalized and key sectors to accelerate our country's collective recovery.

Amid challenges, we remain steadfast in providing accessible, responsive, and uninterrupted service. We leverage on technological solutions to address the evolving needs of our highly diverse customers in the new normal.

We forge partnerships with other players to accomplish greater things and expand economic opportunities through collaboration and by working together.

As a catalyst of growth, we continue to cultivate resiliency among individuals and families, businesses we assist to thrive, and communities we help transform.

At LANDBANK, serving the Filipino people and helping the nation grow take centerstage of everything we do.

# UP NAMING MAHAL

U.P. naming mahal, pamantasang hirang  
Ang tinig namin, sana'y inyong dinggin  
Malayong lupain, amin mang marating  
Di rin magbabago ang damdamin  
Di rin magbabago ang damdamin.

Luntian at pula, Sagisag magpakailanman  
Ating pagdiwang, bulwagan ng dangal  
Humayo't itanghal, giting at tapang  
Mabuhay ang pag-asa ng bayan  
Mabuhay ang pag-asa ng bayan.
